7. When sheltering in place, emergency actions will be coordinated from the IUPD/control center.

8. In the event of a tornado, occupants will shelter on the first floor in an area without windows (such as a restroom, stairwell, hallway, office or classroom). See EMERGENCY EVACUATION maps on the first floor.

9. The procedure for accounting for building occupants during an evacuation is for supervisors to take a roll call of employees at the primary evacuation meeting area. Any employees missing or suspected of being trapped inside the building must be reported to Emergency Control Committee Members (clearly identified in yellow/lime green reflective vests).

10. During an emergency evacuation of the building, occupants should go to:
    a. The primary evacuation meeting area, which is in the courtyard—west of building—near Raintree.
    b. During inclement weather, the meeting area is the Library Conference Center lobby (Please do not proceed to this location until roll call has been completed and you have been accounted for.).
11. The procedure for **reporting missing, trapped or injured individuals** to emergency personnel is to share this information with Emergency Control Committee Members (clearly identified in yellow/lime green reflective vests). They will then relay this information to Emergency Responders.

12. For those **needing assistance**, the building has the following areas which would be **searched first** during an emergency:
   - 1st floor, southwest entrance/exit
   - 2nd floor, vending area, southwest corner
   - 3rd floor, outside room 301, southwest corner
   - 4th floor, outside room 401, southwest corner
