Overview

Mission

At the heart of IU Northwest is the College of Arts and Sciences. We provide undergraduate and graduate education in a broad range of arts and sciences disciplines that prepare students for rewarding careers of their choice. We also provide the academic coursework that is the foundation for success in majors across the university. The college is dedicated to helping our students develop the communication, reasoning, and analytic skills necessary to succeed in a rapidly changing world. The skills and content offered in the college are the core of what it means to be educated in the 21st Century. We invite all of our students to delve into the vast offerings of the College with the expectation that expanding your knowledge of the liberal arts and sciences will lead to better lives and more successful and fulfilling careers.

At the core of our programs, many unique to the region, are the analytical, cognitive, and expressive skills needed to assimilate and advance knowledge. An arts and sciences education focuses on an understanding of the human condition—past and present—and the world in which we live. It emphasizes a humanistic and aesthetic appreciation of cultural life as well as valuing of science and its methodology in which intellect, logical processes, ethical perspectives, and problem solving are vital. The strong research and creative activities of our faculty encourage students toward a life of learning and reflection.

Intrinsic to a liberal arts and sciences education is preparing graduates to appreciate, contribute to, and thrive in a diverse, culturally rich, technologically, and scientifically advanced society with a compelling history, a promising future, and a capacity for transformation. Through our teaching, research, creative arts, and professional and community services, we engage in the vitality of Northwest Indiana. An informed, educated population is not only democracy's strongest, best hope, it is also society's wisest investment. That, more than anything else, is the endeavor of the faculty and staff of the College of Arts and Sciences.

At present, the college consists of 11 departments and one school offering baccalaureate degrees in the following areas: Actuarial Science, African American and African Diaspora Studies, Anthropology, Applied Science, Biology, Biochemistry, Chemistry, Communication, Computer Information Systems, Data Science, Economics, English, Fine Arts, French, General Studies, Geology, History, Informatics, Mathematics, Neuroscience, Philosophy, Political Science, Psychology, Sociology, Spanish, Sustainability, and Theatre. Courses are offered in all those fields plus Astronomy, Canadian Studies, Comparative Literature, Computer Science, Geography, German, Journalism, Latin Studies, Linguistics, Music, Physics, Religious Studies, Telecommunications, and Women's and Gender Studies.

The College offers interdepartmental majors that lead to baccalaureate degrees in Graphic Design, Environmental Science, African American and African Diaspora Studies and Communication, African American and African Diaspora Studies and English, and Computer Information Systems and Mathematics as well.

In addition to undergraduate education leading to the bachelor's degree, which prepares students for citizenship as well as for professional training and graduate study, the programs of the College of Arts and Sciences provide students in the College of Health and Human Services, the School of Business and Economics and the School of Education with courses that are a foundation for those professional programs.

Postbaccalaureate certificates are offered in Computer Information Systems, Community Development and Urban Studies, and Race-Ethnic Studies to students who already hold a baccalaureate degree. The college offers a Master of Liberal Studies degree for students who hold a bachelor's degree and wish to pursue a broad interdisciplinary program of study, a Master of Science in Clinical Counseling with a specialization in drug and alcohol counseling for students who are preparing themselves for a career in addictions treatment and a Master of Science in Computer Information Systems for students pursuing careers in information technology. The college offers a series of Graduate Certificates and Masters of Arts for Teachers primarily for high school teachers who want or need additional education in particular fields. These include: Graduate certificates in Biology, Chemistry, English, History, Mathematics, and Political Science. The College offers a Master of Arts for Teachers in Biology, Chemistry, History, Mathematics, and Political Science.

Contact Information

College of Arts and Sciences
IU Northwest
Hawthorn Hall, Room 225
3400 Broadway
Gary, Indiana 46408
(219) 980-6729

Contact the College of Arts and Sciences for additional contact information.

Accreditation

The undergraduate and graduate degree offerings of the College of Arts and Sciences are accredited by the Higher Learning Commission on the Open Pathway.
Policies & Procedures

Students in the College of Arts and Sciences are encouraged to familiarize themselves with "General Academic Regulations and Policies". See IU Northwest Bulletin Policies and Procedures

Distinctions & Opportunities

Scholastic Honor Society

Omicron Sigma Delta is a liberal arts scholastic honorary society based on the same criteria as those used by the prestigious national honorary scholastic society, Phi Beta Kappa. Candidates are selected from the college's juniors and seniors on the basis of high scholarship and good character.

Graduation with Distinction

Recognition for excellence in scholarship is awarded at graduation by identifying such students in three categories of distinction. These are, with their corresponding minimum overall grade point averages:

- Distinction (3.60)
- High distinction (3.75)
- Highest distinction (3.89)

The number of students so recognized will not exceed 10 percent of the graduating class in the college for that year. Students considered for this recognition must have completed at least 60 graded credit hours at Indiana University.

Career Information

Each department and its faculty members can advise students about graduate school and career opportunities. Information and advising regarding preprofessional programs is available in a separate section of the COAS bulletin.

Admission

Entering the College of Arts and Sciences

Incoming freshmen generally are admitted directly to the College of Arts and Sciences. Freshmen are encouraged to visit departments in which they are interested to discuss possible programs with faculty and advisors. Additional information is available in the College of Arts and Sciences offices, Hawthorn Hall, Room 225.

General Requirements

The following requirements pertain to IU Northwest only. Students contemplating transfer to other campuses should consult the appropriate bulletins and the Academic Advising Report (AAR) electronic system.

Baccalaureate Degrees

Faculty members from the student’s major department provide academic counseling for each student in the College of Arts and Sciences prior to each semester's enrollment. Although academic counseling is intended to provide effective guidance and every student is encouraged to seek the counsel of a faculty advisor, all students are responsible for planning their own programs and for meeting the following degree requirements by the time they expect to graduate. Students who have been awarded a baccalaureate degree cannot at a later date change the degree to include additional majors and/or minors. (Note: Degree requirements are not the same at every campus of Indiana University.)

- Minimum of 120 credit hours. At least 105 credit hours must be in courses in the College of Arts and Sciences unless a student pursues a minor or a certificate in another division of the university that grants degrees. If so, the 105 credit hour minimum in Arts and Sciences may be reduced sufficiently to allow the student to fulfill the minimum number of credit hours for the other division's minor or certificate, providing that all other Arts and Sciences requirements are met. Under these circumstances, the credit hour minimum can be no lower than 86 credit hours. If no such non—Arts and Sciences minor or certificate is pursued, the remaining 15 credit hours may be taken in the College of Arts and Sciences or in other divisions in the university.

- Minimum cumulative grade point average of 2.0.

- Minimum of 3 COAS Intensive Writing courses totalling at least 9 credits for the B.A. and the B.F.A. degrees. For all other degrees a minimum of 2 COAS Intensive Writing courses totaling at least 6 cr. are required. (A complete list of courses that fulfill these requirements is located in and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm.)

- Minimum of 36 credit hours in courses at the 300-400 (junior-senior) level.

- Minimum of 25 credit hours with grades of C- or higher in the major field and a cumulative grade point average of at least 2.0 in the major field.

- 15-20 credit hours with grades of C- or higher in the minor field and a cumulative grade point average of at least 2.0 in the minor field.

- Twenty-six (26) credit hours of the work of the senior year must be completed while in residence at the IU Northwest campus. At least 10 credit hours of course work in the major field must be completed on the IU Northwest campus.

- To meet Intensive Writing, IIIA Lab, or IIIC Lab requirements, IU Northwest COAS students must complete classes and sections offered through IU Northwest and authorized by the College as an IW, IIIA Lab, or IIIC Lab. These designations will appear under the classes in the schedule of classes. For
The Foreign Language requirement for Bachelor of Arts degrees is designed to give each student a working knowledge of a second language. The benefits are not only cultural but also practical: knowledge of a foreign language is a vital skill for those who pursue careers in business, education, social services, health care, government, and many other fields.

**Group IIA, Mathematics and Physical/Life Sciences**

Courses in this group train students in the use of the scientific method. They expose learners to forms of inquiry that rely on observation, measurement, and the rigorous experimental testing of hypotheses. Typical Group IIA disciplines include, but are not limited to, Anthropology, Astronomy, Biology, Chemistry, Computer Science, Geology, Mathematics, and Physics.

Since learning an experimental science is not just a theoretical, but also a practical endeavor, students must take at least one course that includes a laboratory experience.

**Group IIIB, Social and Behavioral Sciences**

The social and behavioral sciences focus on the systematic and objective study of human behavior and social institutions. These disciplines apply rigorous methods to the observation and analysis of a broad range of human activities and interactions. Group IIIB includes courses in disciplines such as African-American and African Diaspora Studies, Anthropology, Communication, Economics, Geography, Political Science, Psychology, Sociology, and Women’s and Gender Studies.

**Group IIIC, Humanities**

Courses in the humanities help students reflect on the complexity of the human experience, appreciate the range of human thought and emotion, learn about aesthetic expression across artistic fields, and grapple with moral issues. Such courses focus on language, literature, history, art, theater, religion, philosophy, and related fields. The approach may be comparative, historical, or analytical, but the emphasis is always on strengthening the students’ interpretive, critical, and writing skills.

Since the development of creativity is an essential component of the humanities, students must take at least one Group IIIC course that incorporates a laboratory experience.

**Group IV: Diversity**

An appreciation for the value of diversity is one of the essential qualities of an educated person. The Group IV requirements are designed to help students deepen their understanding of how diversity contributes to the cultural, social, and intellectual growth of individuals and societies.

**Group IVA: History**

Students working towards a Bachelor of Arts degree are required to take at least one history course chosen from a set that includes U. S. History, Western Civilization, and World History. The goal of the requirement is to help students place important events in their proper historical context and appreciate the many ways in which the past still shapes our present decisions, institutions, and ways of life.
Group IVB: Racial Minority Experience in the United States

The goal of this requirement is to expand our students’ understanding of the many racial, linguistic, cultural, and ethnic diversities that exist in the United States. In addition to their primary focus on a racial minority experience in the United States, courses in this group have a secondary focus on cultural histories, injustice, and the interconnectedness of communities.

Group IVC. Additional Diversities (social class, language, religion, gender, sexual orientation, age, disabilities, nonwestern culture)

Students pursuing a Bachelor of Arts degree are also required to explore diversity from the perspective of social class, religion, gender, sexuality, age, or ability. Group IVC courses focus on special populations and communities, exploring their complex relationship with—and contributions to—society at large.

Academic Forgiveness Policy

Undergraduate students who have not attended any IU campus for at least two years, are pursuing their first bachelor's degree, and are enrolling at IU Northwest for the fall semester 2012, or later, may request academic forgiveness. Forgiveness means that all grades earned during the term(s) in question will not be counted in the calculation of the program GPA. The grades will remain on the student’s official transcript and will count in the IU GPA. This policy will affect only the student's College of Arts and Sciences record. Academic forgiveness may be requested for no more than two terms of IU coursework, consecutive or not. Two consecutive summer sessions may be considered a single academic term for purposes of this policy. The petition must be submitted within the first two semesters after the two year hiatus.

Students may petition the COAS office to request application of the Academic Forgiveness Policy. Students may apply for forgiveness in anticipation of entering COAS if they otherwise fit the guidelines. Students will need to provide evidence that would indicate a significant change in their ability to succeed in academic work. A semester of good grades after the hiatus and before the petition can constitute such evidence. Reevaluation of fundamental skills may be required by the Dean before the student can proceed.

Academic forgiveness may be invoked only once in a student's academic career. Academic forgiveness is inapplicable to any grades issued as a result of academic dishonesty. The original grades earned by the student will remain on a student's academic record (official and unofficial transcripts), but the GPA and hours earned calculations will be adjusted appropriately in the Program statistics. Academic forgiveness does not change the Indiana University earned hours or GPA calculations. Academic forgiveness is IUN and COAS specific. Semesters forgiven at IU Northwest need not be forgiven at any other IU campuses (nor by another IUN college, school, or division).

Pre-Veterinary
Religious Studies
Speech
Telecommunications

Bachelor of Arts
The Bachelor of Arts degree programs provide students with a broadly based education. The BA requires fewer credits that are directly linked to a particular major. Instead, students complete courses across a wide range of disciplines. This provides a great deal of flexibility to customize their education to reach their individual goals and interests. The BA programs help students develop strong written and verbal communication skills, reasoning skills, the ability to solve complex problems, to work well with others, and to adapt to a changing workplace. Students learn how to think independently, how to make sound judgments, how to discover new perspectives, and acquire the tools to defend your point of view. These are the most valuable skills of an educated person in the 21st Century.

Specific Requirements
In addition to the general requirements for all degrees in the university, candidates for the B.A. degree must complete Groups I-V of the distribution requirements. Students may elect to follow the requirements currently in effect or the requirements that were in effect when they matriculated.

Classes may be attributed towards satisfying all designated requirements across Groups I, II, III, IV, V and the minor. For instance, a student may complete a designated mathematics course and use that to satisfy a requirement within Group I, within Group IIIA, within Group V or within the minor. No more than 9 credit hours within a single discipline will be counted across Groups I, II, III, and IV, and the minor.

The list of disciplines and courses designated for each requirement group may be found in Appendix I in the Bulletin and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm.

Group I: Foundation Courses

English Composition

Every student must demonstrate the ability to use correct, clear, effective English. The student may satisfy this requirement in the following way:

- By completing ENG W131 Elementary Composition I (3 cr.), with a grade of C (2.0) or higher

Mathematics

May be fulfilled in one of the following ways:

- By completing, with a grade of C (2.0) or higher, one of the following courses: MATH M100, MATH M118, MATH M119, MATH M125, MATH M127, or MATH M215.
- By exemption (without credit) through an appropriate examination as determined by the Department of Mathematics.

Intensive Writing

Intensive writing courses totalling at least 9 credit hours must be completed after completing the ENG W131 requirement:

- By completing intensive writing courses at the 200 level or above in the English department, or
- By completing “Intensive Writing Courses” in any arts and sciences department. If so designated, the course may also be counted toward fulfilling
other arts and sciences degree requirements (e.g., distribution, major, 300-400 level).

An intensive writing course is one in which the writing component is fully integrated with the content and objectives of the course. Thus, a student would not be able to pass the course without fulfilling the intensive writing component and, conversely, it would be equally impossible for a student to pass the intensive writing component and not receive a passing grade in the course.

**Oral Communication**

Every student must demonstrate the ability to deliver presentations with logical organization, proper grammar, appropriate word choices, coherent sentence structure, and that take the characteristics of the audience into account. Students may satisfy this requirement by completing SPCH S121 Public Speaking with a grade of C (2.0) or higher.

**First Year Seminar**

The first year seminar is required for students who have just begun college, those who are transferring fewer than 30 credits from a four-year college, and those transferring in from a two-year college. The student may satisfy this requirement in the following way:

- By completing a “First-Year Seminar” course in any arts and sciences department. If so designated, the course may also be counted toward fulfilling other arts and sciences degree requirements.
- By completing and transferring at least 30 credits (not counting dual credits) from an accredited four-year college or university.

**Group II: Foreign Language**

The College of Arts and Sciences entrance requirement is two courses at the 100 level in a foreign language. Students admitted to Arts and Sciences without this background will be required to complete these courses. The requirement may be met by examination or by successful completion of the courses taken. (Two years of good high school work in a foreign language should enable a student to place out of the first 8 credit hours and into 200-level courses.) The B.A. degree requirement of foreign language may be fulfilled in the following ways:

- By completing satisfactorily 6 credit hours of course work (200 and 250) or the equivalent in a foreign language.
- By completing the 200 level course and two semesters of designated culture courses taught in English from the same language base.
  - These culture courses may be taken at any point during the student's program of study of a foreign language.
  - The two semesters of culture courses taken in lieu of 250 will only be counted under Group II and cannot simultaneously be counted in any other Group distribution. See online Matrix located on the COAS webpages for a list of acceptable classes.
- By attaining a placement test score sufficient for placement in courses at the first-semester third-year level or above in a foreign language.
- If a student places into the 250 level, she will need only to complete that class to meet the Group II requirement.

**SPECIAL CREDIT AS A RESULT OF PLACEMENT TEST**

Special credit may be awarded for the two highest courses a student tests out of (100, 150, 200, or 250), up to a maximum of 8 credits.

Any student who is full-time (12cr. – 18cr.) does not need to pay for special credits under the banded tuition fee for full-time students, regardless of their freshman to senior status. Transfer and new students in their first year who are part-time are also exempt from charge for special credits. All others must pay a per credit rate for eligible special credits.

For more information about the placement test and eligibility requirements, please visit:

- **Proficiency Examinations**

A student may complete the language requirement by taking a proficiency examination administered by the department concerned. Please note that no credit is conferred through this process. Students with a background in a language other than those taught at IU Northwest may take an examination from the relevant department at IU Bloomington. Such examinations will be given after the student has petitioned the IU Bloomington department and received the consent of the department.

**Native Speakers of a Foreign Language**

Students are considered “native speakers of a foreign language” if they have completed secondary (high) school in that language. They may not earn credit for any courses at the first or secondary-year level in their native language but they may be exempted from the foreign language requirement. If the student did not complete secondary (high) school in another language, he or she may take the placement test.

For more information about the placement test and eligibility requirements, please visit: [http://www.iun.edu/placement-testing/modern-languages/index.htm](http://www.iun.edu/placement-testing/modern-languages/index.htm)

For questions, please contact the Department of Modern Languages at 219-980-6714.

**Group III: Distribution**

Students must take 12 credit hours in each of the three categories from at least two disciplines within each category.

A complete list of courses that fulfill these requirements is located and can be searched through the Matrix App at [www.iun.edu/coas/student-tools/index.htm](http://www.iun.edu/coas/student-tools/index.htm).

A course used to satisfy requirements within Group III can also be used to satisfy requirements in Groups I, II, IV, V, or the minor.

**III.A. Mathematics, physical sciences, and life sciences** - A student must take at least one science
course in Group III A that includes a laboratory (at least 4 credit hours).

IIIB. Social and behavioral sciences

IIIC. Humanities - A student must take at least one studio arts/performing arts/creative writing lab course in the humanities (at least 3 credit hours).

Group IV: Diversity

Students must take one 3 credit hour course in each of these three categories. No course can be used more than once in Group IV. A course used to satisfy requirements within Group IV can also be used to satisfy requirements in Groups I, II, III, V, or the minor.

IVA. Select one History course from the IVA list. (A complete list of courses that fulfill these requirements is located in and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm.

IVB. Racial Minority Experience in the United States. Students must complete one course from the list of Group IV B courses. (A complete list of courses that fulfill these requirements is located in and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm.

IVC. Additional Diversities (social class, language, religion, gender, sexual orientation, age, disabilities, non-western culture). Students must complete one course from the list of Group IV C courses (A complete list of courses that fulfill these requirements is located in and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm.

Group V: Requirements for the Major

Students should plan a tentative outline of their academic program in their major with their advisors in their academic department as soon as they matriculate or declare a major.

The following are minimum requirements for any major. Further and detailed requirements are to be found in the departmental statements in this bulletin. The specific departmental requirements that must be fulfilled by each student are those published in the bulletin current at the time the major is declared, or those in the bulletin current at the time the major is declared, or those in the bulletin current at the departmental requirements that must be fulfilled by each student.

Group Va: Courses within the Major

- At least 25 credit hours must be taken within the major discipline. (This stipulation does not apply to interdepartmental majors.)
- The cumulative grade point average of courses used to satisfy the major (Group Va) must be at least 2.0.
- Any course in which the student receives a grade below C- (1.7) may not be used to fulfill requirements for the major. However, any non-repeated course that the student passes will count toward the 120 credit hour total.
- A course used to satisfy requirements for the major (Group Va) may be used to satisfy requirements in Groups I, II, III, and IV.
- At least 10 credit hours within the major discipline must be completed while in residence at IU Northwest.
- Individual departments may require a minor of 15 to 20 credit hours in another subject. Any course taken to satisfy the requirements of a minor must be completed with a grade of C- or higher; and the cumulative grade point average of all courses taken in the minor must be at least 2.0 (C). At least 6 credit hours of courses in the minor must be taken in residence at IU Northwest. (See the individual departmental listings.)
- Students must take 3 credit hours of capstone course work. The course may also be counted toward fulfilling other arts and sciences degree requirements (e.g., intensive writing, major, 300-400 level). Consult departmental advisors for details.

