ELECTRONIC BILLING AND PAYMENT

Paper bills are not generated for bursar account activity. The QuikPAY™ (QP) electronic billing and payment system will be the official means of generating bursar bills for all students.

All students will receive an email when the monthly bill is available on the web in our QP application. In addition, any authorized payer created by the student has the option of receiving these bill notifications.

QP is available 24 hours per day and is a web-based payment method for students and autho-
rized payers to pay their bursar account bills using a credit card or an electronic check from a checking or savings account. Confirmed payments are immediately posted to the student’s account.

Students: Logon to http://onestart.iu.edu. Choose “IU login” and sign in using your username and password. Select the Self Service link on the left side of the page. Locate the Services and Information area, under Financial click View/Pay Bursar Bill. Set up access for your parents or others to pay your bills by clicking Authorized Payers

Parents or Spouse: Once your student provides you account access, sign in to QP and begin managing your own profile for banking information in a secure and confidential environment. Go to Onestart, http://onestart.iu.edu, choose the Public Services tab on the login screen. Then click the “3rd Party Access” link on the left side of the page.

NOTE: Electronic billing does not mean you are required to pay online. You will be able to see your statement history through QP and print copies as needed. You may elect to pay via QP, but you may also print a statement and mail it with your check to our payment processing address.

Failure to receive a bill is not a valid reason for nonpayment of your account balance.

E-MAIL
The Office of the Bursar sends official communications to student's Indiana University email accounts. Students are expected to check their Indiana University email on a frequent and consistent basis in order to stay current with bursar related communications.

BURSAR GENERAL INFORMATION
Any inquiries concerning your IU Northwest fee assessment should be directed to: Office of the Bursar, Hawthorn Hall, Room 102, 3400 Broadway, Gary, IN 46408, (219) 980-6622. Students may access their Bursar account information by visiting the One Start Web Site at www.onestart.iu.edu or by visiting the Office of the Bursar. Account information cannot be released over the phone.

For additional Office of the Bursar information, visit our website www.iun.edu/~bursarnw.

MULTI-CAMPUS ENROLLMENT
1. Fee payment information varies from campus to campus. Students who enroll on more than one campus of Indiana University must verify that satisfactory financial arrangements have been made by the due date of each campus. Contact the Office of the Bursar at each campus for specific fee payment information.

2. Bills will be prepared by both campuses for each semester or session.

DIRECT DEPOSIT OF YOUR CREDIT BALANCE
With direct deposit, a student's credit balance, due to dropped classes, excess financial aid or any other refundable credit, will be deposited directly into the student's checking or savings account. Using direct deposit will bypass the time it takes to prepare, print and mail a paper refund check. This means quicker delivery of your funds. To complete a direct deposit agreement, change or cancel an existing direct deposit agreement, go to www.onestart.iu.edu.

PAYMENT OPTIONS AND INFORMATION
Prior term charges must be paid with guaranteed funds (cash, cashier’s check, money order or credit card).

METHODS OF PAYMENT
Cash
1. All cash payments must be transacted in person.
2. Do not send cash in the mail.
3. Do not place cash in the Bursar payment slot.

Check or Money Order
Pay your Bursar bill ON-LINE from your checking or savings account. A WebACH (Automated Clearing House) service is available to both the student and any payer authorized by the student. To use this payment option go to the www.onestart.iu.edu website.

1. Checks or money orders must be payable to Indiana University.
2. Postdated checks are not accepted.
3. If paying prior term charges, payment must be made with guaranteed funds (cash, cashier’s check, or money order) only. If a personal or company check is sent, the check may be returned.
4. A stop payment order issued through your bank before a refund is processed.
5. Refunds resulting from a check payment will be held 30 days from the date payment is received before a refund is processed.

Credit Card payments
You are encouraged to use the on-line credit card payment system to pay your fees. To access the system, login to OneStart at www.onestart.iu.edu. Click on the Self Service tab, find the Bursar channel and click on Make a Payment.

