| 1. REAL CULTURE | 2. HRAF | 3. MATERIALIST (ETIC) EXPLANATION |
| 4. ACCULTURATION | 5. ENCULTURATION | 6. PEASANT |
| 8. ADVOCACY | 9. URGENT (SALVAGE) ANTHROPOLOGY | 7. DIASPORA |
| | | 10. FUNCTIONALISM |

_____ is a huge data base of information from hundreds of ethnographies

_____ an example would be saying that pork is prohibited by religions in the Middle East because it is a luxury food as pigs eat the same food that people eat

_____ an example would be that the farmers in Peru did not cooperate like the sociologist thought

_____ Studying people now because they will soon disappear or change, or digging an archaeological site before it is destroyed

_____ a poor farmer who is tied to the land economically, and whose surplus crops go to feed others

_____ anthropology that tries to promote the rights of the people in question

_____ the process of learning the culture one is born into.

_____ the approach to understanding culture that seeks how aspects of culture and society serve to meet the needs of other aspects of C & S, and meet the needs of individual people

_____ the process in which groups of people spread across the globe far from their own kind back home

_____ the process of massive change in small traditional societies due to contact with the Industrialized World.

Give me an example from the readings of why the Yanomamo are called 'foot' Indians and not 'river' Indians

Why were the local Yanomamo unwilling to accompany Chagnon to visit the Shamatari?