Group Vb: Ancillary Courses Required by the Major

- Departments may require a set of ancillary courses taught outside of the major discipline to support learning within the discipline (for example, a chemistry major needs a background in calculus to succeed within chemistry).
- Any course in which the student receives a grade below C- (1.7) may not be used to satisfy an ancillary (Group Vb) requirement. However, any non-repeated course that the student passes will count toward the 120 credit hour total.
- A course used to satisfy ancillary requirements for the major (Group Vb) can be used to satisfy requirements in Groups I, II, III, IV, or a minor. They cannot be used to satisfy requirements within the major (Group Va).

For procedure regarding change of major, see the Student Ombudsperson in the College Office.

Degree Completion Chart for Bachelor of Arts

The Checklist for BA Core Requirements for the Bachelor of Arts Degree in the College of Arts and Sciences can be found at http://www.iun.edu/coas/student-tools/index.htm under the heading "Core requirements checklist".

Minors (Optional)

A minor shall consist of 15-20 credit hours with a grade of C- or higher and a cumulative grade point average of at least 2.0 in the minor. (A minimum of 2 courses totaling at least 6 credit hours must be taken while in residence at IU Northwest.) Up to three courses (9cr. max) taken to satisfy the major (Group Va) may be used to satisfy requirements for the minor.

Students may pursue a minor in a different discipline than their major. For instance, a French major may pursue a sociology minor, but a French major cannot pursue a French minor. Students may have more than one minor. Students’ major(s) and minor(s) may be listed on their transcripts. Students must advise the College of Arts and Sciences Office of the minor(s) and receive advisement from the minor department.

Students who have been awarded a baccalaureate degree cannot at a later date change the degree to include additional majors and/or minors.
Bachelor of Science

The Bachelor of Science degree programs are designed to provide an in depth education about a specific field. As such, they could be thought of as a specific purpose degree. The programs are focused on learning a great deal about the specific subject matter. They typically require more credits that are directly linked to the major. Students are expected to concentrate their academic energies on mastering the technical and practical facets of their field. They have fewer opportunities to explore topics outside of their major. Many students pursuing BS degrees use these credentials to enter specific careers or to prepare for specific graduate programs.

Specific Requirements

In addition to the general requirements for baccalaureate degrees of the university, candidates for the B.S. degree must complete the group requirements as follows. Students may elect to follow the requirements currently in effect or the requirements that were in effect when they matriculated.

Classes may be attributed towards satisfying all designated requirements across Groups I, II, III, IV, V, and the minor. For instance, a student may complete a designated mathematics course and use that to satisfy a requirement within Group I, within Group IIIA, and within Group V. No more than 9 credit hours per discipline will be counted across Groups I, II, III, IV, and the minor.

The list of disciplines and courses designated for each requirement group may be found in Appendix I in the Bulletin and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm.

Minors

Group I: Foundation for Effective Learning

English Composition

Students must demonstrate the ability to use correct, clear, effective English. The student may satisfy this requirement by completing:

- ENG-W 131 Elementary Composition I (3 cr.), with a grade of C (2.0) or higher.

Oral Communication

Every student must demonstrate the ability to deliver presentations with logical organization, proper grammar, appropriate word choices, coherent sentence structure, and that take the characteristics of the audience into account. Students may satisfy this requirement by completing:

- SPCH-S 121 Public Speaking with a grade of C (2.0) or higher.

Mathematics

Every student must demonstrate mathematical reasoning. Students may satisfy this requirement in either of the following ways:

- By completing, with a grade of C (2.0) or higher, one of the following courses: MATH-M 100, MATH-M 105, MATH-M 118, MATH-M 119, MATH-M 125, MATH-M 127, MATH-M 215. This course can sometimes be used to satisfy requirements within the major. For example, the Mathematics and Chemistry majors require MATH-M 215.
- By exemption (without credit) through an appropriate examination as determined by the Department of Mathematics.

First Year Seminar

The first year seminar is required for students who have just begun college, those who are transferring fewer than 30 credits from a four-year college, and those transferring in from a two-year college. The student may satisfy this requirement in the following way:

- By completing a “First-Year Seminar” course in any arts and sciences department. If so designated, the course may also be counted toward fulfilling other arts and sciences degree requirements.
- By completing and transferring at least 30 credits (not counting dual credits) from an accredited four-year college or university.

Group II: Intensive Writing

Two intensive writing courses (totaling at least 6 credit hours) must be completed after completing the ENG W131 requirement:

- By completing intensive writing courses at the 200 level or above in the English department, or
- By completing one or two “Intensive Writing Courses” in any Arts and Sciences department. If so designated, the course may also be counted toward fulfilling other arts and sciences degree requirements (e.g., distribution, major, 300-400 level).

An intensive writing course is one in which the writing component is fully integrated with the content and objectives of the course. Thus, a student would not be able to pass the course without fulfilling the intensive writing component and, conversely, it would be equally impossible for a student to pass the intensive writing component and not receive a passing grade in the course.

Group III: Distribution

IIIA. Mathematics, physical sciences, and life sciences. A student must take at least one science course in Group IIIA that includes a laboratory (at least 4 credit hours of the lab and associated lecture). Departments may require additional math and science courses. These can be found in Group Vb of the major when applicable.

IIIB. Social and behavioral sciences. A student must take a total of 18 credit hours listed under the categories of Group IIIB and IIIC with a minimum of 6 credit hours and at least 2 disciplines completed in each category.

IIIC. Humanities. A student must take a total of 18 credit hours listed under the categories of Group IIIB and IIIC with a minimum of 6 credit hours and at least 2 disciplines completed in each category.

The list of disciplines and courses designated for each requirement group may be found in Appendix I in the
Bulletin and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm.

**Group IV: Diversity**

Students must take one 3 credit hour course in Racial Minority Experience in the United States. (Any one course from the list of Group IVB courses.) A complete list of the courses that fulfill this requirement can be found in the College of Arts and Sciences B.A. section of this bulletin.

**Group V: Requirements for the Major**

Students should plan a tentative outline of their academic program in their major with their advisors in their major department as soon as they matriculate or declare a major.

The following are minimum requirements for any major. Further and detailed requirements are to be found in the departmental statements in this bulletin. The specific departmental requirements that must be fulfilled by each student are those published in the bulletin current at the time the major is declared, or those in the bulletin current at the time of graduation, whichever the student chooses.

**Group Va: Courses within the Major**

- At least 25 credit hours must be taken in the major subject area. For B.S. programs, no major department may require more than 48 credit hours in the major. (This stipulation does not apply to interdepartmental majors.
- The cumulative grade point average of courses used to satisfy the major (Group Va) must be at least 2.0.
- Any course in which the student receives a grade below C- (1.7) cannot be used to fulfill requirements within the major. However, any non-repeated course that the student passes will count toward the 120 credit hour total.
- At least 10 credit hours within the major discipline must be completed while in residence at IU Northwest.
- Students may pursue a minor. Departments may require a minor. Minors typically require 15 to 20 credit hours outside of the major subject area.
- Any course taken to satisfy the requirements of a minor must be completed with a grade of C- (1.7) or higher; and the cumulative grade point average of all courses taken in the minor must be at least 2.0 (C). At least 6 credit hours of coursework in the minor must be taken while in residence at IU Northwest. (See the individual departmental listings.)
- Students must take 3 credit hours of capstone course work. The course may also be counted toward fulfilling other arts and sciences degree requirements (e.g., intensive writing, major, 300-400 level). Consult departmental advisors for details.

**Group Vb: Ancillary Courses Required by the Major**

- Departments may require a set of ancillary courses taught outside of the major discipline to support learning within the discipline (for example, a chemistry major needs a background in calculus to succeed within chemistry).
- Any course in which the student receives a grade below C- (1.7) may not be used to satisfy an ancillary (Group Vb) requirement. However, any non-repeated course that the student passes will count toward the 120 credit hour total.
- A course used to satisfy ancillary requirements for the major (Group Vb) can be used to satisfy requirements in Groups I, II, III, IV, or a minor. They cannot be used to satisfy requirements within the major (Group Va).

**Minors (Optional)**

A minor shall consist of at least 15 credit hours with a grade of C- or higher and a cumulative grade point average of at least 2.0 in the minor field. (A minimum of 2 courses totaling at least 6 credit hours must be taken while in residence at IU Northwest.) Up to three courses (9 cr. max) taken to satisfy the major (Group Va) may be used to satisfy requirements for the minor.

Students may pursue a minor in a different discipline than their major. For instance, a French major may pursue a sociology minor, but a Chemistry major cannot pursue a Chemistry minor.

Students may have more than one minor. Students' major(s) and minor(s) may be listed on their transcripts. Students must advise the recorder in the College of Arts and Sciences of the minor(s) and receive advisement from the minor department.

**Bachelor of Science Degree Requirements**

The Checklist for BS Core Requirements for the Bachelor of Science Degree in the College of Arts and Sciences can be found at http://www.iun.edu/coas/student-tools/index.htm under the heading “Core requirements checklist”.

**Minors (Optional)**

A minor shall consist of at least 15 credit hours with a grade of C- or higher and a cumulative grade point average of at least 2.0 in the minor field. (A minimum of 2 courses totaling at least 6 credit hours must be taken while in residence at IU Northwest.) Up to three courses (9 cr. max) taken to satisfy the major (Group Va) may be used to satisfy requirements for the minor.

Students may pursue a minor in a different discipline than their major. For instance, a French major may pursue a sociology minor, but a Chemistry major cannot pursue a Chemistry minor.

Students may have more than one minor. Students' major(s) and minor(s) may be listed on their transcripts. Students must advise the recorder in the College of Arts and Sciences of the minor(s) and receive advisement from the minor department.

**Bachelor of Fine Arts**

**College of Arts and Sciences Bachelor of Fine Arts**

The College of Arts and Sciences at IU Northwest offers instruction leading to Bachelor of Fine Arts degree in Studio Art.

**Specific Requirements**

In addition to the general requirements for baccalaureate degrees of the university, candidates for the B.F.A. degree must complete the group requirements.

Students may elect to follow the requirements currently in effect or the requirements that were in effect when they matriculated.

Classes may be attributed towards satisfying all designated requirements across Groups I, II, III, IV, and V and the minor. For instance, a student may complete a designated mathematics course and use that to satisfy a requirement within Group I, within Group IIIA, and within...
Group V. No more than 9 credit hours per discipline will be counted across Groups I, II, III, and IV.

The list of disciplines and courses designated for each requirement group may be found in Appendix I in the Bulletin and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm.

Group I: Foundation Courses

English Composition

Students must demonstrate the ability to use correct, clear, effective English. The student may satisfy this requirement by completing

- ENG-W 131 Elementary Composition I (3 cr.), with a grade of C (2.0) or higher.

Oral Communication

Every student must demonstrate the ability to deliver presentations with logical organization proper grammar, appropriate word choices, coherent sentence structure, and that take the characteristics of the audience into account. Students may satisfy this requirement by completing

- SPCH-S 121 Public Speaking with a grade of C (2.0) or higher.

Mathematics

Every student must demonstrate mathematical reasoning. Students may satisfy this requirement in either of the following ways:

- By completing, with a grade of C (2.0) or higher, one of the following courses: MATH – M 100, MATH - M118, MATH – M 119, MATH – M 125, MATH-M 127, MATH – M 215.
- By exemption (without credit) through an appropriate examination as determined by the Department of Mathematics.

First Year Seminar

The first year seminar is required for students who have just begun college, those who are transferring fewer than 30 credits from a four-year college, and those transferring in from a two-year college. The student may satisfy this requirement in the following way:

- By completing a “First-Year Seminar” course in any arts and sciences department. If so designated, the course may also be counted toward fulfilling other arts and sciences degree requirements.
- By completing and transferring at least 30 credits (not counting dual credits) from an accredited four-year college or university.

Group II: Intensive Writing

Three intensive writing courses (totaling at least 9 credit hours) must be completed after completing the ENG W131 requirement:

- By completing intensive writing courses at the 200 level or above in the English department, or
- By completing “Intensive Writing Courses” in any Arts and Sciences department. If so designated, the course may also be counted toward fulfilling other arts and sciences degree requirements (e.g., distribution, major, 300-400 level).

An intensive writing course is one in which the writing component is fully integrated with the content and objectives of the course. Thus, a student would not be able to pass the course without fulfilling the intensive writing component and, conversely, it would be equally impossible for a student to pass the intensive writing component and not receive a passing grade in the course.

Group III: Distribution

A student must take a total of 27 credit hours listed under the categories of Group IIIA, IIIB and IIIC with a minimum of 6 credit hours and at least 2 disciplines completed in each category.

(A complete list of courses that fulfill these requirements is located in and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm.)

IIIA. Mathematics, physical sciences, and life sciences. A student must take at least one science course in Group IIIA that includes a laboratory (at least 4 credit hours of the lab and associated lecture).

IIIB. Social and behavioral sciences

IIIC. Humanities

Group IV: Diversity

Students must take one 3 credit hour course in each of these three categories. No course can be used more than once in Group IV. A course used to satisfy requirements within Group IV can also be used to satisfy requirements in Groups I, II, III, and V.

- IVA. Select one History course from the IVa list. (A complete list of courses that fulfill these requirements is located in and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm).
- IVB. Racial Minority Experience in the United States. Students must complete one course from the IVb list. (A complete list of courses that fulfill these requirements is located in and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm).
- IVC. Additional Diversities (social class, language, religion, gender, sexual orientation, age, disabilities, non-western culture). Students must complete one course from the IVc list. (A complete list of courses that fulfill these requirements is located in and can be searched through the Matrix App at www.iun.edu/coas/student-tools/index.htm).

Group V: Requirements for the Major

Students should plan a tentative outline of their academic program with their advisors in their major department as soon as they matriculate or declare a major. They should continue to revise and update their plan each year as they progress through their education.

The following are minimum requirements for any major. Further and detailed requirements can be found in the departmental statements in this bulletin. The specific departmental requirements that must be fulfilled by each student are those published in the bulletin current at the
time the major is declared, or those in the bulletin current at the time of graduation, whichever the student chooses.

Admission to the B.F.A. Program

Admission to the B.F.A. program is based upon a portfolio and transcript review at the end of the sophomore year. Prerequisites for admission include:

1. Completion of the following courses:
   - A101 and A102 art history (6 cr.)
   - Fundamental studio (9 cr.)
   - Two, 200 level studio classes
   - English W131 (3 cr.)
   - One of the following math courses: M100, M118, M119, M125 or M215

2. Portfolio review by departmental committee

Requirements Va (57 cr.)

- Fundamental Studio (9 cr.)
- Studio courses above 100 level (48 cr.) must include a minimum of three and a maximum of six of the introductory (200) level courses
- FINA-S497 Independent Study in Studio Art, Capstone, for the Spring semester during the final year. (1 cr.)

Requirements Vb (14 cr.)

- FINA-A101 and FINA-A102 art history (6 cr.)
- Two 300 level art history (6 cr.)
- FINA-A435 Art Theory, Capstone, for juniors and seniors, taken in the Fall semester (2 cr.)

During the final year, each student must assume full responsibility for mounting a personal exhibit that will include terminal and representative work in the major field and, if applicable, in the minor field as well. To meet this requirement, the student must:

- File in the departmental office an "Intent to Graduate" one calendar year prior to the intended completion date. You must meet with your principal teacher to determine if you are prepared to enroll in FINA-S 497.
- Submit a portfolio of the most recent and best work in the major discipline to the departmental office before the completion of the fall semester, prior to enrolling in FINA-S 497. The studio program in the final year shall be coordinated with the evaluation of the portfolio.
- Prepare the exhibit under the principal teacher’s guidance. This will include drafting a descriptive statement about the work in the exhibit: goals, intent, approach, techniques, etc.
- Be prepared to exhibit in accordance with the departmental schedule at any time during the final semester. FINA-A 435 and FINA-S 497 fulfill the capstone requirement.
- Graduating Senior Exhibit
- Students must also complete the general requirements of the College of Arts and Sciences
- The final grade for FINA-S497 will be based on the Senior Exhibit, and will be determined by a faculty committee.

- At least 71 credit hours must be taken in the major (Fine Arts and Art History), and the cumulative grade point average of courses used to satisfy the major (Group Va) must be at least 2.0.
- Any course in which the student receives a grade below C- (1.7) may not be used to fulfill requirements for the major. However, any non-repeated course that the student passes will count toward the 120 credit hour total.
- At least 10 credit hours within the major discipline must be completed while in residence at IU Northwest.
- Individual departments may require a minor of 15 to 20 credit hours in another subject. Any course taken to satisfy the requirements of a minor must be completed with a grade of C- or higher; and the cumulative grade point average of all courses taken in the minor must be at least 2.0 (C). At least 6 credit hours of courses in the minor must be taken in residence at IU Northwest. (See the individual departmental listing.)
- Online Fine Arts studio classes cannot be used to fulfill Fine Arts degree requirements at IU Northwest.
- Students must take 3 credit hours of capstone course work. These courses may also be counted toward fulfilling other arts and sciences degree requirements (e.g., intensive writing, major, 300-400 level). Consult departmental advisors for details.

For procedure regarding change of major, see the Student Ombudsperson in the College office.

Degree Completion Chart for Bachelor of Fine Arts

The Checklist for BFA Core Requirements for the Bachelor of Fine Arts Degree in the College of Arts and Sciences can be found at [http://www.iun.edu/coas/student-tools/index.htm](http://www.iun.edu/coas/student-tools/index.htm) under the heading “Core requirements checklist”.

Minors (Optional)

A minor shall consist of at least 15 credit hours with a grade of C- or higher and a cumulative grade point average of at least 2.0 in the minor field. (A minimum of 2 courses totaling at least 6 credit hours must be taken while in residence at IU Northwest.) Up to three courses (9 cr. max) taken to satisfy the major (Group Va) may be used to satisfy requirements for the minor.

Students may pursue a minor in a different discipline than their major. For instance, a French major may pursue a sociology minor, but a French major cannot pursue a French minor.

Students may have more than one minor. Students’ major(s) and minor(s) may be listed on their transcripts. Students must advise the recorder in the College of Arts and Sciences of the minor(s) and receive advisement from the minor department.

Certificates

The College of Arts and Sciences offers undergraduate and post-baccalaurate certificates in the following areas:

- Computer Information Systems
- Community Development/Urban Studies
Second Bachelor's Degree

Normally the holder of a baccalaureate degree who wishes to pursue a further educational goal is encouraged to become qualified for admission to a graduate degree program. In certain cases, however, the dean may admit a baccalaureate degree holder to candidacy for a second baccalaureate degree. When such admission is granted, candidates must earn at least 26 additional credits-in-residence and meet the requirements of the College of Arts and Sciences and of the department in which they are candidates.

Interdepartmental Major

Interdepartmental majors are available to students who wish to combine two disciplines or subjects into an interdepartmental concentration area. Such students are required to complete a minimum of 40 credit hours in the interdepartmental major. Students must also fulfill the following requirements:

- The 40 credit hour concentration need not be equally divided between the two disciplines, but a program designed to give substantial knowledge should be planned in each discipline.
- Each of the two areas should include a minimum of four 300- or 400-level courses for a minimum of 12 credit hours in each area.
- Students must have two advisors, one from each department in which they propose to study.
- The program of studies must be approved by both departments and by the college.
- Students who are pursuing an Interdepartmental major may also pursue a minor. However, they cannot pursue a minor in either of the disciplines or subjects that combine to create their Interdepartmental Major.

The following interdepartmental majors are available in the College of Arts and Sciences:

- African American and African Diaspora Studies and Communication
- African American and African Diaspora Studies and English
- Computer Information Systems and Fine Arts - Graphic Design
- Computer Information Systems and Mathematics
- Biology, Chemistry and Geosciences - Environmental Sciences

Preprofessional Curricula

The Pre-Health Professions Program is home to students who wish to pursue medicine, dentistry, veterinary, pharmacy, physical therapy, occupational therapy, optometry, physician assistant, podiatry, chiropractic therapy, speech and hearing therapy as well as other health professions as careers. To gain admission into those professions, students typically complete a bachelor's degree followed by considerable advanced study. At the undergraduate level, students may select and complete any major. However, students need to enroll in a specified sequence of courses to prepare them for professional school entrance examinations and to satisfy professional school prerequisite requirements. The particular sequence of courses is unique to each professional school. The Pre-Health Professions Program provides students with comprehensive advice and guidance from the time they first express an interest in a health profession (even before they matriculate at IU Northwest) through graduation and successful transition into a professional school. The program helps ensure that the students' education is of the highest quality, helps them identify the medical and health careers that fit their aspirations, helps them develop a tailored sequence of courses that will help them reach their goals, and helps them prepare applications that present them at their best.