NONNEGOTIABLE CHECKS AND CREDIT CARD TRANSACTIONS
The return by any financial institution of a dishonored payment (check, credit card or Web ACH) issued to Indiana University will result in the assessment of a per payment service charge against the issuer’s account (or against the account of the student on whose behalf the payment was presented). The returned payment service charge, as authorized by law, is $27.50 or 5% of the payment, whichever is greater, not to exceed $250. Two or more dishonored payments will result in the requirement that all future University payments be made with guaranteed funds (cash, cashier’s check, or money order).

Checks, credit card or Web ACH payments used to relieve an encumbrance which are subsequently returned by the financial institution will automatically result in the requirement that all future University payments be made with guaranteed funds. In addition, the University reserves the right to cancel the student’s enrollment in this situation.

MAIL-IN PAYMENTS
Mail payments and bottom portion of your bill to:
IUNW Office of the Bursar
Payment Processing Center
P.O. Box 7238
Indianapolis, IN 46206-7238

Do not mail cash. Our bank processes mail payments. DO NOT write notes on the payment stub or enclose correspondence with your remittance.

1. Payments must be received by the close of business on the due date.
2. Enclose your payment stub with your remittance.
3. Send address change information to the Office of the Registrar, Hawthorn 109, 3400 Broadway, Gary, IN 46408.
4. All other correspondence should be directed to the Office of the Bursar, Hawthorn 102, 3400 Broadway, Gary, IN 46408.

PERSONAL DEFERMENT
There are two payment plans available for Fall and Spring; Two and Three Payment. Payment plans are not offered for the summer term. You are ineligible to participate in any Personal Deferment Plan if your balance is less than $200, your account is delinquent, you have not honored the terms of a previous contract, or you have an unfavorable university financial record, including but not limited to a history of returned items or any prior obligation remaining unpaid.

There is a non-refundable personal deferment fee of $17.50 per installment to participate in either plan.

1. If the “Personal Deferment Option Denied” message appears on your account, you are denied the Two and Three Payment Plan.
2. The number of payments and minimum amount due is determined by the date of your initial registration for the term.
3. The minimum amount must be paid by the due
date. When this payment is received, you will automatically be enrolled in the Two Payment Plan.

4. The minimum amount due, but less than the total amount due is paid, IU Northwest reserves the right to invoke the Two Payment Plan. The service charge will be applied to the account.

5. Refunds due to dropped courses will be applied to the outstanding balance with any excess refunded to the student. A refund to your account does not nullify your obligation to pay any balance due by the stated due date.

6. Failure to make payment in full by the due date will result in the denial of the Personal Deferment Option in the future and the assessment of a late payment fee.

For additional information, visit the bursar web site at http://www.iun.edu/~bursarnw/.

SPONSORED STUDENTS

1. Sponsored students must present a billing authorization to the Office of the Bursar before the due date. The authorization must reference the student’s name, ID number, and state the amount and type of fees the sponsor intends to pay. The authorization must be on official letterhead or billing form of the sponsor.

2. Students must pay any fees not covered by the authorization by the due date.

3. Fee payments not paid by the sponsor within 30 days of the billing date become the student’s responsibility.

4. Authorizations must be received before the last day of class for the term indicated on the authorization.

FINANCIAL AID RECIPIENT INFORMATION

Contact the Office of Scholarships and Financial Aid before adjusting your schedule.

1. To avoid the assessment of late fees, students must monitor their account to ensure aid is applied.

2. If you do not receive your expected financial aid, you are still responsible for the outstanding fees due.

3. If you decide you do not wish to attend school, you must pursue a total withdrawal through the Office of the Registrar.

FINANCIAL AID DISBURSEMENT

The first designated date of financial aid disbursement for summer is May 2 and August 15 for fall. Refunds will be processed by the Office of the Bursar beginning on May 5 for summer and August 18 for fall. Allow 3-4 business days after the Office of the Bursar processes your refund for the direct deposit of funds in to your account at your financial institution.

1. Students may access information about their bursar account/financial aid status by visiting the OneStart web site at www.onestart.iu.edu or by visiting the Office of the Bursar. Account information cannot be released over the phone.

