

**Plan: Social Work BSW**

**School: Health & Human Services – Social Work**

Description: Grounded in a competency-based education with field as the signature pedagogy, Bachelors in Social Work students prepare for generalist social work practice with individuals, families, groups and communities. Students pursuing this professional degree gain theory and practice knowledge, skills, and values to work with, advocate for, and research to evaluate and intervene at multiple system levels. With the program foundation based on a strong liberal arts curriculum, students gain a foundation for life-long learning to be agents of change.