Dentistry

Students may be admitted to the School of Dentistry upon receipt of their baccalaureate degrees or at the end of three years in the College of Arts and Sciences. A student entering the School of Dentistry after completing 90 credit hours in the College of Arts and Sciences, exclusive of military training and physical education, who has satisfied the Group I through V requirements, may apply 32 credit hours earned the first year in dentistry as electives and at the end of this year earn the B.A. degree. Students expecting to do this should consult with their major departments since IU Northwest awards the B.A. degree.

Pre-Dental Requirements

The following classes are recommended to fulfill prerequisite requirements for most dental schools:

- BIOL-L 101 (4 cr.)
- BIOL-L 102 (4 cr.)
- BIOL-M 310 (4 cr.)
- CHEM-C 105 & C 125 (5 cr.)
- CHEM-C 106 & C-126 (5 cr.)
- CHEM-C 341 (3 cr.)
- CHEM-C 343 (2 cr.)
- CHEM-C 342 (3 cr.)
- CHEM-C 344 (2 cr.)
- CHEM-C 484 (3 cr.)
- PHYS-P 201 and P 202 (10 cr.)
- PHYS-P 221 and P 222 (10 cr.)

- Select one of the following physics series:
  - PHYS-P 201 and P 202 (10 cr.)
  - PHYS-P 221 and P 222 (10 cr.)
- Psychology or sociology (3-6 cr.)
- ENG-W 131 (3 cr.)

For further information regarding programs, the Dental Aptitude Test, and applications, contact the health professions advisor at (219) 980-7106.

Law

Admission to law schools requires a baccalaureate degree and a Law School Admission Test (LSAT) score. The degree may be in any discipline. Students preparing for law school are advised to take courses in logical thought, American history, American politics, business, and criminal and civil law. While no specific courses are required, Indiana University offers an interdisciplinary
prelaw minor for students interested in attending law school. The minor includes six courses totaling 18 credit hours. Students in the School of Public and Environmental Affairs, the School of Business and Economics, and the College of Arts and Sciences could double-count courses that are required for their major or concentration, but they are required to take at least four courses or 12 credit hours outside of their major or concentration. The structure of the minor is as follows:

- HIST-H 106 American History II (Twentieth Century) (3 cr.)
- PHIL-P 150 Elementary Logic (3 cr.)
- BUS-L 201 Legal Environment of Business (3 cr.)
- SPEA-J 101 American Criminal Justice (3 cr.)
- POLS-Y 103 Introduction to American Politics (3 cr.)
- One elective (3 cr.)

Students may pick from the following courses for the elective:

- ECON-E 103 Introduction to Microeconomics (3 cr.)
- HIST-H 105 American History I (3 cr.)
- SPEA-J 301 Substantive Criminal Law (3 cr.)
- SPEA-J 303 Evidence (3 cr.)
- SPEA-J 306 The Criminal Courts (3 cr.)
- BUS-L 303 Commercial Law (3 cr.)
- BUS-A 201 Introduction to Financial Accounting (3 cr.)
- HIST-A 313 Origins of Modern America (3 cr.)
- HIST-A 315 Recent U.S. History (3 cr.)
- SPEA-H 441 Legal Aspects of Health Care Administration (3 cr.)

The prelaw advisor can approve an elective that is not on this list if it meets the educational objectives.

The university provides prelaw counseling for interested students. Contact the prelaw advisor at (219) 980-6841 or (219) 980-6636, or (219) 980-6655.

**Occupational Therapy**

Indiana University offers a six-year program leading to a master's degree in occupational therapy (four years preoccupational therapy leading to a bachelor's degree with a major in any department in the College of Arts and Sciences, and then two years in the master's program offered by Indiana University on the IUPUI campus). IU Northwest offers the courses required for entry into master's programs in occupational therapy. Upon completion of the bachelor's degree, students must apply for entry to a school of occupational therapy for their professional training. Admission to an occupational therapy program also requires documented volunteer or paid experiences in health care settings.

Requirements for occupational therapy programs can vary considerably. The following classes are recommended to fulfill prerequisite requirements for most occupational therapy schools:

- BIOL-L 101 (4 cr.)
- BIOL-L 102 (4 cr.)
- CHEM-C 101 (3 cr.)
- CHEM-C 121 (2 cr.)
- PHSL-P 261 (4 cr.)
- PHSL-P 262 (4 cr.)
- MATH-M 118 or higher (3 cr.)
- ENG-W 131 and W 231 (6 cr.)
- Basic statistics (K 300) (3 cr.)
- Introductory sociology (SOC-S 161) (3 cr.)
- Introductory psychology (PSY-P101 or PSY-P 102) (3 cr.)
- Abnormal psychology (PSY-P 324) (3 cr.)
- Life span Development psychology (PSY-P 216) (3 cr.)
- Medical terminology (1-3 cr.)
- Electives (12-13 cr.)

For further information contact the health professions advisor at (219) 980-7106.

**Optometry**

Indiana University offers a seven-year program leading to a degree in optometry (three years preoptometry, four years in the School of Optometry). IU Northwest offers courses required for entry in a doctor of optometry program. Upon completion of their bachelor's degree, students must apply to an optometry program for admission.
The following classes are recommended to fulfill prerequisite requirements for most optometry schools:

- BIOL-L 101 (4 cr.)
- BIOL-L 102 (4 cr.)
- BIOL-M 310 with lab (4 cr.)
- plus one additional advanced Biology course (3 cr.)
- CHEM-C 105 & C 125 (5 cr.)
- CHEM-C 106 & C 126 (5 cr.)
- CHEM-C 341 & C-343 (5 cr.)
- CHEM-C 484 (3 cr.)
- PHSL-P 261 (4 cr.)
- PHSL-P 262 (4 cr.)
- MATH-M 215 (5 cr.)
- PHYS-P 201 (5 cr.)
- PHYS-P 202 (5 cr.)
- PSY-P 101 (3 cr.)
- PSY-K 300 (3 cr.)
- MATH-M 216 (5 cr.)
- PHYS-P 201 or PHYS-P 221 (10 cr.)
- Basic statistics (K 300) (3 cr.)

Students who complete prepharmacy at IU Northwest can apply for admission to the School of Pharmacy at Purdue and should schedule PHPR200 (Pharmacy Orientation) after transferring. High school and college records will be considered in determining eligibility for admission. A student should also have at least a B+ average for all courses previously taken. In addition, the grade in each course must be at least a C for the credit to transfer. Grades are not transferred; only credit in the course is recorded. Purdue University does not automatically accept advanced credit that is granted by other universities. A similar program is now in place with the Chicago College of Pharmacy and its 2+3 program.

For further information on the health professions and pharmacy contact the health professions advisor at (219) 980-7106.

**Pharmacy**

IU Northwest does not grant a degree in pharmacy, but students may complete prepharmacy courses on this campus. The following plan of study is for students who will apply for admission to the School of Pharmacy and Pharmacal Sciences at Purdue University, West Lafayette campus. (The information is subject to change as a result of action by federal and/or state governments, the Trustees of Purdue University, the administration of Purdue University, and the faculty of the School of Pharmacy and Pharmacal Sciences.)

The application for admission should be submitted to Purdue University before January 5 to ensure consideration for the fall semester. Students who decide to transfer to another institution may have to adjust their program.

**Pre-Pharmacy Requirements**

The following classes are recommended to fulfill prerequisite requirements for Purdue School of Pharmacy:

- BIOL-L 101 (4 cr.)
- BIOL-L 102 (4 cr.)
- BIOL-M 310 with lab (4 cr.)
- CHEM-C 105 & C 125 (5 cr.)
- CHEM-C 106 & C 126 (5 cr.)
- CHEM-C 341 & C-343 (5 cr.)
- CHEM-C 484 (3 cr.)
- PHSL-P 261 (4 cr.)
- MATH-M 215 (5 cr.)
- PHYS-P 201 (5 cr.)
- Basic statistics (K 300) (3 cr.)

**ECON- E 103 or E 104 (3 cr.)**
**ENG- W 131 and W 231 (6 cr.)**
**SPCH-S 121 (3 cr.)**

For applications and additional information contact the health professions advisor at (219) 980-7106.

**Physical Therapy**

Indiana University offers a seven-year program leading to a degree in physical therapy (four years prephysical therapy leading to a bachelor’s degree with a major in any department in the College of Arts and Sciences, three years in the doctoral physical therapy program offered by Indiana University on the IUPUI campus). IU Northwest offers the courses required for entry into a doctoral program in physical therapy. Upon completion of the bachelor’s degree, students must apply for entry to a school of physical therapy for their professional training. Admission to a physical therapy program also requires documented volunteer or paid experiences in health care settings.

**Pre-Physical Therapy Requirements**

The following classes are recommended to fulfill prerequisite requirements for most physical therapy schools:

- BIOL-L 101 (4 cr.)
- BIOL-L 102 (4 cr.)
- CHEM-C 105 & C 125 (5 cr.)
- CHEM-C 106 & C 126 (5 cr.)

- Select one of the following physics series:
  - PHYS-P 201 and P 202 (10 cr.)
  - PHYS-P 221 and P 222 (10 cr.)

- Basic statistics (K 300) (3 cr.)
- Introductory psychology (PSY-P 101 or PSY-P 102) (3 cr.)
- PSY-P 216 (3 cr.)
- Social science or humanities electives (6 cr.)

This plan of study will satisfy most of the requirements of other institutions. Applicants seeking admission to a physical therapy program should contact the school they are interested in attending for up-to-date information on specific prerequisites and admission requirements.

For further information contact the health professions advisor at (219) 980-7106.
Physician Assistant
Indiana University now offers a degree program in physician assistant studies. The courses needed for admission are available at IU Northwest. Admission to most programs requires a minimum of 3 years (90 credit hours) of study at an accredited college or university. Some programs that offer a master’s degree in physician assistant studies also require a bachelor’s degree. The course requirements vary quite a bit, although most have similar general requirements.

Pre-Physician Assistant Requirements
The following classes are recommended to fulfill prerequisite requirements for the IU Masters of Physician Assistant program.

- BIOL-L101 (4cr.)
- BIOL-L 102 (4 cr.)
- BIOL-M 310 with lab (4 cr.)
- CHEM-C 105 & C 125 (5 cr.)
- CHEM-C 106 & C 126 (5 cr.)
- CHEM-C 341 & C 343 (5 cr.)
- CHEM-C 342 & C 344 (5 cr.)
- PHSL-P 261 (4 cr.)
- PHSL-P 262 (4 cr.)
- Introductory psychology (PSY-P101 or PSY-P 102) (3 cr.)
- Basic statistics (K 300) (3 cr.)
- Medical terminology (1 cr.)

Admission to a physician assistant program generally requires volunteer or paid experience in a health care setting. Applicants seeking admission to a physician assistant program should contact the school they are interested in attending for up-to-date information on specific prerequisites and admission requirements.

For further information contact the health professions advisor at (219) 980-7106.

Podiatry
Indiana University does not have a degree program in podiatry. However, the courses needed for admission are available at IU Northwest. The minimum requirement for admission to a school of podiatry is completion of three academic years (90 credit hours) of study at an accredited college or university. Applicants are strongly encouraged to obtain a baccalaureate degree before entering a college of podiatry.

Pre-Podiatry Requirements
The following classes are recommended to fulfill prerequisite requirements for all podiatry schools:

- BIOL-L 101 (4 cr.)
- BIOL-L 102 (4 cr.)
- CHEM-C 105 & C125 (5 cr.)
- CHEM-C 106 & C 126 (5 cr.)
- CHEM-C 341 & C-343 (5 cr.)
- CHEM-C 342 & C-344 (5 cr.)
- Select one of the following physics series:
  - PHYS-P 201 and P 202 (10 cr.)
  - PHYS-P 221 and P 222 (10 cr.)
- MATH-M 215 (5 cr.)
- ENG- W 131 (3 cr.)
- SPCH-S 121 (3 cr.)
- Humanities electives - 3 classes (9 cr.)
- Nutrition (animal based)
- Careers in Veterinary Science (if available)

If an animal nutrition course is not available at the undergraduate campus, a student may take this course after admission to the program.

Further information on the health professions and veterinary medicine may be obtained by contacting the health professions advisor at (219) 980-7106.

Courses Outside the College of Arts and Sciences
A candidate for a baccalaureate degree in the College of Arts and Sciences must complete satisfactorily at least 105 credit hours in courses in the College of Arts and Sciences unless a student pursues a minor or a certificate in another division of the university that grants degrees. If so, the 105 credit hour minimum in Arts and Sciences may be reduced sufficiently to allow the student to fulfill the minimum number of credit hours for the other division’s minor or certificate, providing that all other Arts and Sciences requirements are met. If no such non-Arts and Sciences minor or certificate is pursued, the remaining 15 credit hours may be taken in the College of Arts and Sciences or in divisions of the university that
grant degrees. Any credits in excess of 120 will appear on the academic transcript and will be credited to the academic record.

Courses Outside IU Northwest
Current IU Northwest COAS students who seek to take additional courses at another college or university that are specifically required for their IU Northwest major are strongly advised to seek prior approval by their departmental chair, the chair of the department offering the course, and the dean of COAS before those courses are taken to ensure the transfer of those courses back to IU Northwest and the acceptance of those courses for their degree requirements.

Students who leave IU Northwest for a semester or longer, take courses elsewhere, and return to IU Northwest at a later date must go through the usual transfer of credit process as required for students new to IU Northwest; their department chairs and Dean have the right to deny approval of the acceptance of those courses by IU Northwest. Prior approval is advised.

Double Majors and Double Degree
Often, students are passionate about more than one field, are ambitious, and want to improve their marketability. In that case, students may complete the requirements of two (or more) majors and their associated distribution requirements to complete two majors; qualify for two degrees, and receive two diplomas. That is, a student may pursue a BA in History and a BS in Geology and if the student completes both sets of major and both sets of requirements, will receive two degrees and two diplomas. Students pursuing a double degree may use courses in either or both degrees to satisfy designated distribution requirements.

School of the Arts
Phone: (219) 980-6810
Webpage: http://www.iun.edu/arts

About the School of the Arts
The IU Northwest School of the Arts offers degrees in communication, fine arts and theatre.

We prepare creative and civic professionals to thrive in a fast-paced field of arts, entertainment, and media. We are a center of innovation and multidisciplinary engagement with internationally recognized faculty and a direct pipeline to extraordinary public and private sector opportunities in Northwest Indiana, Chicago, and beyond.

Highlights include two state-of-the-art theaters, light-drenched artist studios, a sculpture garden, and two galleries featuring rotating works by local, national, and international artists.

Communication
Phone: 219-980-6781
Website: http://www.iun.edu/communication/

About the Department of Communication
The communication program provides students with an opportunity to investigate communication processes as they occur within and among individuals, groups, organizations, and societies. Students analyze the human communication process, develop communication skills, and learn how to facilitate the communication of others. Communication is one of the core national areas and IUN recognizes this need by requiring and/or providing the basic SPCH-S121 Public Speaking course across campus curriculums. For purposes of organization and utility, courses in speech, communication, public relations, journalism, and telecommunications have been combined into a single administrative unit within the department.

The major in communication provides the student with a broad-ranged understanding of human communication processes and the ability to apply basic principles, methods, and findings of human communication behavior and research in a variety of settings. The major serves as a foundation for professional fields such as nonprofit and profit public relations, personnel, sales, and training as well as providing excellent preparation for graduate study in communication, law, the ministry, public administration, public relations, and business.

Communication (COMM), Journalism (JOUR), Speech (SPCH), and Telecommunications (TEL) courses are alpha clustered listed within separate emphasis sections.

Major in Communication
Requirements
1. A minimum of 30 credit hours, with grades of C- or higher, in courses labeled SPCH, COMM, JOUR, or TEL.
2. As part of the 30 credit hours, students must take SPCH-S 122, SPCH-S 424, SPCH-S 400 (must have 21 credit hours completed in the major before taking capstone course), and Tel-C 200 or COMM-M215.
3. Seniors completing 21 credit hours in the major must take SPCH-S 400 (the capstone course).
4. Communication majors must take a minimum of three additional course designated as intensive writing courses. The Department of Communication offers a choice for the second intensive writing course:
   - SPCH-S405
   - SPCH-S427
   - COMM-J429
   - SPCH-S450
5. A minimum of 15 credit hours must be taken at the 300-400 level within the major. 36 hours required overall.
6. Communication majors are required to augment their academic program in communication with a minor (a minimum of 15 credit hours) in another discipline. The student selects the minor area in consultation with a faculty advisor.

Most of the courses fall into one of three interest areas:

Interest Areas for Communication Majors

Cultural & Relational Communication
   - COMM-J 219 Introduction to Public Relations (3 cr.)
   - COMM-M 460 Culture and Mass Communication (3 cr.)
   - SPCH-S 122 Interpersonal Communication (3 cr.)
• SPCH-S 322 Advanced Interpersonal Communication (3 cr.)
• SPCH-S 405 Human Communication Theory (3 cr.) (intensive writing course)
• SPCH-S 450 Gender and Communication (3 cr.) (intensive writing course)

Business Communication and Public Relations
• COMM-J 219 Introduction to Public Relations (3 cr.)
• COMM-C320 Advanced Public Speaking (3 cr.)
• COMM-J321 Advanced Public Relations (3 cr.)
• COMM-J429 Public Relations Campaigns (3 cr.) (intensive writing course)
• SPCH-S 223 Business and Professional Speaking (3 cr.)
• SPCH-S 405 Human Communication Theory (3 cr.)
• SPCH-S 450 Gender and Communication (3 cr.)

New Media Studies and Mass Communication
• COMM-C215 Media Literacy (3 cr.)
• COMM-J 219 Introduction to Public Relations (3 cr.)
• COMM-C 340 Practicum in Media Production (3 cr.)
• COMM-C 351 TV Production I (3 cr.)
• COMM-C462 Media Theory & Criticism (3 cr.)
• JOUR-J 200 Writing for Mass Media (3 cr.)
• TEL-C 200 Introduction to Mass Communication (3 cr.)
• TEL-R 204 Foundations of Telecommunications (3 cr.)
• TEL-R 308 Radio Production and Directing (3 cr.)

Degree Attainment Meets Diverse Scheduling Needs
The Department of Communication is committed to making the communication major available to part-time and working students. Multiple courses are offered in the evening and during the summer to meet diverse scheduling needs. Communication majors must also complete the general education requirements for the Bachelor of Arts degree in the College of Arts and Sciences as well as general university requirements.

Internships
Internships are recommended for communication majors. SPCH-S 490 requirements include minimums of junior or senior standing, 21 credit hours of completed communication courses, a 3.0 grade point average in the major, an overall 2.5 grade point average (or higher), faculty supervision, and departmental approval.

Practicum & Independent Study
There are also practicum and independent study courses such as COMM-C 340 and SPCH-S398 for students wishing to tailor their educational experience.

Interdepartmental Major in African-American and African Diaspora Studies and Communication
The Departments of Communication and Minority Studies offer a thematically integrated major in African-American and African Diaspora and Communication Studies. This interdepartmental major is designed for students who wish to combine substantial African-American and African Diaspora studies with their work in the communication major. (Details available under the “Department of Minority Studies” section of this bulletin.)

Minor in Communication
Requirements
• SPCH-S 121 (3 cr.)
• SPCH-S 122 (3 cr.)
• SPCH-S 223 (3 cr.)
• Select a minimum of 6 credit hours at the 300-400 level

With careful planning, it is possible for students to eventually earn a minor through successfully completing required courses offered during a combination of evenings, summer sessions, and weekends.

Graduate Certificate in Communication Studies
The graduate certificate in Communication Studies is taught consortially by IUPUI, IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.

The IU Online Graduate Certificate in Communication Studies provides graduate-level instruction in communication strategies, practices, and techniques. It teaches practical communication skills needed in professional, academic, and personal contexts, such as presenting information, arguing a position, promoting a cause, presenting information via social media, designing targeted messages, and managing relations and conflicts.

Of Special Interest for Dual-Credit and Community College Instructors
In addition to providing a program of study in communication studies at the graduate level, the IU Online Graduate Certificate in Communication Studies meets the Higher Learning Commissions (HLCs) instructor qualification standards, which require instructors to hold a master's degree in their area of instruction or a master's degree in another discipline, plus a minimum of 18 credit hours of discipline-specific graduate coursework.

This stand-alone certificate provides the HLCs requisite number of discipline-specific graduate credits for those who already hold a master's degree.

Your IU Online Graduate Certificate in Communication Studies prepares you for such careers as:
• Communication dual-credit teacher (high school)
• Communication instructor (community college)
• Communication professional in an organization or institution

Certificate Requirements
To earn the Graduate Certificate in Communication Studies, you must complete 18 credit hours.