2. Delivery of student loans to educational institutions may begin no sooner than 13 calendar days prior to the first day of class.

3. When financial aid awards are greater than the amount of fees due, refund checks may be generated or the excess amount may be deposited directly into the student’s CHECKING OR SAVINGS account.

4. Student financial aid can be disbursed by the IU Northwest Office of the Bursar to students no sooner than 10 calendar days prior to the first day of class.

5. Refund checks are not written on campus. If direct deposit arrangements have not been set up through www.onestart.iu.edu prior to refunding excess aid, a refund check will be mailed to the student. To receive direct deposit information and complete an agreement or change an existing direct deposit agreement go to the www.onestart.iu.edu website.

6. Financial Aid recipients who reduce their enrollment may be required to wait an additional length of time before a refund is processed.

PAST DUE ACCOUNTS

Indiana University policy requires timely payment for all charges owed to Indiana University, including but not limited to, tuition and fees, library and parking fees, and late fees. Should any portion of your account remain unpaid, a late fee will continue to be assessed and you will be denied University services. Timely payment of your account with approved financial aid, personal check (unless restricted), credit card or cash will ensure that you avoid the late payment fee assessment and keep your account in good standing. Prior term charges must be paid with guaranteed funds (cash, cashier’s check, money order or credit card). Indiana University refers past due accounts for collections. Where appropriate, the University will authorize third party and/or legal action to effect resolution of an account. These accounts will be reported to the various national credit rating bureaus. Students will be liable for all reasonable collection costs, including attorney fees and other charges necessary for the collection of a past due account.

REFUND SCHEDULE

Refund credits are determined by the date the drop activity is processed by the IU Northwest Office of the Registrar. Refunds of instructional and course fees are based on the following schedule:

Courses Scheduled 9-16 Weeks in Length
For withdrawal during: Refund
1st week of class 100%
2nd week of class 75%
3rd week of class 50%
4th week of class 25%
5th week of class & thereafter 0%

Courses Scheduled 5-8 Weeks in Length
For withdrawal during: Refund
1st week of class 100%
2nd week of class 50%
3rd week of class & thereafter 0%

Courses Scheduled 2-4 Weeks in Length
For withdrawal during: Refund
1st day of class 100%
2nd day of class 50%
3rd day of class & thereafter 0%

Courses Scheduled 1 Week or Less
For withdrawal during: Refund
1st day of class 100%
2nd day of class 50%
3rd day of class & thereafter 0%

If you withdraw from class during the 100% refund period, fees will be refunded up to the amount paid. After the 100% refund period, some fees such as activity, late payment, parking, personal deferment service charge and technology fees are non-refundable. During this time, your refund will be determined by the amount paid.

For example: If your assessed fees, before any schedule adjustment, totaled $2230.60 and you paid $900.00, deferred the remaining balance of $1330.60 and you withdrew during the 75% refund period, your cash refund would total $158.00. The $900.00 received; would pay the non-refundable fees ($58.20 activity, $27.60 parking, $35 personal deferment service charge and $160 technology fee) totaling $245.80 and the forfeited resident undergraduate fees of $496.00, leaving a refundable balance of $158.00

- you withdraw during the 50% refund period, you owe $338.20
- you withdraw during the 25% refund period, you owe $834.40
SCHEDULE ADJUSTMENT

1. Students dropping courses prior to the end of the first week of classes will receive a 100% credit for all fees.
2. A $20 Late Schedule Change Fee will be assessed beginning in the second week of classes for each added course.
3. Students performing an exchange of courses in the second week of classes will forfeit 25% of their tuition for the dropped course. A 75% credit will be applied toward the tuition for any added course. This does not apply when performing an even exchange of the same course number by dropping one class number (section) and adding another class number (section) within the same course number.

