INDIANA UNIVERSITY NORTHWEST
College of Arts and Sciences
Department of Computer Information Systems
Department Chair: Associate/Full Professor

The Department of Computer Information Systems at Indiana University Northwest is seeking a department chair. The position is a full-time tenure track for an Associate or Full Professor in Computer Information Systems, Informatics or Computer Science. The qualified candidate must have a Doctorate Degree in Informatics, Computer Science or related field with minimum of three years of administrative experience.

Individual must have rank of Associate or Full Professor at current institution with a proven track record of research and teaching to be granted tenure upon hire at IUN. The desired individual should have experience teaching undergraduate and graduate courses in Informatics or Computer Science theory, systems, and/or application development.

Responsibilities of the department head include, but are not limited to, supervising tenure and non-tenure track faculty, support staff, and student workers. The department head should have experience in developing and planning curriculum needs and scheduling of classes. The department needs an individual who can help continue and guide its growth and direction keeping current with our constantly changing technology.

To apply, please email a letter of application indicating areas of research interest and expertise, curriculum vitae, unofficial transcripts and three letters of recommendation, Dr. Bill Dorin at wdorin@iun.edu. The preferred file format is “pdf”, but Microsoft Word documents are also acceptable. Complete applications received by December 2, 2011 will receive full consideration, but review of applications will continue until the position is filled.

One of the eight comprehensive universities in the Indiana University system, IU Northwest is located in metropolitan Northwest Indiana, approximately 30 miles southeast of Chicago and 5 miles from the Indiana Dunes National Lakeshore. The campus has a diverse student population of over 6,000 students and offers Baccalaureate and Master degrees in a variety of undergraduate and graduate programs in arts and sciences, business and economics, education, nursing and health professions, public and environmental affairs, and social work.