Requirements are broken down as follows:
• Communication pedagogy course (3 cr. hours)
• Communication in context courses (9 cr. hours)
• Communication in media course (3 cr. hours)
• Communication elective course (3 cr. hours)

For more information on the Graduate Certificate in Communication Studies see https://online.iu.edu/program/
Fine Arts
Phone: (219) 980-6810  Website: http://www.iun.edu/fine-arts/

About Fine Arts
Two types of courses are offered: history of art, taught by illustrated lectures and class discussion; and practice of art, consisting of studio work on creative and technical problems.

Major in Studio Practice - B.A.
The B.A. in studio practice offers a wide-ranging study of the studio arts with an accompanying minor in Art History to prepare students for lifelong visual literacy and employment in the arts. This program exposes students to multiple introductory through advanced-level studio courses while encouraging exploration with new artistic directions, alternative media, or conceptual works.

Requirements
- Minor in Art History
  - FINA-A101 and FINA-A102 (6 cr.)
  - Art history at the 300 and 400 level (9 cr.)
- Fundamental studio (9 cr.)
- Studio courses above the 100 level (minimum of 19 cr.) must include a minimum of three and a maximum of five of the introductory (200-level) courses
- FINA-A 435 Art Theory for Graduating Seniors (2 cr.) must be taken during the fall semester.
- During the final year, students have the option to choose to assume full responsibility for mounting a personal exhibit that will include terminal and representative work in the major field. To participate in the senior exhibition, the student must:
  - File in the departmental office an "Intent to Graduate" one calendar year prior to the intended completion date. You must meet with your principal teacher to determine if you are prepared to enroll in FINA-S 497.
  - Submit a portfolio of the most recent and best work in the major discipline to the departmental office before the completion of the fall semester, prior to enrolling in FINA-S 497. The studio program in the final year shall be coordinated with the evaluation of the portfolio.
  - Enroll in FINA-S 497 Independent Study in Studio Art for the spring semester during the final year. (1-3 cr.)
  - Prepare the exhibit under the principal teacher's guidance. This will include drafting a descriptive statement about the work in the exhibit: goals, intent, approach, techniques, etc.
  - Be prepared to exhibit in accordance with the departmental schedule at any time during the final semester. FINA-A 435 and FINA-S 497 fulfill the capstone requirement.
- Graduating Senior Exhibit
- Students must also complete the general requirements of the College of Arts and Sciences

Total (45 cr.)
The final grade for FINA-S 497 will be based on Senior Exhibit, and will be determined by a faculty committee.

Transfer Credit in Studio
All incoming students who want to transfer studio credit from another institution must submit a portfolio. This should be in the form of slides, photographs, or compact discs, and should include the better work done in each course for which credit transfer is desired. The faculty shall devise a minimal studio program in residence, specifically based upon evaluation of the portfolio, for each transfer student.

Interdepartmental Major: CIS and Fine Arts
Bachelor of Arts in Computer-based Graphic Arts
Computer-based graphic artists are sought-after in the job market. The students who graduate with this degree will have a strong background in artistic (fine arts) and computer (CIS) skills. Computer-based graphic arts are widely used tools in business, industry, and the arts.

The student will have two official advisors—one in the Department of Fine Arts and one in Computer Information Systems—who will help plan the course of study in detail and with frequent consultations.

Requirements in Department of Fine Arts Va (25 cr.)
- Select one of the following:
  - FINA-F 100 Fundamental Studio-Drawing (3 cr.)
  - FINA-F 102 Fundamental Studio-2D (3 cr.)
- FINA-S 250 Introduction to Design Practice (3 cr.)
- FINA-S 351 Typography (3 cr.)
- FINA-S 352 Production for Graphic Design (3 cr.)
- FINA-S 353 Graphic Design IV (3 cr.)
- FINA-S 413 Typography (2 cr.)
- FINA-S 414 Layout and Design (2 cr.)
- FINA-S 415 Package Design (2 cr.)
- FINA-S 451 Graphic Design Problem Solving (3 cr.)
- FINA-S 497 Capstone - Independent Study in Fine Arts (1-3 cr.)

Requirements in Department of Fine Arts Vb (8 cr.)
- 3 credit hours in the FINA-A100 series (history of art)
- 3 credit hours of 300 or 400 level art history
- FINA-A435 CAPSTONE Art Theory (2 cr.)

Requirements in Computer Information Systems (18 cr.)
- CSCI-A 106 Introduction to Computing (3 cr.)
- CSCI-A 251 Introduction to Digital Imaging Application (3 cr.)
- CSCI-A 348 Mastering the World Wide Web (3 cr.)
- INFO-N 248 Design Principles in Web Design (3 cr.)
- INFO-N 215 Online Document Development (3 cr.)
- Select one of the following:
  - CSCI-A 340 An Introduction to Web Programming (3 cr.)
• or INFO-I 310 Multimedia Arts and Technology (3 cr.)
• or INFO-I 400 Topics in Informatics (3 cr.)
• or CSCI-C 390 Individual Programming Lab (3 cr.)

Total (51 cr.)

In addition to the preceding courses the students are responsible for fulfilling the general requirements of the College of Arts and Sciences.

There is a Bachelor of Science version of this interdepartmental degree. See the Fine Arts Department section for details. schools/coas/departments/computer/major-cis-arts

Minor in Art History
Requirements
• FINA-A 100 level art history courses (6 cr.)
• 300 or 400 level art history courses, excluding FINA-A 435 (9 cr.)

Total (15 cr.)

Minor in Graphic Design
Working across media, IU Northwest graphic design students gain technical and creative thinking skills while learning design methods and processes essential to a professional career in design. The Minor in Graphic Design will give students an introduction to the standards of a professional design practice while teaching them production and technical skills necessary to pursue a career as a production design or junior designer.

Requirements
Core courses (6 credit hours)
• FINA-S 250 Introduction to Design Practice (3 cr.)
• FINA-S 351 Typography (3 cr.)

Elective courses (9 credit hours)
• FINA-S 352 Production for Graphic Design (3 cr.)
• FINA-S 353 Graphic Design IV (3 cr.)
• FINA-S 413 Typography (2 cr.)
• FINA-S 414 Layout and Design (2 cr.)
• FINA-S 415 Package Design (2 cr.)
• FINA-S 400 Independent Studio Projects (1-6 cr.)
• FINA-S 451 Graphic Design Problem Solving (3 cr.)

Total (15 cr.)

Minor in Fine Arts
Six options: Drawing, Painting, Printmaking, Photography, Sculpture, Ceramics, Graphic Design

Required courses in all options:
• Select one of the following (3 cr.)
  • FINA-F 100
  • FINA-F 101
  • FINA-F 102
• Art history FINA-A 100 level (3 cr.)
• 3 Studio Art classes at the 200 or above level (9 cr.)

Total (15 cr.)

Major in Studio Practice - B.F.A.
The B.F.A. degree offers an intensive study of the studio arts with an accompanying focus on art history to prepare students for lifelong visual literacy, employment in the arts, and application to graduate programs. This program requires students to master introductory through advanced-level studio courses in a specific medium while encouraging exploration with new artistic directions, alternative media, or conceptual works.

Admission to B.F.A Program
Admission to the B.F.A program is based upon a portfolio and transcript review at the end of the sophomore year. Prerequisites for admission include:

1. Completion of the following courses:
   • A101 and A102 art history (6 cr.)
   • Fundamental studio (9 cr.)
   • Two, 200 level studio courses
   • English W131
   • One of the following math courses: M100, M118, M119, M125, or M215
   • Portfolio review by department committee

Requirements Va (57 cr.)
• Fundamental Studio (9 cr.)
• Studio courses above 100 level (48 cr.) must include a minimum of three and a maximum of six of the introductory (200 level courses)
• S497 Independent Study in Studio Art, Capstone, for the spring semester during the final year (1-3 cr.)
• During the final year, each student must assume full responsibility for mounting a personal exhibit that will include terminal and representative work in the major field and, if applicable, in the minor field as well. To meet this requirement, the student must:
  • File in the departmental office an "Intent to Graduate" one calendar year prior to the intended completion date. You must meet with your principal teacher to determine if you are prepared to enroll in FINA-S 497.
  • Submit a portfolio of the most recent and best work in the major discipline to the departmental office before the completion of the fall semester, prior to enrolling in FINA-S 497. The studio program in the final year shall be coordinated with the evaluation of the portfolio.
  • Enroll in FINA-S 497 Independent Study in Studio Art for the spring semester during the final year. (1-3 cr.)
  • Prepare the exhibit under the principal teacher's guidance. This will include drafting a descriptive statement about the work in the exhibit: goals, intent, approach, techniques, etc.
  • Be prepared to exhibit in accordance with the departmental schedule at any time during the final semester. FINA-A 435 and FINA-S 497 fulfill the capstone requirement.
  • Graduating Senior Exhibit
• Students must also complete the general requirements of the College of Arts and Sciences
• The final grade for FINA-S497 will be based on the Senior Exhibit, and will be determined by a faculty committee.

Requirements Vb (14 cr.)
  • FINA-A 101 and FINA-A 102 art history (6 cr.)
  • Two 300 level art history (6 cr.)
  • FINA-A 435 (2 cr.)

Total (71 cr.)

Transfer Credit in Studio

All incoming students who want to transfer studio credit from another institution must submit a portfolio. This should be in the form of slides, photographs, or compact discs, and should include the better work done in each course for which credit transfer is desired. The faculty shall devise a minimal studio program in residence, specifically based upon evaluation of the portfolio, for each transfer student.

Performing Arts

Phone: (219) 980-6810
Website: http://www.iun.edu/performing-arts/

Performing Arts
Performing arts provides academic curricula in music, theatre, and dance for students who seek to develop careers in these areas. Extensive performance programs provide practical experiences that complement classroom study.

Major in Theatre
The Department of Performing Arts (THTR) recognizes a symbiotic relationship between theatre production experience and classroom study. Requirements for the Major in Theatre are therefore distributed between practicum, production laboratory, and academic courses in the performing arts.

Requirements (39 cr.)

THEATRE CORE courses (9 cr.)
  • THTR-T 120 Acting I (3 cr.)
  • THTR-T 228 Design for the Theatre (3 cr.)
  • THTR-T 340 Directing I (3 cr.) prerequisites: THTR-T 120 and THTR-T 228 or consent of instructor

PRODUCTION EXPERIENCE (9 cr.)
  • THTR-T 168 Practicum (total of 6 cr. required, 1-2 cr. per semester) work on a campus production as a member of the acting company, stage management crew, or production staff
  • THTR-T 490 Independent Study in Theatre and Drama (3 cr.) a capstone project planned in advance with a theatre faculty advisor

LABORATORY EXPERIENCE (6 cr.)
  • Select two from the following:
    • THTR-T 225 Stagecraft I (3 cr.)

HISTORY, LITERATURE, THEORY (6 cr.)
  • THTR-T 470 History of the Theatre I (3 cr.)
  • THTR-T 471 History of the Theatre II (3 cr.)

THTR ELECTIVES (9 cr.)
  • Select from any THTR courses not listed above

UPPER DIVISION COURSES IN MAJOR (300 level or above) (15 cr.)

Minor in Theatre
Requirements (15 cr.)

THEATRE CORE course (3 cr.)
  • Select one from the following:
    • THTR-T 120 Acting I (3 cr.)
    • THTR-T 228 Design for the Theatre (3 cr.)

PRODUCTION EXPERIENCE (3 cr.)
  • THTR-T 168 Practicum (1-2 cr. per semester) work on a campus production as a member of the acting company, stage management crew, or production staff

LABORATORY EXPERIENCE (3 cr.)
  • Select one from the following:
    • THTR-T 225 Stagecraft I (3 cr.)
    • THTR-T 230 Costume Design and Technology (3 cr.)
    • THTR-T 335 Stage Lighting Design (3 cr.)

HISTORY, LITERATURE, THEORY (3 cr.)
  • Select one from the following:
    • THTR-T 470 History of the Theatre I (3 cr.)
    • THTR-T 471 History of the Theatre II (3 cr.)

THTR ELECTIVES (3 cr.)

Music and Dance Program
The Department of Performing Arts offers coursework in a variety of Music and Dance Courses for students who wish to learn a new instrument, dance style, or further refine their skills.

Music Courses include
  • MUS-M174 Music for the Listener (3 cr.)
  • MUS-M333 Hip-Hop Music and Culture (3 cr.)
  • MUS-P100 Piano Elect-Secondary (1-4 cr.)
  • MUS-V100 Voice Elective-Secondary (1-4 cr.)
  • MUS-Z 201 History of Rock and Roll Music (3 cr.)

Dance Courses include
  • MUS-J 100 Ballet (2 cr.)
  • MUS-J 200 Ballet (secondary) (2 cr.)
  • THTR-D115 Modern Dance I (2cr.)
  • THTR-D140 Jazz I (2cr.)
  • THTR-D205 Choreography (3 cr.)
  • THTR-D231 Intro to Dance Studies (3cr.)
Courses in Music and Dance
- MUS-M 174 is a music history and literature course
- Ensemble courses include
  - MUS-J 100 (3 cr.)
  - MUS-J 200 (3 cr.)
  - MUS-J 210 (3 cr.)
  - MUS-J 405 (3 cr.)
  - MUS-J 320 (3 cr.)
- Applied music courses include
  - MUS-P 100 (3 cr.)
  - MUS-V 100 (3 cr.)

Departments
Biology
Phone: (219) 980-6724
Webpage: http://www.iun.edu/biology

About the Department of Biology
Biology is the study of life. The Department of Biology at IU Northwest offers an interdisciplinary program in the life sciences leading to a Bachelor of Science degree, or a Bachelor of Arts degree. Students majoring in other subjects may also earn a Minor in Biology. Our undergraduate programs are designed to interface with the faculty's expertise in biomedical sciences, biotechnology, and environmental and ecological sciences. The programs are diverse, flexible, and designed to accommodate individuals who have a wide range of interests within the life sciences. Courses are available for students seeking preprofessional training in the medical sciences (premedical, pre dental, and allied health sciences), for those pursuing occupations in biotechnology, forensics, and the pharmaceutical industry, for students intending to continue with graduate studies, and for those interested in environment and conservation. We firmly believe that the training of an undergraduate student is enhanced by experience in the "discovery side" of the discipline. Thus, students are encouraged to participate in research with faculty mentors. Our faculty maintain research collaborations at research institutions within greater metropolitan area including the IU School of Medicine located accross campus. This expands the opportunities for our students to engage in research projects with a broad spectrum of life scientists within and outside of Indiana University.

Each student majoring in biology is encouraged to acquire in-depth knowledge in related scientific disciplines or in other areas of study that use biology or contribute to biological methodologies. Biology students are thus encouraged to consider obtaining a minor in another area of study. The student's advisor will help plan such a program, which may be in disciplines in the College of Arts and Sciences or in other divisions of the university.

In addition to course work structured for the biology major, the Biology Department offers an array of classes designed for students majoring in other disciplines who are interested in certain areas of the life sciences.

The Department of Biology sponsors a chapter of Beta Beta Beta, the national biology honor society. Moreover, many of our students belong to student run organizations with faculty advisors such as the Biology Club and the PreProfessional Studies Club. These organizations foster friendships and community among students interested in the biological sciences and other sciences, and offer outside avenues for learning and gaining experience related to their formal training within the department.

Special Programs for Preprofessional Students in the Health Sciences
Students interested in a preprofessional curriculum for medicine, dentistry, podiatry, optometry, or other health fields should refer to the preprofessional curriculum section in this bulletin. No specific major or degree program is required for preprofessional students. Students desiring a B.S. or B.A. biology degree should consult with the biology faculty and advisor to plan their course work. Most professional schools prefer students who will have completed a B.S. or B.A. degree before actually beginning the professional curriculum.

Options for Special Credit
Course credit may be awarded for high scores on the Advanced Placement and College Entrance Examination Board tests. Please see the Admissions Office and/or the Biology Department for more information.

Major in Biology - B.S.
The Bachelor of Science in Biology degree provides students with a rigorous general background in the field of biology to prepare for graduate or professional school or science-related jobs requiring bachelor's-level training. The requirements in chemistry, mathematics, and physics have been selected to optimize the student's future opportunities. The degree provides a solid foundation in fundamental biology and cognate areas.

Requirements
Students must take the following sequence of classes in the major discipline (Group Va courses):

- BIOL-L 101 (4 cr.)
- BIOL-L 102 (4 cr.) prerequisite* of BIOL-L 101
- BIOL-L 211 (3 cr.) prerequisite* of BIOL-L 101
- BIOL-L 311 (4 cr.) prerequisite* of BIOL-L 211

*=passing with a grade of C- or better

- At least 25 additional credit hours in Biology upper-level (300-400) courses must be completed.
- Students must complete at least four additional upper level labs.
- BIOL-L 403 (Senior Seminar, 1 cr.) must be completed during the senior year.
- A course such as BIOL-L 331, BIOL-L 420, BIOL-Z 466 or BIOL-L 473 will satisfy the capstone requirement.

A minimum of one course must be taken from the three areas listed below (each with example courses):

- Molecular and Cellular Biology
  - BIOL-L 312 (3-4 cr.)
  - BIOL-M 310 (3-4 cr.)
  - BIOL-L 321 (3 cr.)
  - BIOL-L 323 (3 cr.)

- Genetics, Development, Evolutionary Biology
• BIOL-L 318 (3 cr.)
• BIOL-L 331 (3 cr.)
• BIOL-Z 317 (3 cr.)
• Ecology, Physiology, and Organismal Biology
  • BIOL-B 351 (3 cr.)
  • BIOL-B 352 (2 cr.)
  • BIOL-Z 406 (3-4 cr.)
  • BIOL-L 473 (3-4 cr.)
  • PHSL-P 416 (3 cr.)
  • PHSL-P 461 (4 cr.)
  • PHSL-P 431 (4 cr.)

Students should consult with the Biology faculty for additional information concerning prerequisites and course content.

In addition to the required biology courses, the student must complete the following courses outside the major discipline (Group Vb courses):

• The following courses are required:
  • CHEM-C 105 (3 cr.)
  • CHEM-C 125 (2 cr.)
  • CHEM-C 106 (3 cr.)
  • CHEM-C 126 (2 cr.)
  • CHEM-C 341 - Organic Chemistry I (3 cr.)
  • CHEM-C 343 - Organic Chemistry I lab (2 cr.)
  • CHEM-C 342 - Organic Chemistry II (3 cr.)

• Select one of the following
  • CHEM-C344 - Organic Chemistry II lab (2 cr.)
  • BIOL-L 323 - Molecular Biology lab (3 cr.)

• Select one of the following series of physics classes
  • PHYS-P 201 (5 cr.) and PHYS-P 202 (5 cr.)
  • PHYS-P 221 (5 cr.) and PHYS-P 222 (5 cr.)

• Math-M215 - Calculus (5 cr.)
• PSY-K 300 - Statistics (3 cr.)

• select one of the following computer science classes:
  • CSCI-A 106 (3 cr.)
  • CSCI-C 106 (3 cr.)
  • CSCI-A 201 (4 cr.)
  • CSCI-C 201 (4 cr.)

In addition to the above courses, the student is responsible for fulfilling the general requirements of the Bachelor of Science degree as established by the College of Arts and Sciences.

**Major in Biology - B.A.**

**Requirements**

Students must take the following sequence of classes in the major discipline (Group Va courses):

• BIOL-L 101 (4 cr.)
• BIOL-L 102 (4 cr.) prerequisite* of BIOL-L 101
• BIOL-L 211 (3 cr.) prerequisite* of BIOL-L 101
• BIOL-L 311 (4 cr.) prerequisite* of BIOL-L 211

*=passing with a grade of C- or better
• At least 18 additional credit hours in Biology upper-level (300-400) courses must be completed.
• Students must complete at least two additional upper level labs.
• A course such as BIOL-L 331, BIOL-L 420, BIOL-Z 466 or BIOL-L 473 will satisfy the capstone requirement.

A minimum of one course must be taken from the three areas listed below (each with example courses):

• Molecular and Cellular Biology
  • BIOL-L 312 (3-4 cr.)
  • BIOL-M 310 (3-4 cr.)
  • BIOL-L 321 (3 cr.)
  • BIOL-L 323 (3 cr.)

• Genetics, Development, Evolutionary Biology
  • BIOL-L 318 (3 cr.)
  • BIOL-L 331 (3 cr.)
  • BIOL-Z 317 (3 cr.)

• Ecology, Physiology, and Organismal Biology
  • BIOL-B 351 (3 cr.)
  • BIOL-B 352 (2 cr.)
  • BIOL-Z 406 (3-4 cr.)
  • BIOL-L 473 (3-4 cr.)
  • PHSL-P 416 (3 cr.)
  • PHSL-P 461 (4 cr.)
  • PHSL-P 431 (4 cr.)