Example of dropping one course and adding another course: During registration you register for Elementary Composition ENG-W131, class number 19450 for 3 credit hours. During the 75% refund period, you decide to withdraw from ENG-W 131, class number 19450 and add Social Problems, SOC-S 163, class number 19894 for 3 credit hours. Your bursar account will be assessed $20 for the added class number 19894. In addition, 25% of the dropped 19450 class will be forfeited and 75% credit for the dropped 19450 class will be applied to the tuition for the added 19894 class. The approximate amount due for the drop of ENG-W 131 course and the add of SOC-S 163 will be the $20 late program change fee, plus the 25% remaining balance due on the tuition of the added SOC-S 163 class (75% was credited from the dropped ENG-W 131 class.)

Example of dropping and adding within the same course number: During registration you registered for Elementary Composition, ENG-W 131, class number 19450 for 3 credit hours. During the 75% refund period, you decide to change sections of the class but remain in ENG-W 131. You drop class number 19450 and add class number 19465. Your bursar account will be charged $20 for the add of the 19465 class number.

4. Students performing any exchange of courses in the third week of classes will forfeit 50% of their tuition for the dropped course. A 50% credit will be applied toward the tuition for the added course. This does not apply when performing an even exchange of the same course number by dropping one class number (section) and adding another class number (section) within the same course number.

5. Students performing any exchange of courses in the fourth week of classes will forfeit 75% of their tuition for the dropped course. A 25% credit will be applied toward the tuition for the added course. This does not apply when performing an even exchange of the same course number by dropping one class number (section) and adding another class number (section) within the same course number.

6. Students performing any exchange of courses after the fourth week will forfeit 100% of their tuition for the dropped course.

APPEAL PROCEDURES

Changes in your account status with the Office of the Bursar may be appealed if there are significant or unusual circumstances. An appeal form may be obtained from the Office of the Bursar and must be returned to that office. A decision will be rendered in approximately 30 days and a current status notification will be sent after a decision has been made. All appeals should be submitted at least 30 days before a registration period.

FEE POLICY APPEALS

Students have the right to submit an appeal of the refund policy if there are significant or unusual circumstances that cause them to drop a course or withdraw from all courses after the refund period.

In order to be considered for a refund or waiver of fees, a student must:
1. Submit the appeal no more than one year following the close of the appealed semester.
2. Have officially withdrawn from classes, to appeal.
3. Complete the “Fee Policy Appeal Form” in its entirety.

   c) other documentation necessary, i.e. employer, police report, etc.
5. Withdrawal from a course due to failure to meet the stated course prerequisites does not qualify for a fee refund.
6. Non-refundable fees include application, student activity, late registration, late program change, and personal deferment service charge and any other fees noted as non-refundable in the schedule of classes. Parking charges can only be refunded if tag is returned to Parking Service during the first week of class.
7. Checks will be issued and mailed to the address on the student’s Account Statement or funds will be deposited directly to the student’s checking or savings account to refund any credit balance.

Please note that financial aid recipients may be placed into repayment status if an appeal is granted. These candidates should consult the Office of Scholarships and Financial Aid for counseling before withdrawing and appealing.

CHECK WRITING PRIVILEGE APPEALS

The privilege of writing a check is denied after a nonnegotiable check has been returned by the bank. One year after the privilege is revoked, an appeal may be filed.

PERSONAL DEFERMENT OPTION APPEALS

This privilege is denied when a late payment has been received on the personal deferment balance or when an account has shown a history of bad credit. One year after the privilege has been revoked, an appeal may be filed.

SPECIAL CREDIT FEES

If the credit is awarded as a result of credentials or experience, the fee will be assessed at the rate of $19.50 per credit hour not to exceed $97.50 per course. A maximum of 5 credit hours can be awarded per course.

If the credit is awarded as the result of an examination and:
   a. during the 1st or 2nd consecutive semester of matriculation, there is no charge;
   b. the student is a first semester transfer student, there is a $19.50/cr.hr. charge

FINANCIAL AID GENERAL INFORMATION

Financial aid at IU Northwest is based upon financial need and/or scholastic achievement. The Financial Aid Office administers federal, state, University and private funds. Funds are available in the form of scholarships, grants, fee remission, loans, and part-time employment. The Office of the Bursar disburses all financial aid.