Students should consult with the department for additional information concerning prerequisites and course content.

• The following general chemistry courses outside the major discipline (Group Vb courses) are required and should be taken concurrently with BIOL-L 101 and BIOL-L 102
  • CHEM-C 105 (3 cr.)
  • CHEM-C 125 (2 cr.)
  • CHEM-C 106 (3 cr.)

Students planning on applying to graduate or professional school should take:

• chemistry through CHEM-C 344
• PHYS-P 201
• PHYS-P 202
• mathematics at least through MATH-M 215
• statistics (PSY-K 300 or equivalent)
• computer language / application course.

In addition to the above courses, the student is responsible for fulfilling the general requirements of the Bachelor of Arts degree as established by the College of Arts and Sciences.

**TSAP in Biology - B.A. or B.S.**

Completion of an eligible AS or AA degree at Ivy Tech or Vincennes may put you on a Single Articulation Pathway to a BA or BS at IU Northwest, without a loss of credit hours.

**Minor in Biology**

A biology minor requires a minimum of 18 credit hours in biology. Students must complete one 100 level biology course (e.g. L100 or P130) and at least four (4) additional biology classes at the 200 level and above. Alternatively, a minor can be earned by taking L101, L102, and at least three (3) additional biology classes at the 200 level and above.

**Graduate Certificate in Biology**

*This 100 percent online, consortial program is taught by IU Bloomington, IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.*

As a student in the IU Online Graduate Certificate in Biology, you analyze and explore the nature of life and living organisms at an advanced level. You gain the ability to break down and analyze biological concepts for an undergraduate audience, the ability to develop and analyze hypotheses and experiments, a fluency with scientific literature, and a richer understanding of biology in the natural world around us.

Specific areas of focus include:

- Evolution
- Ecology and environmental biology
- Organismal biology
- Cell and molecular biology, and biochemistry
- Genetics, bioinformatics, and genomics
- Anatomy and physiology
- Developmental biology

**Of Special Interest for Dual-credit and Community College Instructors Needing to Meet HLC Standards**

The Higher Learning Commission (HLC) requires all high school teachers who teach dual-credit or other college-level courses to hold a master's degree in the field, or to have a master's degree in another area (such as education), plus at least 18 credit hours of graduate coursework in the discipline. The Graduate Certificate in Biology provides these 18 discipline-specific credit hours.

Your IU Online Graduate Certificate in Biology prepares you for such careers as:

- Biology dual-credit teacher (high school)
- Biology instructor (community college)

**Certificate Requirements**

To earn the Graduate Certificate in Biology, you must complete 18 credit hours.

Requirements are broken down as follows:

- Core course (3 credit hours)
- Molecular-cellular-level electives (6 credit hours)
- Organismal-level electives (6 credit hours)
- Capstone course (3 credit hours)

For more information see [https://online.iu.edu/program/indiana-university-online-biology-certificate-1581609009543](https://online.iu.edu/program/indiana-university-online-biology-certificate-1581609009543).

**MAT in Biology**

This 100 percent online, consortial program is taught by IU Bloomington, IU East, IUPUI, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast. This consortial model allows you to take coursework from several campuses and learn from a wide range of faculty.

The IU Online Master of Arts for Teachers in Biology combines coursework in education and biology to prepare you to be a dual-credit instructor at the high school and community college levels.

The educational component of the program teaches you how to apply the science and art of teaching to college-level instruction. Coursework covers instruction and curriculum, assessment, diversity and inclusive teaching, and research.

As a student in the biology component of the program, you study the nature of living organisms at an advanced level. You gain the ability to break down and analyze biological concepts for an undergraduate audience, the ability to develop and analyze hypotheses and experiments, a fluency with scientific literature, and a richer understanding of biology in the natural world around us.

**Of Special Interest for Teachers/Instructors Needing to Meet HLC Dual-Credit Standards**

The stackable structure of the MAT in Biology is ideal for those who want to teach dual-credit courses and who need to meet Higher Learning Commission dual-credit qualification standards. These standards require teachers wanting to teach dual-credit courses in biology to hold either a master's degree in biology or a master's degree in another discipline (such as education), plus at least 18 credit hours of discipline-specific graduate coursework.

- If you need both discipline-specific coursework and a master's degree, the MAT in Biology meets HLC standards.
- If you already hold a master's degree in a discipline other than biology, you can meet HLC standards by completing the Graduate Certificate in Biology.

**MAT Requirements**

To earn the MAT in Biology, you must complete 30 credit hours.

Requirements are broken down as follows:

- Core course (3 credit hours)
- Molecular-cellular electives (6 credit hours)
- Organismal electives (6 credit hours)
- Capstone course (3 credit hours)
- Education component (12 credit hours)

For more information see [https://online.iu.edu/program/indiana-university-online-biology-mat-master-1588102013870](https://online.iu.edu/program/indiana-university-online-biology-mat-master-1588102013870).

**Courses for Nonmajors**

The BIOL-L 100 course offers the nonmajor an opportunity to examine the fundamental principles of biology or to
prepare for more advanced courses should the student decide to continue in biology.

The 200-400 level nonmajor courses are designed to acquaint students possessing minimal science background with the basic principles underlying the modern biological sciences.

In addition to BIOL-L 100, the following courses can be taken by nonmajors: BIOL-L 104, PHSL-P 130, BIOL-L 200, BIOL-M 200, BIOL-L 215, PHSL-P 261, PHSL-P 262, PHSL-P 263, BIOL-L 300, BIOL-L 302, BIOL-L 316, BIOL-L 363, BIOL-L 378, BIOL-L 490 and BIOL-L 499

**Chemistry, Biochemistry, Physics, and Astronomy**

Phone: (219) 980-6740
: [http://www.iun.edu/chemistry/](http://www.iun.edu/chemistry/)

**Chemistry and Biochemistry**

The chemistry major provides an excellent academic background for graduate school; for a career as an industrial chemist; for acceptance into medical, dental, veterinary or other professional health-related programs; and for positions in chemical instrument sales or chemically related administrative positions. Regardless of which degree track students seek, they are encouraged to take as many chemistry courses as possible above the minimum to enhance their professional skills and employment opportunities.

The biochemistry major, like the chemistry major, has many attractive attributes for potential students. The most significant difference between the chemistry and biochemistry majors is that biochemistry has a focus on chemical aspects of the life sciences in the junior and senior years. Consequently, the major is an excellent choice for students interested in a combination of chemistry and life science.

All bachelor degrees require a minimum of 120 credits hours. The general education (Core) requirements for the B.A. and B.S. degrees must be satisfied along with the credits for the major.

Honors Track: The Chemistry and Biochemistry B.S. degrees have honors tracks. See department advisor for details.

**Recommended Minors (15 to 20 credit hours)**

Although a minor is not required, it may enhance professional opportunities. Recommended minors: include biology, geosciences, mathematics and or physics. Consult the chemistry department or the appropriate department for details. The interdisciplinary nature of the B.S in Chemistry or Biochemistry is such that a student can make substantial progress in one or more of these listed minors.

**About the B.S. Chemistry or Biochemistry Degree**

The American Chemical Society certifies the IU Northwest ACS Chemistry degree. Graduates of this program will be recommended to the American Chemical Society as having fulfilled requirements of the ACS Committee on Professional Training. The B.S. degree emphasizes science and mathematics courses as major requirements outside of the major required core. An honors sequence is available for the B.S. degree. The Honors Track requires (1) Research, (2) Minimum Chemistry GPA 3.4 and (3) a senior thesis. Consult the department for further detail.

**Degree Departmental Requirements**

**Bachelor of Science**

PHYS-P 301 can, on alternate years, be substituted for CHEM-C 362. See department advisor for which courses satisfy STEM credits.

**About the B.A. Chemistry or Biochemistry Degree**

The B.A. degree is intended for students who desire a degree in chemistry or biochemistry but have an interest in a wider variety of courses in the humanities and social sciences as well as a foreign language.

**Degree Departmental Requirements**

**Bachelor of Arts**
### Minor in Chemistry

The Minor in Chemistry is available to any student who has passed the following courses with a grade of C-(minus) or better.

#### Requirements (19 credit hours)
- CHEM-C 105
- CHEM-C 125
- CHEM-C 126
- CHEM-C 341

plus two additional 300 or 400 level chemistry courses of 3 credit hours or more.

### Graduate Certificate in Chemistry

*This 100 percent online, consortial program is taught by IU Bloomington, IU East, IU Kokomo, IU Northwest, and IU Southeast.*

As a student in the IU Online Graduate Certificate in Chemistry, you analyze and explore the chemical processes and principles of organic and inorganic substances. You develop an understanding of multiple subdisciplines of chemistry, and you adopt a methodological approach to problem solving. When you complete the certificate, you will be able to break down chemical concepts and processes, design experiments and assignments to teach chemical concepts, and critically analyze chemistry-related press releases and news.

Specific areas of focus include:
- Inorganic chemistry
- Organic synthesis
- Organic spectroscopy
- Physical chemistry
- Biochemistry
- Environmental chemistry
- Nuclear chemistry

### Of Special Interest for Dual-Credit and Community College Instructors Needing to Meet HLC Standards

The Higher Learning Commission (HLC) requires all high school teachers who teach dual-credit courses to hold a master's degree in the field, or to have a master's degree in another area (such as education), plus at least 18 credit hours of graduate coursework in the discipline. The Graduate Certificate in Chemistry provides these 18, discipline-specific credit hours.

#### Certificate Requirements

To earn the Graduate Certificate in Chemistry, you must complete 18 credit hours.

Requirements are broken down as follows:
- Core course (3 credit hours)
- Electives (15 credit hours)

To learn more about the Graduate Certificate in Chemistry see [https://online.iu.edu/program/indiana-university-online-chemistry-certificate-1581610853064](https://online.iu.edu/program/indiana-university-online-chemistry-certificate-1581610853064).
MAT in Chemistry
This 100 percent online, consortial program is taught by IU Bloomington, IU East, IU Kokomo, IU Northwest, and IU Southeast.

The IU Online Master of Arts for Teachers in Chemistry combines coursework in education and chemistry to prepare you to be a dual-credit instructor at the high school and community college levels.

The educational component of the program teaches you how to apply the science and art of teaching to college-level instruction. Coursework covers instruction and curriculum, assessment, diversity and inclusive teaching, and research.

As a student in the chemistry component of the program, you study the chemical processes and principles of organic and inorganic substances in everyday life. You develop a dialogue with multiple sub-disciplines of chemistry, and you adopt a methodological approach to problem solving. You will learn how to break down chemical concepts and processes, design experiments and assignments to teach chemical concepts, and critically analyze chemistry-related press releases and news.

Of Special Interest for Teachers/Instructors Needing to Meet HLC Dual-Credit Standards
The stackable structure of the MAT in Chemistry is ideal for those who want to teach dual-credit courses and who need to meet Higher Learning Commission dual-credit qualification standards. These standards require teachers wanting to teach dual-credit courses in chemistry to hold either a master’s degree in chemistry or a master’s degree in another discipline (such as education), plus at least 18 credit hours of discipline-specific graduate coursework.

- If you need both discipline-specific coursework and a master’s degree, the MAT in Chemistry meets HLC standards.
- If you already hold a master’s degree in a discipline other than chemistry, you can meet HLC standards by completing the Graduate Certificate in Chemistry.

MAT Requirements
To earn the Master of Arts for Teachers in Chemistry, you must complete 30 credit hours.

Requirements are broken down as follows:
- Capstone (3 credit hours)
- Electives (15 credit hours)
- Education component (12 credit hours)

For more information see https://online.iu.edu/program/indiana-university-online-chemistry-mat-master-1588096704951.

Chemistry Courses for Non Majors
These courses can be used to fulfill science general education requirements or requirements in health fields such as nursing, dental hygiene, etc. Students in the health fields should contact their program for verification. CHEM-C 101 and CHEM-C 121 are excellent preparatory in courses in chemistry for students majoring in the sciences.

- CHEM-C 100 (The World of Chemistry, 3 cr)
- CHEM-C 101 (Elementary Chemistry I, 3 cr)
- CHEM-C 102 (Elementary Chemistry II, 3 cr)
- CHEM-C 110 (The Chemistry of Life, 3 cr)
- CHEM-C 120 (Chemistry Laboratory, 2 cr)
- CHEM-C 121 (Elementary Chemistry Laboratory I, 2 cr)
- CHEM-C 122 (elementary Chemistry Laboratory II, 2 cr)

Courses for ACS Degree (B.S.). Degree
The ACS B.S. degree in chemistry is certified by the American Chemical Society. Students seeking this certification must take at least one semester of biochemistry (CHEM-C484).

Physics
The Physics program does not offer a major but does offer a minor in physics.

Minor in Physics
Requirements (16 credit hours).

Two sequences are available to the student: calculus and non-calculus. Students seeking the physics minor are encouraged to discuss their course schedule with the department.

<table>

Credits 16 or 17  16 or 17

See department advisor for other courses that might apply to the physics minor.

Physics and Astronomy Courses for Non-Majors
The following courses are intended for students not majoring in the sciences. They assume little or no background in science or mathematics. PHYS-P 101 can serve as an excellent preparatory course for PHYS-P 201 or PHYS-P 221. All courses listed can be used to satisfy divisional distribution requirements as well as prepare students for 200 level general physics.

- PHYS-P 101 (Physics in the Modern World, 4 cr)
- AST-A 100 (The Solar System, 3 cr)
- AST-A 105 (Stars and Galaxies, 3 cr)
- AST-A 109 (Charting the Night Sky, 3 cr)
- AST-A 200 (Introduction to Cosmology, 3 cr)

Interdepartmental Major in Environmental Science - B.S.
The Interdepartmental major involving Biology, Chemistry, and Geology in Environmental Science provides rigorous interdisciplinary background in the natural science
segment of the environmental sciences, combined with a significant background in the allied disciplines of physics and mathematics, and coursework in environmental affairs. Please see Geosciences for further details.

Computer Information Systems
Phone: 219-980-6638
Website: [http://www.iun.edu/cis/](http://www.iun.edu/cis/)

B.S. in Computer Information Systems (CIS)

Requirements

**Group Va Major**—Computer Information Systems Core (45 cr.)
- CSCI-C 106 (3 cr.)
- CSCI-C 150 (3 cr.)
- CSCI-A 106 (3 cr.)
- CSCI-A 247 (3 cr.)
- CSCI-A 285 (3 cr.)

Select one of the following programming options:
- option A
  - CSCI-A 201 (4 cr.)
  - CSCI-A 302 (4 cr.)
- option B
  - CSCI-C 201 (4 cr.)
  - CSCI-C 307 (3 cr.)
- option C
  - CSCI-A 210 (4 cr.)
  - CSCI-A 346 (3 cr.)

All of the following:
- CSCI-C 330 (3 cr.)
- CSCI-C 430 (3 cr.)
- CSCI-C 442 (3 cr.) or INFO-I 421 (3 cr.)
- INFO-I 402 (3 cr.)

Select one of the following for the capstone requirement:
- CSCI-Y 398 (1-6 cr.)
- CSCI-C 390 (1-6 cr.)

CIS Electives to complete 45 credit hours.

**Group Vb**
- Complete ENG-W231, MATH-M118, and PSY-K 300 (C- or better is required)

Microcomputer Applications Proficiency Test
- A microcomputer applications proficiency test allows students to test out of CSCI-A 106 Introduction to Computing (3 cr.). The test consists of online and written modules that measure the student's ability to perform various tasks upon actual computer files. Achieving a total minimum grade of 70 percent would allow a student to test out of CSCI-A 106. However, in order to receive credit hours for the course, a student must satisfactorily complete either CSCI-A 285 or CSCI-A 213 with a C (2.0) or higher. Such a student will be eligible for 3 credit hours of special credit with a grade of S. It is the responsibility of the student to request that CIS forward this information to his or her division.

Each module will be graded separately. Achieving a minimum grade of 70 percent for a module would allow a student to test out of that particular module. CIS provides a method for students to receive instruction only in the areas where placement scores indicate that they are deficient by teaching three 1 credit hour courses taught concurrently with CSCI-A 106: CSCI-A 103 (word processing), CSCI-A 104 (spreadsheets), and CSCI-A 105 (relational database).

**Group VI: Minor**
- Students must select a minor in any area. (A business, SPEA, or Health Information Management minor is very marketable with the computer information systems degree.)

Electives and Internship
- Each student will be required to gain sufficient elective or internship credit to meet the minimum 120 credit hour requirement.
- A maximum of 6 credit hours may be awarded for successful completion of an internship. Credit not given for both COAS-W 398 and CSCI-Y 398 in excess of 6 credit hours. The CSCI-Y 398 Internship is considered a capstone course. While internships are opportunities to learn new skills, CIS interns are often hired based on their cumulative knowledge and ability to provide employers with needed skills.
- CIS Internship credit is normally awarded 1 credit hour a semester.
- Consult the department chairperson for specific details concerning registration requirements, and check with Career Services for internship opportunities.

In addition to the preceding courses the student is responsible for fulfilling the general requirements of the College of Arts and Sciences.

B.S. in Informatics (INFO)

Requirements

Students must complete the general requirements of the College of Arts and Sciences. This includes at least 120 total credit hours, at least 36 credit hours at the 300 and 400 level, and at least 105 credit hours of COAS courses.

**Group Va—Major (55-58 cr.)**

The major requirements are organized into three categories:
- Informatics Core (34 cr.)
- Informatics Electives (6 cr.)
- Tract Area (15-18 cr.)

**Informatics Core (34 credit hours)**

Required (22 cr.)
- INFO-I 101 Introduction to Informatics (4 cr.)
- INFO-I 201 Mathematical Foundations of Informatics (4 cr.)
- INFO-I 202 Social Informatics (3 cr.)
- INFO-I 210 Information Infrastructure I (4 cr.)
- INFO-I 211 Information Infrastructure II (4 cr.)
- INFO-I 308 Information Representation (3 cr.)
- Select two of the following (6 cr.)
• INFO-I 300 Human-Computer Interaction (3 cr.)
• INFO-I 303 Organizational Informatics (3 cr.)
• INFO-I 310 Multimedia Arts and Technology (3 cr.)
• INFO-I 320 Distributed Systems and Collaborative Computing (3 cr.)
• Select one of the following three capstone options (6 cr.)
  • INFO-I 494 and INFO-I 495 Design and Development of an Information System I/II (3 - 3 cr.)
  • INFO-I 492 and INFO-I 493 Senior Thesis I/II (3 & 3 cr.)
  • INFO-I 491 Capstone Project Internship (1 cr. may be repeated up to 6 cr.)

Total (34 cr.)

Electives (6 cr.)
Tract Area (15-18 credit hours)—Select one Tract Area
Please see the individual departments for specific information on the Tract Area.

Group Vb
Complete the following courses (C- or better required):
• ENG-W 231
• MATH-M 118 or MATH-M 119
• PSY-K 300

In addition to the preceding courses the student is responsible for fulfilling the general requirements of the College of Arts and Sciences.

B.S. in Informatics (INFO) ONLINE
The BS in Informatics is jointly offered by six IU campuses: East, IUPUI, Kokomo, Northwest, South Bend, and Southeast. You will be assigned to a “home” campus, or campus of enrollment, but you can take online classes from any of these campuses to increase your options and shorten your time to degree. Your home campus will apply the credits you earn toward your BS.

When you have successfully completed all degree requirements, your home campus will award your Indiana University diploma. The placement office on your home campus will help you find appropriate employment.

Requirements
1. A minimum of 120 credit hours are required to complete the degree
2. Students must also complete the general requirements of the College of Arts and Sciences (please see department for specific CIS requirements) as part of the overall degree requirements

General Education Requirements (39-49 cr.)
The general education requirements for Bachelor of Science in Informatics will parallel those for a Bachelor of Science degree in the College of Arts and Sciences. Specifically, in addition to the general requirements for this baccalaureate degree, candidates for the Bachelor of Science degree in Informatics must complete the following group requirements.

Group Va
The major requirements are organized into three categories:
Informatics Core (39 cr.) Informatics Electives (9 cr.)
Cognate Area (15-18 cr.)