Students may contact the Financial Aid Office at (219) 980-6778. Students may stop by Hawthorn Hall, room 111. Students may access their financial aid record via http://www.onestart.iu.edu

UNIVERSITY ID AND SOCIAL SECURITY NUMBER

The University ID (UID) has replaced the Student Identification Number (often the Social Security Number) as a way to maintain the privacy of a student's record. The UID is a random primary identifier used by the current Student Information System (SIS).

While the Social Security Number (SSN) is no longer used as the primary student record key, it remains an important identifier for a student. As permitted by Indiana Code 4-1-10, the last four digits of the SSN may be used to uniquely identify admission applications, registrations, course enrollment documents, transcripts, certification requests, and permanent academic records. The full nine-digit SSN is also necessary to determine financial aid eligibility and is a required identifier for federal grants and loans, and all federal financial aid programs. The SSN also is used to report enrollment to the National Student Clearinghouse who, in turn, reports enrollment status to lending agencies.

In accordance with the Privacy Act of 1974 and Indiana Code 4-1-8, applicants for admission and enrolled students are advised that the requested disclosure of the Social Security Number is voluntary. The applicant or student has the right to refuse to disclose this number or request its removal from records without penalty. However, it should be noted that refusal to disclose the SSN would make a student ineligible for participation in federal Financial Aid programs.

VETERAN AFFAIRS

Students using G.I. Bill Education benefits this semester should notify the Office of the Registrar, Hawthorn 109.

The Registration Agreement

When you register, the University reserves specific class spaces for you and commits resources to provide the instruction you have selected. On your part, you assume responsibility for paying the assessed fees or for notifying the University if you decide not to attend. The availability of courses is subject to change. A section may be cancelled due to low enrollment or departmental staffing considerations. The department canceling a class will notify registered students.

Your registration will not automatically be cancelled for nonpayment of fees. You must either pay your fees or notify the Office of the Registrar by the end of the first week of classes if you do not plan to attend IU Northwest for the term. Canceling your registration by the end of the first week of classes releases your class spaces in time to be available to other students and waives all fees assessed. If you decide to cancel your registration, log on to OneStart (www.onestart.iu.edu) Self Service, click on Drop/Add Classes and proceed to drop your classes.

- Classes dropped during the first week of classes (designated as the Late Registration and Drop/Add period) will not appear on your transcript. A grade of ‘W’ will automatically be assigned if you drop from the second week of classes through the end of the Automatic ‘W’ deadline (refer to calendar on page 5 for dates). After the Automatic ‘W’ deadline has passed, if your Dean/Division Chairperson approves, and if the instructor agrees to let you withdraw, you will be given a ‘W’ if your work is of passing quality or an ‘F’ if it is not of passing quality at the time of your withdrawal.

- Withdrawal from any or all classes after the Automatic ‘W’ deadline has passed may only be attempted if you have an urgent and compelling reason to withdraw and requires permission from your school/division. The final decision to let you withdraw is up to each instructor. Poor performance is not an acceptable reason. The last day to withdraw for summer sessions is the last day before the final exam. The last day to withdraw in the fall or spring is the last day of classes.

- Financial aid recipients who reduce their enrollment at any time during the term may be subject to partial or total repayment of any assistance received. Check with the financial aid office for specifics.

- A student who alteration his/her original class schedule, whether by personal incentive or by university directive, must do so officially by the procedures stated above. Students enrolled in classes which are cancelled must withdraw according to regular procedures.

### The Registration Agreement

When you register, the University reserves specific class spaces for you and commits resources to provide the instruction you have selected. On your part, you assume responsibility for paying the assessed fees or for notifying the University if you decide not to attend. The availability of courses is subject to change. A section may be cancelled due to low enrollment or departmental staffing considerations. The department canceling a class will notify registered students.

Your registration will not automatically be cancelled for nonpayment of fees. You must either pay your fees or notify the Office of the Registrar by the end of the first week of classes if you do not plan to attend IUN Northwest for the term. Canceling your registration by the end of the first week of classes releases your class spaces in time to be available to other students and waives all fees assessed. If you decide to cancel your registration, log on to OneStart (www.onesart.iu.edu) Self Service, click on Drop/Add Classes and proceed to drop your classes.

- Classes dropped during the first week of classes (designated as the Late Registration and Drop/Add period) will not appear on your transcript. A grade of ‘W’ will automatically be assigned if you drop from the second week of classes through the end of the Automatic W deadline (refer to calendar on page 5 for dates). After the Automatic W deadline has passed, if your Dean/Division Chairperson approves, and if the instructor agrees to let you withdraw, you will be given a ‘W’ if your work is of passing quality or an ‘F’ if it is not of passing quality at the time of your withdrawal.

- Withdrawal from any or all classes after the Automatic W deadline has passed may only be attempted if you have an urgent and compelling reason to withdraw and requires permission from your school/division. The final decision to let you withdraw is up to each instructor. Poor performance is not an acceptable reason. The last day to withdraw for summer sessions is the last day before the final exam. The last day to withdraw in the fall or spring is the last day of classes.

- Financial aid recipients who reduce their enrollment at any time during the term may be subject to partial or total repayment of any assistance received. Check with the financial aid office for specifics.

- A student who alters his/her original class schedule, whether by personal incentive or by university directive, must do so officially by the procedures stated above. Students enrolled in classes which are cancelled must withdraw according to regular procedures.

When you register, the University reserves specific class spaces for you and commits resources to provide the instruction you have selected. On your part, you assume responsibility for paying the assessed fees or for notifying the University if you decide not to attend. The availability of courses is subject to change. A section may be cancelled due to low enrollment or departmental staffing considerations. The department canceling a class will notify registered students.

Your registration will not automatically be cancelled for nonpayment of fees. You must either pay your fees or notify the Office of the Registrar by the end of the first week of classes if you do not plan to attend IU Northwest for the term. Canceling your registration by the end of the first week of classes releases your class spaces in time to be available to other students and waives all fees assessed. If you decide to cancel your registration, log on to OneStart (www.onestart.iu.edu) Self Service, click on Drop/Add Classes and proceed to drop your classes.

- Classes dropped during the first week of classes (designated as the Late Registration and Drop/Add period) will not appear on your transcript. A grade of ‘W’ will automatically be assigned if you drop from the second week of classes through the end of the Automatic ‘W’ deadline (refer to calendar on page 5 for dates). After the Automatic ‘W’ deadline has passed, if your Dean/Division Chairperson approves, and if the instructor agrees to let you withdraw, you will be given a ‘W’ if your work is of passing quality or an ‘F’ if it is not of passing quality at the time of your withdrawal.

- Withdrawal from any or all classes after the Automatic ‘W’ deadline has passed may only be attempted if you have an urgent and compelling reason to withdraw and requires permission from your school/division. The final decision to let you withdraw is up to each instructor. Poor performance is not an acceptable reason. The last day to withdraw for summer sessions is the last day before the final exam. The last day to withdraw in the fall or spring is the last day of classes.

- Financial aid recipients who reduce their enrollment at any time during the term may be subject to partial or total repayment of any assistance received. Check with the financial aid office for specifics.

- A student who alters his/her original class schedule, whether by personal incentive or by university directive, must do so officially by the procedures stated above. Students enrolled in classes which are cancelled must withdraw according to regular procedures.

ACADEMIC INFORMATION

AUDITING PROCEDURES
Courses may be taken on an official audit basis. No credit will be given for the course(s), but the audited course(s) will be indicated by an NC (no credit) on the student’s transcript. Any work that may be required of auditors must be agreed upon by the instructor and auditor. Auditors must obtain permission from division or department offering course. Changes from audit status to credit status and vice versa are not permitted once the transaction has taken place; e.g., move from a non-credit to a credit status.