Informatics Core (39 credit hours)
The required courses in the joint Online Informatics degree are
• INFO-C 100 Informatics Foundations (3 cr.)
• INFO-C 112 Tools of Informatics: Programming and Databases (3 cr.)
• INFO-C 201 Mathematical Foundations of Informatics (3 cr.)
• INFO-C 203 Social Informatics (3 cr.)
• INFO-C 210 Problem Solving and Programming 1 (3 cr.)
• INFO-C 211 Problem Solving and Programming 2 (3 cr.)
• INFO-C 300 Human Computer Interaction (3 cr.)
• INFO-C 307 Data Representation and Organization (3 cr.)
• INFO-C 399 Database Systems (3 cr.)
• INFO-C 413 Web Design and Development (3 cr.)
• INFO-C 450 System Design (3 cr.)
• INFO-C 451 System Implementation (3 cr.)
• INFO-C 452 Project Management (3 cr.)

Informatics Electives (6 credit hours, 300 level or higher)
Please see the CIS Department for a list of acceptable courses.
Total (9 cr.)

Cognate Area (15-18 credit hours)—Select one Cognate Area
Please see the individual departments for specific information on the Cognate Area.

Interdepartmental Major: CIS and Fine Arts
Bachelor of Science in Computer-based Graphic Arts
Computer-based graphic artists are sought-after in the job market. The students who graduate with this degree will have a strong background in artistic (fine arts) and computer (CIS) skills. Computer-based graphic arts are widely used tools in business, industry, and the arts.

The student will have two official advisors—one in the Department of Fine Arts and one in Computer Information Systems—who will help plan the course of study in detail and with frequent consultations.

Requirements in Department of Fine Arts Va (25 cr.)
• Select one of the following:
  • FINA-F 100 Fundamental Studio-Drawing (3 cr.)
  • FINA-F 102 Fundamental Studio-2D (3 cr.)
  • FINA-S 250 Introduction to Design Practice (3 cr.)
• FINA-S 351 Typography (3 cr.)
• FINA-S 352 Production for Graphic Design (3 cr.)
• FINA-S 353 Graphic Design IV (3 cr.)
• FINA-S 413 Typography (2 cr.)
• FINA-S 414 Layout and Design (2 cr.)
• FINA-S 415 Package Design (2 cr.)
• FINA-S 451 Graphic Design Problem Solving (3 cr.)
• FINA-S 497 Capstone - Independent Study in Fine Arts (1-3 cr.)

Requirements in Department of Fine Arts Vb (8 cr.)
• 3 credit hours in the FINA-A100 series (history of art)
• 3 credit hours of 300 or 400 level art history
• FINA-A435 CAPSTONE Art Theory (2 cr.)

Requirements in Computer Information Systems (18 cr.)
• CSCI-A 106 Introduction to Computing (3 cr.)
• CSCI-A 251 Introduction to Digital Imaging Application (3 cr.)
• CSCI-A 348 Mastering the World Wide Web (3 cr.)
• INFO-N 248 Design Principles in Web Design (3 cr.)
• INFO-N 215 Online Document Development (3 cr.)
• Select one of the following:
  • CSCI-A 340 An Introduction to Web Programming (3 cr.)
  • or INFO-I 310 Multimedia Arts and Technology (3 cr.)
  • or INFO-I 400 Topics in Informatics (3 cr.)
  • or CSCI-C 390 Individual Programming Lab (3 cr.)

Total (51 cr.)

For Bachelor of Science degrees, all students must complete the group VI minor.

In addition to the preceding courses the students are responsible for fulfilling the general requirements of the College of Arts and Sciences.

There is a Bachelor of Arts version of this interdepartmental degree. See the Fine Arts Department section for details. schools/coas/departments/fine-arts/major-cis-arts

Interdepartmental Major: CIS and Mathematics

Bachelor of Science in Simulation/Modeling Analysis

The students who graduate with this degree will have a strong background in theoretical (mathematics) and practical (CIS) skills. Modeling and computer simulation are widely used tools in business, industry, and research. Computer simulation allows an investigator to test proposed alterations to existing systems as well as proposed designs for entirely new systems.

Work in this area requires strong mathematical, statistical, and computer skills. This program should appeal to students interested in mathematics, computers, business, and the sciences.

The student will have two official advisors—one in Mathematics and one in Computer Information Systems—who will help plan the course of study in detail.

The general degree requirements are the same as for the Bachelor of Science in Computer Information Systems, except that the Group V major requirements are replaced by the following:

Group V Interdepartmental Major Requirements (43-45 cr.)

Department of Mathematics (22-24 cr.)
• MATH-M 215 (5 cr.)
• MATH-M 216 (5 cr.)
• MATH-M 301 (3 cr.)
• MATH-M 360 (3 cr.)
• MATH-M 447 (3 cr.)
• MATH-M 448 (3 cr.)

Total (22-24 cr.)

Computer Information Systems (21-23 cr.)
• CSCI-C 106 (3 cr.)
• CSCI-C 150 (3 cr.)
• Select one of the following
  • CSCI-C 201 (4 cr.) and CSCI-C 307 (3 cr.)
  • CSCI-A 201 (4 cr.) and CSCI-A 302 (4 cr.)

• CIS or Informatics elective @ 300 level or above (3-4 cr.)
• CSCI-C 410 (3 cr.)
• CSCI-C 390 (1-3 cr.)
  • Capstone course requirement
  • Select one of the following: CSCI-C 390 course (1-3 cr.) for which the student will write a complete project-thesis starting with a theoretical model of a problem and then writing a computer program solution in C++, Java, or other appropriate computer language. The possibility of internships (CSCI-Y 398) also exists because the degree is highly application-oriented. An especially rewarding situation would combine the internship and the capstone experience into a single project-thesis.

Total (21-23 cr.)

For Bachelor of Science degrees, all students must complete the Group VI minor.

• Minor in Computer Information Systems (CIS)

Requirements
• CSCI-C 106 (3 cr.)
• CSCI-A 106 (3 cr.)
• 200 to 400 level (9 cr.)
• Students must also complete general requirements of the College of Arts and Sciences.

Total (15 cr.)

Please see a CIS Department advisor for combinations of classes if you have a specific interest in a particular area.
Minor in Informatics

Requirements

Students wanting to minor in Informatics are required to take a minimum of 15 cr. hrs. including:

- INFO-I 101 Introduction to Informatics (4 cr.)
- additional INFO-I courses 200-400 level to total at least 11 cr. These courses should be chosen with the advise and consent of the Department of Computer Information Systems.

Total (15 cr.)

M.S. in Computer Information Systems (CIS)

Program Description and Admission

The Master of Science in Computer Information Systems program is designed for students who desire to advance their careers in information technology. The Master of Science (MS) in Computer Information Systems (CIS) consists of 30 credit hours with a minimum grade of B- in each course and a 3.0 overall GPA. A project/internship component of 3 credit hours is part of the core requirements. Students will complete all the core requirements of 18 credit hours and choose 12 credit hours of electives offered based on faculty expertise and market demands. The department may offer additional electives from time to time. A full-time student could complete the Master's degree in two years.

To be considered for admission to the MS in CIS program, students must hold a bachelor's degree from an accredited institution in any field. If the field of major is related to CIS, students are eligible to be admitted directly into the graduate program. If the field of major is not related to CIS, students will be admitted conditionally. Students should have obtained an undergraduate grade point average of at least 3.0. Students with a GPA slightly below 3.0 who are returning to college with relevant work experience may be admitted if their applications contain sufficient evidence of their skills and ability to succeed in graduate work.

Graduate Record Examination (GRE) scores are not required. Applications will be reviewed on a rolling basis.

For questions, contact: Dr. Bhaskara Kopparty, Computer Information Systems Department: 219-980-6638, or come visit us: Hawthorn Hall, Room 325.

Program Objectives and Goals

The objective of this program is to prepare graduates with a sound basic understanding of computers coupled with knowledge of systems and applications in computer science. The coursework will cover advanced applications and will prepare students for employment at an advanced level.

Graduates from the MS in CIS program will be informed critical thinkers, be proficient in their chosen medium, and have advanced knowledge of computer information systems.

This Master's degree can prepare students for continued advance study, including doctoral degrees in computer science or informatics. Students with a Bachelor's degree will find the MS in CIS as a path to advanced employment in a number of IT related occupations, such as business analyst, data analyst, information security analyst, computer and information systems analyst, and project manager. Each of these occupations currently is in high demand.

The goals of this Master’s degree are to develop proficiency in the practice of computing and to prepare students for professional leadership roles. Each graduate should be able to:

- Formulate solutions to computing problems
- Analyze and compare alternative solutions to computing problems
- Design and implement effective solutions to computing problems
- Apply sound principles to the synthesis and analysis of computer systems
- Work effectively in teams to design and implement solutions to computational problems
- Communicate effectively, both orally and in writing
- Think critically and creatively, both independently and with others
- Recognize the social and ethical responsibilities of a professional working in the discipline
- Seek out, develop, and adapt to new developments in the field of computer science

Curriculum

Core Courses – 18 credit hours

- Introduction to Artificial Intelligence (CSCI B551) – 3 credit hours
- Information Systems Development (CSCI P532) – 3 credit hours
- System and Protocol Security & Information Assurance (INFO I533) – 3 credit hours
- Advanced Web Page Development (CSCI C605) – 3 credit hours
- Informatics Project Management (INFO B505) – 3 credit hours
- Independent System Development (CSCI Y790) – 3 credit hours

Elective Courses – 12 credit hours

Electives: At least half of all Elective credits must be in courses numbered 600 or above.

- Data Analysis Using R (CSCI C504) – 3 credit hours
- Business Intelligence Using SAP (CSCI C603) – 3 credit hours
- Predictive Analytics and Data Mining (CSCI B565) – 3 credit hours
- UNIX/LINUX Administration (CSCI C606) – 3 credit hours
- Topics in Systems (CSCI B649) – 3 credit hours

Postbaccalaureate Certificate in Computer Information Systems

A postbaccalaureate certificate in computer information systems is offered for students with baccalaureate
degrees in another discipline who wish to complement their undergraduate education with course work similar to the requirement for a Bachelor of Science degree in computer information systems.

The postbaccalaureate certificate program enables the holder of a bachelor's degree with a major in another field to obtain formal recognition of training in the computer field. Students select one of five options after successfully meeting or completing the following prerequisites with a grade of C- or better: ENG-W 131 and ENG-W 231 and MATH-M 118.

**Requirements**

- CSCI-C 106 (3 cr.)
- CSCI-A 106 (3 cr.)
- CSCI-C 150 (3 cr.)
- Select seven more courses with at least four of those courses taken at the 300 to 400 level.

Please see a CIS department advisor for combinations of classes if you have a specific interest in a particular area.

**Microcomputer Applications Proficiency Test**

- A microcomputer applications proficiency test allows students to test out of CSCI-A 106 Introduction to Computing (3 cr.). The test consists of online and written modules that measure the student's ability to perform various tasks upon actual computer files. Achieving a total minimum grade of 70 percent would allow a student to test out of CSCI-A 106. However, in order to receive credit hours for the course, a student must satisfactorily complete either CSCI-A 285 or CSCI-A 213 with a C (2.0) or higher. Such a student will be eligible for 3 credit hours of special credit with a grade of S. It is the responsibility of the student to request that CIS forward this information to his or her division.
- Each module will be graded separately. Achieving a minimum grade of 70 percent for a module would allow a student to test out of that particular module. CIS provides a method for students to receive instruction only in the areas where placement scores indicate that they are deficient by teaching three 1 credit hour courses taught concurrently with CSCI-A 106: CSCI-A 103 (word processing), CSCI-A 104 (spreadsheets), and CSCI-A 105 (relational database).

**Economics**

The economics program is housed in the School of Business and Economics. Degrees in economics are awarded by the College of Arts and Sciences.

**Major in Economics**

**Requirements**

- ECON-E 201 (3 cr.)
- ECON-E 202 (3 cr.)
- ECON-E 270 (3 cr.)
- Select one of the following
  - ECON-E 321 (3 cr.)
  - BUS-G 300 (3 cr.)
  - equivalent course work
  - sufficient additional hours in Economics to total a minimum of 27 credit hours

Total (27 cr.)

Students may not count ECON-E 309 for credit toward the economics major. Students interested in majoring in economics should consult with a member of the economics faculty for additional information. Students planning to pursue a graduate degree in economics should plan a program of study, in consultation with a departmental advisor, which includes course work in economic theory and additional course work in mathematics and statistics. Students are responsible for completing the prerequisites for all economics courses and for fulfilling the general education requirements of the College of Arts and Sciences.

**Minor in Economics**

**Requirements**

- ECON-E 201 (3 cr.)
- ECON-E 202 (3 cr.)
- ECON-E 270 (3 cr.)
- Select one of the following
  - ECON-E 321 (3 cr.)
  - BUS-G 300 (3 cr.)
  - equivalent course work
  - sufficient additional course work in economics to total a minimum of 15 credit hours

Total (15 cr.)

**English**

Phone: (219) 980-6565
Website: [http://www.iun.edu/english/](http://www.iun.edu/english/)

**Courses**

The English department offers a variety of courses in grammar (ENG-G), literature (ENG-L), and writing (ENG-W). English courses at the 100, 200, 300, and 400 levels are for undergraduates while 500-600 level courses are reserved for graduate students. Undergraduates should not enroll in any English course at the 500 or 600 level without written permission from both the instructor and department chair.

**Composition Courses** in composition include ENG-W 130 and ENG-W 131. Students are not permitted to register for ENG-W 131 until they have taken the English placement exams administered by Admissions. On the basis of their placement test scores, students may be counseled to take ENG-W 130 prior to ENG-W 131.

Students should confer with an advisor about the course that best suits them. Students may also contact the Director of Writing at (219) 980-6569 for further advising. They should also consult the Bulletin under Placement Testing and Assessment.

**Writing**
Courses in writing include ENG-W 103, ENG-W 206, ENG-W 231, ENG-W 280, ENG-W 301, ENG-W 302, ENG-W 303, ENG-W 311, ENG-W 350, ENG-W 398, and ENG-W 490. Before students are eligible to take further courses in writing, they must have completed ENG-W 131.

Literature

Language
Courses in the English language include ENG-G 205, ENG-G 207, and ENG-L 315.

**Major in English - Bachelor of Arts (B.A.)**

**Requirements.** The English major contains two tracks: literature and writing. Students should declare a track when they choose to major in English. For both tracks, majors must complete 36 credit hours in English.

**Literature Track Requirements (Va)**

Select at least 12 courses (36 cr.) above the 100 level, of which at least five must be on the 300-400 level. Of these 12, there are 9 required courses (27 cr.) for the literature track:

- Grammar and Usage (3 cr.): ENG-G 207
- Literary Interpretation (3 cr.): ENG-L 202
- Two British literature survey courses (6 cr.): ENG-L 211 and ENG-L 212
- Single author course (3 cr.): ENG-L 305, ENG-L 315, ENG-L 318, or ENG-L 369
- American literature (3 cr.): Choose one from ENG-L 350 through ENG-L 358
- Gender and Literature (3 cr.): Choose either ENG-L 207 through ENG-L 249
- World Literatures in English (3 cr.): Choose one from the following list - ENG-L 201, ENG-L 215, ENG-L 216, ENG-L 217, or ENG-L 382
- Senior Capstone Seminar (3 cr.): ENG-L 440
- Students must take at least 3 electives within the major
- Students must also complete the core education requirements of the College of Arts and Sciences.

Total (36 cr.)

**Writing Track Requirements (Va)**

Select at least 12 courses (36 cr.) above the 100 level, of which at least five must be on the 300-400 level. Of these 12, there are 9 required courses (27 cr.) for the writing track:

- Grammar: ENG-G 207 (3 cr.)
- Literary Interpretation: ENG-L 202 (3 cr.)
- Professional Writing: ENG-W 231 (3 cr.)
- Writing Fiction: ENG-W 301 (3 cr.)
- Writing Poetry: ENG-W 303 (3 cr.)
- Other Writing Forms: choose one from the following list: ENG-W 200, ENG-W 302, ENG-W 311 or ENG-W 350 (3 cr.)
- One literature class at the 300-400 level (3 cr.)
- Shakespeare: ENG-L 315 (3 cr.)
- Senior capstone seminar: ENG-L 440 (3 cr.)
- Students must take at least 3 electives within the major (9 cr.)
- Students must also complete the core education requirements of the College of Arts and Sciences.

Total (36 cr.)

**Recommendation**

The department recommends that majors considering graduate work in English take elective courses in a variety of periods of English and American literature.

Students who expect to go on to graduate work are advised to take substantial work in at least one foreign language.

We strongly encourage students in the Writing Track to take ENG-W 398, Internship in Writing.

**Interdepartmental Major in African American and African Diaspora Studies and English**

The Departments of Minority Studies and English offer a thematically integrated major in English and African American and African Diaspora Studies. This interdepartmental major is designed for students who wish to combine substantial African American and African Diaspora Studies with their work in the American and English literature major. (Details are available under the "Department of Minority Studies" section of this bulletin.)

**Minors in English**

Students must complete the general requirements of the College of Arts and Sciences.

Following are the requirements for the three options for minors.

**Literature Option**

- Choose one from the following:
  - ENG-L 202 (3 cr.)
  - ENG-L 203 (3 cr.)
  - ENG-L 204 (3 cr.)
  - ENG-L 205 (3 cr.)
- Choose one from the following:
  - ENG-L 211 (3 cr.)
  - ENG-L 212 (3 cr.)
- Choose one from the following:
  - ENG-L 351 (3 cr.)
  - ENG-L 352 (3 cr.)
  - ENG-L 354 (3 cr.)
- Choose two additional 300-level courses in literature (6 cr.)
Total (15 cr.)

Writing Option
- ENG-W 231 (3 cr.)
- Choose one of the following:
  - ENG-W 311 (3 cr.)
  - ENG-W 350 (3 cr.)
- Choose one of the following:
  - ENG-W 301 (3 cr.)
  - ENG-W 303 (3 cr.)
- Choose two literature classes at the 200 or above level (6 cr.)

Total (15 cr.)

Creative Writing Option
- ENG-W 301 (3 cr.)
- ENG-W 303 (3 cr.)
- ENG-W 311 (3 cr.)
- Two literature classes at the 200 or above level (6 cr.)

Total (15 cr.)

Women's and Gender Studies/English Option
- Required
  - ENG-L 249 Representations of Gender and Sexuality (3 cr.)
  - WGS-W 201 Women in American Culture (3 cr.)
  - WGS-W 401 Topics in Women's and Gender Studies (3 cr.)
  - ENG-L 207 Women and Literature (3 cr.) OR WGS-W 207 Women and Literature
- Add one of the following (3 cr.):
  - CMLT-C 340 Women in World Literature (3 cr.)
  - ENG-L 235 Gender, Sexuality, and Film (3 cr.)

Total (15 cr.)

Graduate Certificates in English
These 100 percent online, consortial graduate certificates are taught by IU Bloomington, IUPUI, IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.

There are three graduate certificates in English that provide graduate-level instruction in English to students interested in obtaining advanced skills and knowledge in this discipline. For those students who are teaching or plan to teach introductory post-secondary language, writing, and literature courses in English or Dual-Credit classes, our courses will help them integrate disciplinary concepts and approaches into their teaching, thereby improving the quality of instruction and learning outcomes for their students.

Of Special Interest for Dual-Credit and Community College Instructors Needing to Meet HLC Standards

The stand-alone Certificate in Composition Studies provides the requisite number of discipline-specific graduate credits for those who already hold a master's degree. Students who need both the discipline-specific coursework and a master's degree may take the additional required English graduate classes to earn a master's in English.

Students may complete the requirements for a Graduate Certificate in English in one of three competency areas: literature, language and literature, or composition studies.

Online Graduate Certificate in Literature
Students must take one course in each of the numbered requirements.

1. ENG-L 503—Teaching Literature in College.
2. ENG-L 553—Studies in Literature.
3. ENG-D 600—History of the English Language.
4. ENG-L 500/600—Literature Elective.
5. ENG-L 500/600—Literature Elective.

Electives may be repeated for credit so long as they are on a different topic.

Online Graduate Certificate in Language and Literature
Students must take one course for each of the numbered requirements.

1. ENG-W 509—Introduction to Writing and Literary Studies or ENG W500—Issues in Teaching Writing and Literature.
2. ENG-L 503—Teaching Literature in College.
3. ENG-D 600—History of the English Language.
4. ENG-W 600—Topics in Rhetoric or Composition or ENG W682—Special Topics: Rhetoric and Composition or ENG-W 508—Creative Writing for Teachers.
5. ENG-L 500/600—Literature Elective.

Online Graduate Certificate in Composition Studies
Students must take one course for each of the numbered requirements.