FX POLICY
University Faculty Council Action (March 13, 1979)
Any undergraduate who has retaken a course previously failed shall have only the second grade in that course counted in the determination of their grade-point average. The student's transcript will show both grades.
1. The FX Option is honored by most undergraduate schools and divisions on all Indiana University campuses.
2. A student may exercise the FX Option for no more than 3 courses, totaling no more than 10 credits.
3. The FX Option may be used only once for a given course.

GRADUATION RATES
In compliance with the Student Right to Know Act of 1991, graduation rates for Indiana University Northwest are available in the Office of Admissions, Hawthorn Hall, Room 100.

INCOMPLETE GRADE
An Incomplete (I) grade may be given only when the student’s work in the course is substantially completed and is of passing quality. The time allowed for the removal of an Incomplete is one calendar year from the date of its recording, except when the chairman of the student’s division authorizes adjustment of this period in exceptional circumstances. By assigning an Incomplete, the instructor implicitly authorizes and requires the I to be changed to an F at the end of the appropriate time period. The Registrar will automatically change the I to F at the end of the appropriate time period. A student may not register in a course in which he has a grade of Incomplete.

NONDISCRIMINATION POLICY
Indiana University pledges itself to continue its commitment to the achievement of equal opportunity within the University and throughout American society. In this regard, IU will recruit, hire, promote, educate, and provide services to persons based on individual qualifications. Indiana University prohibits discrimination based on arbitrary considerations of such characteristics as age, color, disability, ethnicity, gender, marital status, national origin, race, religion, sexual orientation, or veteran status.
Indiana University shall take affirmative action, positive and extraordinary, to overcome the discriminatory effects of traditional policies and procedures with regard to the disabled, minorities, women, and war veterans.

PASS/FAIL OPTION
A student interested in taking a course under the Pass/Fail Option must obtain a form from the office of the dean of their division, obtain the appropriate signatures, and return the form to the division office by the deadline established by the university. The grade of A through D will be considered as Pass (P) under this option. A grade of F is not changed. A grade of P cannot be subsequently changed to a regular letter grade.

WITHDRAWL AFTER AUTOMATIC WITHDRAWL PERIOD
The withdrawal process must be completed by the last day of classes.
After the Automatic Withdrawal Period, a student may withdraw only with the permission of his or her division chairperson. This approval is given only for urgent reasons relating to extended illness or equivalent distress. To qualify for the grade of W, a student must be passing the course on the date of withdrawal. If the student is failing, the grade recorded on the date of withdrawal will be F.

EMERGENCY PHONES
Crimes and other emergencies should be promptly reported to the IU Northwest Police Department. This can be done by phoning 980-6501 or by reporting directly to any police officer. In addition, 19 emergency telephones are strategically placed inside and outside buildings throughout the campus grounds. The emergency phones have a direct line to the police department.

CAMPUS ESCORT SERVICE
The University Police Department’s escort service is a safe alternative to walking alone after dark.
Escorts are available from dusk to dawn, 365 days a year, from one campus location to another or from any campus location to one of the IU Northwest parking lots.
A campus emergency phone may be used to request an escort, all of whom are members of the University Police Department. You should specify to the dispatcher who answers where you are, where you will be waiting, and your destination. If you are calling from a building, you can wait inside but you should check periodically for a patrol car or officer. It is not necessary to call for an escort in advance because the officers always are on duty and ready to be dispatched. On occasion, there is a delay, but you should not anticipate that. Rather, proceed immediately to the location you specified to the dispatcher.

Indiana University’s
Annual Notification of
Student Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords stu-
dents certain rights with respect to their education records. These
rights include:

1. The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the University may disclose education records without consent to officials of another school in which a student seeks or intends to enroll. Finally, “public information” may be released freely unless the student files the appropriate form requesting that certain public information not be released. This form is available at the Office of the Registrar. Public information is limited to name; address; e-mail address; phone; major field of study; dates of attendance; admission or enrollment status; campus; school, college, or division; class standing; degrees and awards; activities; sports; and athletic information.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Indiana University to comply with the requirements of FERPA.