1. ENG-W 509—Introduction to Writing and Literary Studies or ENG-W 500—Issues in Teaching Writing and Literature.
2. ENG-G 660—Stylistics.
3. ENG-W 590—Teaching Writing: Theories and Applications or ENG W620—Advanced Argumentative Writing.
4. ENG-W 501—Teaching College Writing or ENG-W 600—Topics in Rhetoric and Composition.
5. ENG-W 682—Capstone course.

For more information on the Graduate Certificates in English see:
https://online.iu.edu/program/indiana-composition-studies-graduate-1515523342718https://online.iu.edu/program/indiana-university-online-language-and-literature-certificate-1556041659602https://online.iu.edu/program/indiana-university-online-literature-certificate-1556040286442.

Major in English - Master of Arts (M.A.)
This 100 percent online, consortial program is taught by IU Bloomington, IUPUI, IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.
The IU Online Master of Arts in English provides broad training in the primary areas of English studies. As a student in the program, you explore the core principles of writing and literature pedagogy, the linguistic structure and history of English literature, and a wide variety of reading strategies associated with genre and close reading. You gain skills and knowledge to conduct archival research, develop analytical and presentation skills through the focused study of literature in a seminar format, and acquire an appreciation of current trends in the field of digital humanities.

The MA in English has a two-part "stackable" structure.

- You first complete an online, 20 credit hour graduate certificate in literature, composition studies, or language and literature. The certificate allows you to acquire specialized knowledge.
- After you successfully complete one of the certificates, you take an additional 16 credits of master's-level coursework that extends the breadth and depth of your knowledge.

Of Special Interest for Dual-Credit and Community College Instructors Needing to Meet HLC Standards

The stackable structure of the MA in English is ideal for dual-credit and community college teachers who need to meet the Higher Learning Commission's instructor qualification standards. These standards require teachers to hold either a master's degree in their area of instruction or a master's degree in another discipline plus at least 18 credit hours of discipline-specific graduate coursework.

- If you hold a master's degree in a discipline other than your discipline of instruction, you can meet HLC's standards by completing one of the online certificates.
- If you need both discipline-specific coursework and a master's degree, the MA in English meets HLC standards and provides a comprehensive program of study in English.

Degree Requirements

To earn the MA in English, you must complete a total of 36 credit hours.

Requirements are broken down as follows:

- English graduate certificate (20 credit hours)
- MA core courses (8 credit hours)
- MA elective courses (8 credit hours)

For more information on the MA in English see https://online.iu.edu/program/indiana-university-online-english-master-155422813478.

Geosciences

Phone: (219) 980-6740
Website: http://www.iun.edu/geosciences/

Geology

Geology is the scientific study of the earth, including its materials and resources, the physical and chemical processes that occur on its surface and in its interior, the development of landforms, and the methods for studying the planet.

The Bachelor of Science in Geology degree provides a rigorous general background in the field of geology and allied disciplines. The degree is designed for students who wish to prepare for graduate school, or employment and state certification as a professional geologist. The degree also provides rigorous scientific training for students seeking a career in science education. This degree offers a more extensive requirement in biology, chemistry, mathematics, and physics compared with the Bachelor of Arts in Geology degree and is designed to optimize student opportunities. The degree requires participation in an accredited field camp in geology.

The Bachelor of Arts in Geology provides a general background in the field of geology and requires a diversified liberal arts education in place of some of the allied disciplines. The B.A. is an appropriate choice for students who wish to teach earth sciences at the secondary level and for those who wish to gain a general knowledge of the geosciences and their relationship to other sciences.

Major in Geology - B.S.

Requirements: Majors complete 38-42 credit hours in geology and 36 credit hours in the allied disciplines

1. Any one of the following 100-level courses AND laboratory:
   - GEOL-G101 Introduction to Earth Science (3 cr.)
   - AND GEOL-G102 Intro to Earth Science Lab (1 cr.)
   - GEOL-G107 Environmental Geology (3 cr.)
   - AND GEOL-G102 Intro to Earth Science Lab (1 cr.)

2. All of the following:
   - GEOL-G209 History of the Earth (4 cr.)
   - GEOL-G221 or GEOL-G311 Mineralogy (4 cr.)
   - GEOL-G222 or GEOL-G322 Petrology (4 cr.)
   - GEOL-G317 Field and Laboratory Techniques (4 cr.)
   - GEOL-G323 Structural Geology (4 cr.)
   - GEOL-G334 Principles of Sedimentation and Stratigraphy (4 cr.)
   - GEOL-G429 Field Geology in the Rocky Mountains (6 cr.)
   - OR other chairperson approved geology field camp (5-6 credits) (fulfills capstone requirement for B.S. in Geology)
   - GEOL-G490 Undergraduate Seminar (fulfills capstone requirement for B.S. in Geology)

2. Complete one of the following sequences:
   - Two 400-level lecture-based geology courses (6-8 credit hours)
   - OR
   - One 400-level lecture-based geology course (3-4 credit hours) AND one semester of research or internship fulfilled by one of the following courses:
     - GEOL-G407 Senior Science Project (3 cr.)
     - GEOL-G408 Senior Science Project (3 cr.)
     - GEOL-G460 Internship in Geology (3 cr.)

NOTE: Classes offered through IU Online must be approved by the IU Northwest Chair of Geosciences to count towards the geology major or minor.

3. Allied Courses
Chemistry (10 credits) CHEM-C105-CHEM-C106, CHEM-C125-CHEM-C126
Physics (10 credits) PHYS-P201, PHYS-P202 OR PHYS-P221, PHYS-P222
Mathematics (10 credits) MATH-M215, MATH-M216
Geography GEOG-G338 (3 credits)
Biology (3 credits)

4. Students must also complete the general requirements of the College of Arts and Sciences.

**Honors Track Major in Geology - B.S.**
The Honors track recognizes the most accomplished students by an Honors designation on their transcripts. The total number of required credit hours for the Honors designation will not differ from the total number of credit hours for the BS degree in geology.

Students with a cumulative GPA of 3.2 or higher are potential candidates for the Honors track. They also need to do undergraduate Research within either GEOL-G407 Senior Geosciences Projects I and/or GEOL-G408 Senior Geosciences Projects II, and present their research at the IU Northwest Undergraduate Research Conference, and at the Geological Society of America Regional or National meeting, or comparable conferences.

**Major in Geology - B.A. Requirements**
Majors complete at least 33-36 credit hours in geology, 11-12 credit hours in the allied disciplines and a minimum of 36 credit hours in courses at the 300-400 level.

1. Any one of the following 100-level courses AND laboratory:
   - GEOL-G101 Introduction to Earth Science (3 cr.)
   - GEOL-G107 Environmental Geology (3 cr.)
   - GEOL-G102 Intro to Earth Science Lab (1 cr.)
2. All of the following:
   - GEOL-G209 History of the Earth (4 cr.)
   - GEOL-G221 or GEOL-G311 Mineralogy (4 cr.)
   - GEOL-G222 or GEOL-G322 Petrology (4 cr.)
   - GEOL-G317 Field and Laboratory Techniques (4 cr.)
   - GEOL-G323 Structural Geology (4 cr.)
   - GEOL-G334 Principles of Sedimentology and Stratigraphy (4 cr.)
3. Any two 400-level lecture-based geology courses.
   (The following GEOL (geology) courses fulfill the College of Arts & Sciences capstone requirement for the B.A. in Geology: GEOL-G406, GEOL-G413, GEOL-G415, GEOL-G435, GEOL-G451, GEOL-G476, GEOL-G490)
4. Allied Courses (11-12 cr.):
   - One college level chemistry course
   - MATH-M125 and MATH-M126 (6 cr.) or MATH-M127 (5 cr.)
   - Geography GEOG-G338 (3 cr.)
5. Students must also complete the general requirements of the College of Arts and Sciences. Including a minimum of 36 credit hours in courses at the 300-400 (junior-senior) level.

**Interdepartmental Major in Environmental Science - B.S.**
The Environmental Science major is an interdepartmental program that leads to a Bachelor of Science degree in Biology, Chemistry, or Geology, with a major in Environmental Science. It provides a rigorous interdisciplinary background in the natural science segment of the environmental sciences, combined with a significant background in the allied disciplines of physics and mathematics, and coursework in environmental affairs. The Environmental Science major is designed to prepare students for graduate programs or employment as scientists in technical fields associated with the environmental industry and government sector. These disciplines include hydrology, environmental hazard mitigation, waste management, water and air quality issues, ecology, and habitat issues.

All students are responsible for fulfilling the general requirements of the bachelor's degree as established by the College of Arts and Sciences, which include a minimum of 36 hours at the 300-400 level. Completion of the BS in environmental science requires a total of 120 credit hours and a minimum of a 2.0 grade point average.

Students fulfill core requirements from the disciplines of geology, biology and chemistry and choose two disciplines for an interdepartmental concentration area. Please consult the individual departments for more information. Students are required to complete a minimum of 40 credit hours in the interdepartmental major with a minimum of 12 credit hours at the 300- or 400-level in each of the two concentration areas. Students are required to complete additional courses in associated areas of study.

**Requirements**
Complete the general education requirements for the Bachelor of Science degree in the College of Arts and Science. Fulfill the following:

- Geology, Chemistry, and Biology requirements
  - One of the following:
    - GEOL-G101 – GEOL-G102 Intro to Earth Science/Intro to Earth Science Lab (4 cr.)
    - GEOL-G185 Global Environmental Change /Intro to Earth Science Lab (4 cr.)
  - GEOL-G209 – History of the Earth – Lecture/ Lab (4 cr.)
  - CHEM-C105 – CHEM-C125 Principles of Chemistry I/Experimental Chemistry I (5 cr.)
  - CHEM-C106 – CHEM-C126 Principles of Chemistry II/Experimental Chemistry II (5 cr.)
  - BIOL-L101 – Introduction to Biological Sciences I – Lecture/Lab (4 cr.)
  - BIOL-L102 – Intro to Biological Sciences II – Lecture/Lab (4 cr.)
- Public and Environmental Affairs allied environment requirement. Coursework selections must be approved by the student's Faculty Advisor.
  - Select one of the following
    - SPEA E272 Intro to Environmental Science (3 cr.)

- Mathematics (10 credits) MATH-M215, MATH-M216
- Geography GEOG-G338 (3 credits)
- Biology (3 credits)
- Allied Courses (11-12 cr.):
• SPEA E400 (Topics in Environmental Studies) (3 cr.)

• Complete a combined total of 40 credit hours from two scientific disciplines in the major. The 40 credit hour concentration need not be equally divided between the two disciplines. Each of the two areas should include a minimum of 12 credit hours of 300-400-level coursework. Geography GEOG-G315, and GEOG-G338 may be used in fulfillment of this requirement. Coursework selections must be approved by the student's Faculty Advisor. Coursework completed in the students’ chosen disciplines from 2. above (Geology, Chemistry, and Biology requirements) count toward the total credit hours.

• Allied Sciences (8-15 credit hours) - Choose two of the following:
  • MATH-M215 – Calculus I (5 cr.)
  • K300 – Statistics (3 cr.)
  • PHYS-P201 and PHYS-P202 – Algebra-based Physics I (5 cr.)
  • PHYS-P221 and PHYS-P222 – Calculus-based Physics II (5 cr.)

• Senior Seminar (capstone) (integration of Biology/Chemistry/Geology into environmental topics of current importance) (1 cr.) – GEOL-G490/BIOL-L403/ CHEM-C301

Electives

The following list is designed to provide students with guidance in course selection. Students should speak to their advisors to choose elective courses that best meet their educational goals.

• Any coursework from Biology, Chemistry, and Geology that was not used to satisfy major requirements.
  • MATH-M216 – Calculus II (5 cr.)
  • SPEA H316 – Environmental Health (3 cr.)
  • SPEA E400/V450 – Environmental Planning (3 cr.)
  • GEOL-G107 Environmental Geology (3 cr.) AND GEOL-G102 Intro to Earth Science Lab (1 cr.)

2. GEOL-G 209 History of the Earth (4 cr.)

3. Additional coursework may be chosen in conjunction with a geology advisor but must consist of at least two 300-400 level lecture-based geology (GEOL) courses. Classes offered through IU Online must be approved by the IU Northwest Chair of Geosciences to count toward the geology major or minor.

Earth Science Minor (15 cr.)

1. Any one of the following 100-level courses AND laboratory:
  • GEOL-G 101 Introduction to Earth Sciences (3 cr.) AND GEOL-G 102 Intro to Earth Science Lab (1 cr.)
  • GEOL-G 111 Physical Geology (lecture/lab) (3-4 cr.)
  • GEOL-G 185 Global Environmental Change (3 cr.) AND GEOL-G102 Intro to Earth Science Lab (1 cr.)

2. GEOL-G 209 History of the Earth (4 cr.)

3. Additional coursework may be chosen in conjunction with a geology advisor but must consist of at least two 300-400 level lecture-based geology (GEOL) or geography (GEOG) courses. Classes offered through IU Online must be approved by the IU Northwest Chair of Geosciences to count toward the geology major or minor.

About Geography

No major is offered in geography at IU Northwest.

The program in geography is designed to serve the following purposes:

• Contribute to the development of an informed citizenry
• Provide specific skills and knowledge of the discipline for those who plan to pursue careers in
  • Teaching geography, social studies, and/or earth science
  • Geospatial Technologies, Geographic Information Systems (GIS), Cartography, Aerial Photography and Remote Sensing
  • Urban and/or regional planning
• Provide the background for graduate study

Minor in Medical Humanities

The cross-disciplinary minor in Medical Humanities provides an introduction to the social, historical, cultural, and ethical contexts of medicine to understand its shifting role and changing definitions. This minor introduces students to the cultural history of the medical profession, the variant perspectives of patients, the role that systems and states have played in the development and practice of medicine, and the representations of medicine in art. It is ideal for medical professionals seeking to expand their understanding of the values of their field and improve their interactions with patients.
Core courses (6 credit hours)

**MHHS M301 Perspectives on Health, Disease and Healing**
The course utilizes the humanities and social science disciplines to provide students with a broader understanding of the many facets of health and disease, suffering and dying, as well as the art and science of healing. **Click course title for sample syllabus**

**MHHS M495 Independent Project/ Seminar in MHHS (Capstone)**
This capstone seminar or project allows students to apply knowledge gained from course work taken in the program by developing a research or applied project related to the interests of the MHHS faculty.

Elective courses (9 credit hours)

**HIST H303 History of Disability**
**PHIL P393 Biomedical Ethics**
**ENG L201 Special Studies in Literature**
**SOC S431 Disability, Stigma, and Society**
**FINA A346 Art and the Culture Wars**
**BIOL L300 Social Implications of Biology**
**SPEA H342 Community Health Education**
**SPEA H416 Environmental Health Policy**
**SPEA H455 Topics in Public Health**

15 credit hours total

**History, Philosophy, Political Science, and Religious Studies**

Minor in Medical Humanities

Phone: (219) 980-6655
Website: [http://www.iun.edu/hist-phil-rel-pols/](http://www.iun.edu/hist-phil-rel-pols/)

About History

The Department of History offers students a wide range of courses in American, European, and Asian history, along with other courses in non-Western history and historiography. The department also cross-lists courses with Minority Studies and Women’s and Gender Studies. The goals of the department are to teach analysis of texts, research skills, and critical thinking, along with the local, national, and global interconnectedness of historical events.

History Honors Program

Superior students are encouraged to pursue independent study and research through reading for honors courses at the junior and senior levels. Students with a grade point average of 3.4 in courses in history may write an honors thesis in their senior year with the consent of the department. Proposals should be submitted to the chairperson in the semester before the thesis is to be undertaken. Further information about advanced placement and the honors program may be obtained from the Department of History, Philosophy, Political Science, and Religious Studies.

The Paul J. Urcan Memorial Prize Award Each year, a committee of departmental faculty selects a student, usually a graduating senior, who has done outstanding work in history to be awarded the Paul J. Urcan Memorial Prize.

Rhiman A. and Brenda Rotz Memorial Scholarship

Each year, junior and senior students may submit a proposal for the scholarship, according to department guidelines. A committee of department faculty chooses the recipient.

Major in History Requirements

- HIST-H 105 (3 cr.)
- HIST-H 106 (3 cr.)
- HIST-H 113 (3 cr.)
- HIST-H 114 (3 cr.)
- HIST-H 215 Proseminar in History, taken before the capstone course

- History courses numbered 200-499 (18 cr.), including
  - 2 courses in United States history [HIST A] (6 cr.)
  - 2 courses in European history (from the Middle Ages to the present) [HIST B] (6 cr.)
  - 2 courses in other areas or topics in history (e.g., ancient, non-European, non-U.S.) [HIST C,D,F,G, or T] (6 cr.)

- HIST-J 495 Proseminar in History to fulfill capstone requirement

- The Department of History accepts any Latino studies courses with history designations toward the B.A. in history. Additionally, we will accept one CHRI number taken by students toward an A.A. in Latino studies and apply it to the B.A. in history toward completion of the required 24 credits of history courses at the 200 level and above.

Major in History-B.A. (ONLINE)

This program is offered collaboratively by the IU East, IUPUI, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast campuses. This means that you can fulfill degree requirements by taking online classes offered by any of these campuses. This collaborative model allows you the exciting opportunity to leverage the expertise and perspectives of faculty at multiple IU campuses.

Degree Requirements

To graduate with your BA in History, you must complete 120 credit hours. You may be able to transfer an associate degree or up to 64 credit hours from a regionally accredited two-year college and up to 90 credit hours from a regionally accredited four-year college or university.

Requirements are broken down as follows:

- History foundation courses (15 credit hours)
- Advanced history courses (18 credit hours)
- History capstone course (3 credit hours)
- General education courses (30 credit hours)
- General elective courses (as needed to total 120 credit hours)

For more information see [https://online.iu.edu/program/indiana-university-online-history-ba-bachelor-1564078827734](https://online.iu.edu/program/indiana-university-online-history-ba-bachelor-1564078827734).
About Philosophy and Religious Studies

The curriculum of the philosophy program is designed to contribute to the intellectual training of all undergraduates and to acquaint them with some of the most important developments in the history of ideas. Courses in the program emphasize clear and cogent thinking about fundamental problems, locate the origins of these problems in the writings of the great philosophers, and provide in-depth examinations of proposed solutions. The department also offers courses in ethics designed for business and medical students.

Minor in Philosophy Requirements

A minimum of 30 credit hours in philosophy. No more than 9 credit hours at the 100 level may be included. Three courses from the sequence in the history of philosophy: PHIL-P 201, PHIL-P 211, PHIL-P 301, PHIL-P 304. One course in logic and one course above the 100 level in each of the following four areas: (1) ethics, (2) metaphysics or epistemology, (3) twentieth-century philosophy, and (4) either PHIL-P 383 or PHIL-P 490 to fulfill the capstone requirement. Students must also complete the general requirements of the College of Arts and Sciences.

Minor in History Requirements

- Take one of the following:
  - HIST H105 American History I (3 cr.)
  - HIST H106 American History II (3 cr.)
  - HIST H113 World Civilization I (3 cr.)
  - HIST H114 World Civilization II (3 cr.)
- 4 courses at the 200-400 level from 2 different fields (American, European, non-Western, including at least 2 300-400 level courses) (12 cr.)

M.A.T. in History (Online)

This 100 percent online, consortial program is taught by IU Bloomington, IU East, IUPUI, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.

The IU Online Master of Arts for Teachers in History combines coursework in education and history to prepare you to be a dual-credit instructor at the high school and community college levels. The educational component of the program teaches you how to apply the science and art of teaching to college-level instruction. Coursework covers instruction and curriculum, assessment, diversity and inclusive teaching, and research.

As a student in the history component of the program, you focus on the historiographic trends and historical context necessary to properly analyze current events. You gain a depth of knowledge in a variety of historical subjects while learning the most effective methods to teach those subjects to an undergraduate audience. You learn to perform historical research and construct original arguments while assessing the validity of the historical sources you use.

Of Special Interest for Teachers/Instructors Needing to Meet HLC Dual-Credit Standards

The stackable structure of the MAT in History is ideal for those who want to teach dual-credit courses and who need to meet Higher Learning Commission dual-credit qualification standards. These standards require teachers wanting to teach dual-credit courses in history to hold either a master's degree in history or a master's degree in another discipline (such as education), plus at least 18 credit hours of discipline-specific graduate coursework.

- If you need both discipline-specific coursework and a master's degree, the MAT in History meets HLC standards.
- If you already hold a master's degree in a discipline other than history, you can meet HLC standards by completing the Graduate Certificate in History.

MAT Requirements

To earn the MAT in History, you must complete 30 credit hours.

Requirements are broken down as follows:

- Core course (3 credit hours)
- Electives (15 credit hours)
- Education component (12 credit hours)

For more information see https://online.iu.edu/program/indiana-university-online-history-mat-master-1588094151875.

Political Science

About the Political Science Program

The Political Science program offers an opportunity for the systematic study of political institutions and processes leading to a degree in political science. Courses are offered in the following areas of study:

- Political theory and philosophy
- American political institutions and processes
- International relations and foreign policy
- Comparative politics

Special features of the department's program include opportunities for field research, internships in governmental agencies, and a senior seminar for all political science majors.

A degree in political science is a liberal arts degree, and as such prepares students to assume the duties of citizenship; provides special knowledge and skills useful in public service, law, business, and other careers; and lays a foundation for the scholarly study of government and politics. Prospective political science students and majors are invited to discuss their interests with any member of the political science faculty.

Major in Political Science - B.A. Requirements

In addition to meeting the College of Arts and Sciences' requirements for all B.A. degrees, political science majors...
must take 36 credit hours in political science, choosing their classes from the following groups.

Core courses (9 cr.).
- POLS-Y 103 Introduction to American Government
- POLS-Y 395 Quantitative Political Analysis
- POLS-Y 490 Senior Seminar in Political Science (as course)

American institutions and processes (9 cr.)
- POLS-Y 200 Contemporary Political Topics
- POLS-Y 205 Analyzing Politics
- POLS-Y 304 Constitutional Law
- POLS-Y 318 The American Presidency
- POLS-Y 319 U.S Congress
- POLS-Y 401 Topics Course

International relations and comparative politics (9 cr.)
- POLS-Y 335 Comparative Politics - Europe
- POLS-Y 360 U.S Foreign Policy
- POLS-Y 362 International Politics of Selected Regions - Latin America
- POLS-Y 366 Current Foreign Policy Problems
- POLS-Y 372 International Relations
- POLS-Y 373 Politics of Terrorism

Political theory and philosophy (9 cr.)
- POLS-Y 381 Classical Political Philosophy
- POLS-Y 382 Modern Political Philosophy
- POLS-Y 384 Development of American Political thought II

Recommended: In addition to meeting departamental and general requirements, the political science department strongly suggests that political science majors take supporting courses in economics and history, especially American History.

Major in Political Science Pre-Law Track - B.A.

Minor in Political Science
Requirements
- POLS-Y 103 Introduction to American Government
- POLS-Y 318 U.S. Presidency
- POLS-Y 319 U.S. Congress
- POLS-Y 372 International Relations
- POLS-Y 360 U.S. Foreign Policy
- One Course in Political Theory (Y381, Y382, or Y384)

Total: 18 credits

Minor in Pre-law
Requirements
- POLS-Y 103 Introduction to American Government
- POLS-Y 304 Constitutional Law
- POLS-Y 381 Classical Philosophy
- POLS-Y 382 Modern Philosophy
- POLS-Y 384 American Political Thought
- PHIL-P 150 Elementary Logic

The university provides prelaw counseling for interested students. Contact the prelaw advisor at (219) 980-6841 or (219) 980-6636.

Graduate Certificate in Political Science
This 100 percent online, consortial program is taught by IU Bloomington, IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.

The IU Online Graduate Certificate in Political Science provides graduate-level instruction to students interested in obtaining advanced skills and knowledge in this area. You will study political philosophy, American politics, comparative politics, public opinion, and research methods. When you complete the program, you will be able to:

Of Special Interest for Teachers/Instructors Needing to Meet HLC Dual-Credit Standards

The Graduate Certificate in Political Science is ideal for those who want to teach dual-credit courses and who need to meet Higher Learning Commission dual-credit qualification standards. These standards require teachers wanting to teach dual-credit courses in political science to hold either a master's degree in political science or a master's degree in another discipline (such as education), plus at least 18 credit hours of discipline-specific graduate coursework.

- If you hold a master's degree in a discipline other than political science, you can meet HLC standards by completing the 18 credit hour Graduate Certificate in Political Science.

If you plan to pursue the IU Online MAT in Political Science, you may apply the 18 credit hours from the Graduate Certificate in Political Science toward the masters degree.

Certificate Requirements

To earn the Graduate Certificate in Political Science, you must complete 18 credit hours.

For more information on the Graduate Certificate in Communication Studies see https://online.iu.edu/program/indiana-university-online-political-science-certificate-1586536355042.

M.A.T. in Political Science
This 100 percent online, consortial program is taught by IU Bloomington, IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.

The IU Online Master of Arts for Teachers in Political Science combines coursework in education and political science to prepare you to be a dual-credit instructor at the high school and community college levels.

The educational component of the program teaches you how to apply the science and art of teaching to college-level instruction. Coursework covers instruction and curriculum, assessment, diversity and inclusive teaching, and research.

As a student in the political science component of the program, you study major political figures, philosophies, and movements throughout history in order to understand the political events of today. You complete coursework in subfields of political science (and the central questions
they address) so that you can teach students to critically evaluate political institutions, analysis, and schools of thought. You also gain a crucial understanding of American political institutions and behaviors in comparison to political climates around the world.

Of Special Interest for Teachers/Instructors Needing to Meet HLC Dual-Credit Standards

The stackable structure of the MAT in Political Science is ideal for those who want to teach dual-credit courses and who need to meet Higher Learning Commission dual-credit qualification standards. These standards require teachers wanting to teach dual-credit courses in political science to hold either a master's degree in political science or a master's degree in another discipline (such as education), plus at least 18 credit hours of discipline-specific graduate coursework.

- If you need both discipline-specific coursework and a master's degree, the MAT in Political Science meets HLC standards.
- If you already hold a master's degree in a discipline other than political science, you can meet HLC standards by completing the Graduate Certificate in Political Science.

MAT Requirements

To earn the MAT in Political Science, you must complete 30 credit hours.

Requirements are broken down as follows:

- Core course (18 credit hours)
- Education component (12 credit hours)

For more information see https://online.iu.edu/program/indiana-university-online-political-science-mat-master-1588091207150

Mathematics and Actuarial Science

Phone: (219)980-6590
Website: http://www.iun.edu/math/

About the Department

The Department of Mathematics serves students interested in one or more of the following:

- Applications of mathematics to the sciences, business, public and environmental affairs, actuarial science, etc.
- Mathematics teaching at any level
- Graduate study in mathematics
- Mathematical research

Students in college-level mathematics courses are generally assumed to have completed two years of high school algebra. All newly enrolled students should take the math placement test to determine their skill level and math class they could enroll in.

Placement testing and counseling are available through the Office of Admissions.

In addition to mathematics courses, all majors are strongly encouraged to study another discipline, in depth, which uses mathematics. Courses in physics, chemistry, computer science, and business are recommended. Students must also complete the general requirement of the College of Arts and Sciences.

Mathematics introductory courses include

- MATH-A 100
- MATH-M 117

Courses for nonmajors include

- MATH-M 015
- MATH-M 100
- MATH-M 110
- MATH-M 111
- MATH-M 118
- MATH-M 119
- MATH-M 125
- MATH-M 126
- MATH-M 127
- MATH-K 200
- MATH-K 300
- MATH-T 101
- MATH-T 102
- MATH-T 103
- MATH-T 490

Major in Mathematics - B.A.

Requirements (30-32 cr.)

- Required core courses (29 cr.)
  - MATH-M 215 (5 cr.)
  - MATH-M 216 (5 cr.)
  - MATH-M 301 (3 cr.)
  - MATH-M 311 (4 cr.) should be taken as soon as possible after completion of MATH-M 216
Major in Mathematics - B.S.
Requirements (42-44 cr.)

- **(1) Required core courses** (23 cr.)
  - MATH-M 215 (5 cr.)
  - MATH-M 216 (5 cr.)
  - MATH-M 301 (3 cr.)
  - MATH-M 311 (4 cr.)
  - MATH-M 360 (3 cr.)
  - MATH-M 391 (3 cr.)

- **(2) Applications** (12 cr.)
  at least four additional 300 or 400 level mathematics courses not used for 1, 3, or 4.

- **(3) Senior Concentration** (6 cr.)
  Select 2 courses from the following
  - MATH-M 366 (3 cr.)
  - MATH-M 403 (3 cr.)
  - MATH-M 405 (3 cr.)
  - MATH-M 413 (3 cr.)

- **(4) Senior Thesis in Mathematics** (1-3 cr.)
  MATH-M 493 (1-3 cr.) (a capstone course)

Requirements for the Minor (15-20 cr.)

- **Arts and Sciences Option**
  Mathematics majors are required to augment their academic program with a minor (minimum 15 credit hours) in another discipline. Students majoring in a discipline must work with the appropriate advisor to select the minor area.

- **Secondary Education Option**
  For students graduating with both, Secondary Education with major in mathematics and Bachelor of Science in mathematics, the minor requirement is waived.

Consult the Mathematics Department or the appropriate department for details.

Major in Actuarial Science - B.S.
Requirements (67-70 cr.)

- **Mathematics** core courses (23 cr.)
  - MATH-M 215 (5 cr.)
  - MATH-M 216 (5 cr.)
  - MATH-M 301 (3 cr.)
- **Actuarial Science** core courses (7-9 cr.) (One of these will be a capstone course)
  - MATH-M 320 (3 cr.)
  - MATH-M 325 (1-3 cr.)
  - MATH-M 485 (3 cr.)

- **Computer Science** core courses (7-8 cr.) (Select one of the following):

  - **Option 1**
    - CSCI-C 201 (4 cr.)
    - CSCI-C 307 (3 cr.)

  - **Option 2**
    - CSCI-A 201 (4 cr.)
    - CSCI-A 302 (4 cr.)

- **Economics and Business** core courses (21 cr.)
  - ECON-E 201 (3 cr.)
  - ECON-E 202 (3 cr.)
  - BUS-A 201 (3 cr.)
  - BUS-A 202 (3 cr.)
  - ECON-E 270 (3 cr.)
  - BUS-F 301 (3 cr.)
  - BUS-F 420 (3 cr.)

- **Technical Electives** (9 cr.) three courses not used for Computer Science core from:
  - **Mathematics**
    - MATH-M 311 (4 cr.)
    - MATH-M 360 (3 cr.)
    - MATH-M 366 (3 cr.)

  - **Computer Science**
    - CSCI-C 203 (4 cr.)
    - CSCI-C 320 (3 cr.)
    - CSCI-C 343 (4 cr.)
    - CSCI-C 390 (1-3 cr.)
    - CSCI-C 340 (3 cr.)

  - The following serve as technical electives when not used as (3) Computer Science core courses.
    - CSCI-A 201 (4 cr.)
    - CSCI-A 302 (3 cr.)
    - CSCI-C 201 (4 cr.)
    - CSCI-C 307 (3 cr.)

- **Business**
  - BUS-L 201 (3 cr.)
  - BUS-N 300 (3 cr.)
  - BUS-P 301 (3 cr.)
  - BUS-M 301 (3 cr.)
  - BUS-M 303 (3 cr.)
• BUS-A 311 (3 cr.)  
• BUS-A 312 (3 cr.)  
• BUS-A 322 (3 cr.)  
• BUS-A 325 (3 cr.)  
• BUS-A 328 (3 cr.)  
• BUS-A 424 (3 cr.)

• Students must also complete the general requirements of the College of Arts and Sciences for the Bachelor of Science degree.

• Total (67-70 cr.)

For details concerning exact requirements, please consult the Department of Mathematics and Actuarial Science.

Major in Mathematics - B.S. and Master of Science in Education with Major in Secondary Education

The department of Mathematics and Actuarial Science and the School of Education offer a five-year program which results in a student graduating with a Bachelor of Science degree in Mathematics from the College of Arts and Sciences and a Master of Science degree in Secondary Education from the School of Education. Contact our department for further information and detailed schedule.

Minor in Mathematics

An arts and sciences minor in mathematics consists of the courses

• MATH-M 215 (5 cr.)  
• MATH-M 216 (5 cr.)  
• two (2) Mathematics courses above 200 level, and  
• Select one of the following  
  • CSCI-C 201, CSCI-A 201, PSY-K300 or  
  • any Mathematics or Calculus-based Science course at the 200 level or above

Program for Secondary School Provisional Certificate in Mathematics

(See School of Education requirements.)

Required

• MATH-M 118 (3 cr.)  
• MATH-M 126 (2 cr.)  
• MATH-M 215 (5 cr.)  
• MATH-M 216 (5 cr.)  
• MATH-M 301 (3 cr.)  
• MATH-M 311 (4 cr.)  
• MATH-M 391 (3 cr.)  
• MATH-M 360 (3 cr.)  
• MATH-M 366 (3 cr.)  
• MATH-T 336 (3 cr.)  
• MATH-M 447 (3 cr.)

• Two approved mathematics electives (6 cr.) The following courses are recommended:
  • MATH-M 320 (3 cr.)  
  • MATH-M 343 (3 cr.)

• MATH-M 403 (3 cr.)  
• MATH-M 405 (3 cr.)  
• MATH-M 413 (3 cr.)

Total (43 cr.)

In order to finish this program in four years, the courses must be taken in the sequence and at the times recommended by the mathematics department. Most 300 and 400 level mathematics courses are offered every other year.

Graduate Certificate in Mathematics

This 100 percent online program is taught by IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast. This consortial model allows you to take coursework from multiple campuses and benefit from the expertise and experience of a diverse faculty.

The Graduate Certificate in Mathematics provides graduate-level instruction in mathematics to students interested in obtaining advanced skills and knowledge in this area.

These may include instructors of finite mathematics, calculus and other introductory college-level mathematics courses. The certificate curriculum provides the knowledge and expertise needed to integrate new mathematical concepts and approaches into teaching.

Of Special Interest for Dual-Credit and Community College Instructors

The Higher Learning Commission (HLC) requires all high school teachers who teach dual-credit or other college-level courses to hold a master's degree in the field, or to have a master's degree in another area (such as education), plus at least 18 credit hours of graduate coursework in the discipline. The Graduate Certificate in Mathematics provides these 18 discipline-specific credit hours.

Certificate Requirements

To earn the Graduate Certificate in Mathematics, you must complete 18 credit hours. Requirements are broken down as follows:

• Mathematics core courses (9 credit hours)  
• Mathematics elective courses (9 credit hours)

You choose courses from the following areas of study: algebra, analysis, typology and geometry, differential equations and applications, and probability and statistics.

For more information on the Graduate Certificate in Mathematics see https://online.iu.edu/program/indiana-mathematics-graduate-1515523342857.

M.A.T. in Mathematics

This 100 percent online program is taught by IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast. This consortial model allows you to take coursework from multiple campuses and benefit from the expertise and experience of a diverse faculty.

The IU Online Master of Arts for Teachers in Mathematics combines coursework in education and mathematics
to prepare you to be a dual-credit instructor at the high school and community college levels.

The educational component of the program teaches you how to apply the science and art of teaching to college-level instruction. Coursework covers instruction and curriculum, assessment, diversity and inclusive teaching, and research.

As a student in the mathematics component of the program, you develop advanced knowledge in three of the following categories: algebra, analysis applications, topology and geometry, differential equations and applications, and probability and statistics. You learn to analyze and interpret mathematical data for real-world applications, to think and problem-solve mathematically, and to apply the best methods for teaching these lessons to an undergraduate audience.

Of Special Interest for Teachers/Instructors Needing to Meet HLC Dual-Credit Standards

The stackable structure of the MAT in Mathematics is ideal for those who want to teach dual-credit courses and who need to meet Higher Learning Commission dual-credit qualification standards. These standards require teachers wanting to teach dual-credit courses in mathematics to hold either a master’s degree in mathematics or a master’s degree in another discipline (such as education), plus at least 18 credit hours of discipline-specific graduate coursework.

- If you need both discipline-specific coursework and a master’s degree, the MAT in Mathematics meets HLC standards.
- If you already hold a master’s degree in a discipline other than mathematics, you can meet HLC standards by completing the Graduate Certificate in Mathematics.

MAT Requirements

To earn the MAT in Mathematics, you must complete 30 credit hours.

Requirements are broken down as follows:

- Core course (9 credit hours)
- Electives (9 credit hours)
- Education component (12 credit hours)

For more information on the M.A.T. in Mathematics see https://online.iu.edu/program/indiana-university-online-mathematics-mat-master-1588092894678.

Minority Studies

Phone: (219) 980-6629
Website: http://www.iun.edu/minority-studies/

About the Department

The Department of Minority Studies offers programs leading to the Bachelor of Arts degree in African American and African Diaspora studies. The curriculum is designed to acquaint the student with the unique worldviews and experiences of Blacks and Latinos and the problems of minority groups in general. It prepares the student for the fields of community development, social services, minority group relations, and graduate study.

The university possesses a large and continuously growing library collection covering African, West Indian, and American experiences.

African American and African Diaspora Studies

The curriculum leading to a Bachelor of Arts degree in African American and African Diaspora Studies is oriented toward professional preparation and graduate study. The two program sequences, Human Services and Community Development, place a heavy emphasis on education that is directly related to employment opportunities and graduate-level study. The department also offers a Bachelor of Arts degree in African American and African Diaspora Studies with a concentration in Latino Studies.

Major in African American and African Diaspora Studies

Requirements - a minumum of 30 cr.

- Required
  - AAAD-A 103 (3 cr.)
  - AAAD-A 301 (3 cr.)
  - AAAD-A 343 (3 cr.)
- Select one of the following (3 cr.)
  - AAAD-A 150 Survey of the Culture of Black Americans (3 cr.)
  - AAAD-A 151 Minority People in the United States (3 cr.)
- Select from the following Afro-American History and Culture courses (6 cr.)
  - AAAD-A 355 Afro-American History I (3 cr.)
  - AAAD-A 379 Early Black American Writing (3 cr.)
  - AAAD-A 356 Afro-American History II (3 cr.)
  - AAAD-A 370 Recent Black American Writing (3 cr.)
  - AAAD-A 380 Contemporary Black American Writing (3 cr.)
- Other courses in African American and African Diaspora studies or approved courses in sociology, psychology, or history may be taken to complete the major.
- Twenty-five (25) credit hours of 200-400 level courses are required.
- Students must also complete the general requirements of the College of Arts and Sciences.

Interdepartmental Major in African American and African Diaspora Studies and Communication

The Departments of Communication and Minority Studies offer an interdepartmental major in African American and African Diaspora studies and communication that reflects an interdisciplinary and substantive field of study. An interdepartmental major in communication and African American and African Diaspora studies focuses the specialization of the study of the human communication process within the African American and African Diaspora.
experience. This focus enhances the application of principles, methods, and findings of communication studies in light of the history, culture, and theories of the African American and African Diaspora experience, including an Africana perspective. Students will integrate their communication studies emphasis (public and rhetorical communication, relational communication, media studies, or communication and culture) into the African American and African Diaspora studies major to create a systematic and coherent field of study.

Requirements
The chairpersons of the Departments of Minority Studies and Communication must jointly advise the interdepartmental major. Students must complete a total of 45 credit hours in the interdepartmental major.

Students must complete
- African American and African Diaspora studies (18 cr.)
  - Select one of the following
    • AAAD-A 150 (3 cr.)
    • AAAD-A 151 (3 cr.)
  - Select one of the following
    • AAAD-A 355 (3 cr.)
    • AAAD-A 379 (3 cr.)
  - Select one of the following
    • AAAD-A 356 (3 cr.)
    • AAAD-A 370 (3 cr.)
    • AAAD-A 380 (3 cr.)

- African American and African Diaspora studies electives (9 cr.)
  - 300 or 400 level

- Communication (speech, communication, journalism, telecommunications) (27 cr.)
  • SPCH-S 121 (3 cr.)
  • SPCH-S 122 (3 cr.)
  • 300 or 400 level (12 cr.)
  • SPCH-S 400 (3 cr.) and / or AAAD-A 493 (3 cr.)
  - Courses cross-listed in both departments may be taken in either department, but students may not receive credit in both departments for the same course.
  - Students may not receive credit toward the major for both SPCH-S 424 and AAAD-A 398

Total (45 cr.)

Interdepartmental Major in African American and African Diaspora Studies and English
The Departments of Minority Studies and English offer a thematically integrated major in African American and African Diaspora Studies and English. This interdepartmental major is designed for students who wish to combine substantial African American and African Diaspora Studies with their work in the American and English literature major. African American and African Diaspora Studies is importantly multidisciplinary, requiring students to be familiar with the connected history and theories of the African American and African Diaspora experience across disciplines, including an Africana perspective. The interdepartmental major in African American and African Diaspora Studies and English provides students with this background as well as with an understanding of African American and African Diaspora literature, seen in the context of American and English literature. With this course of study, students will be able to integrate and synthesize knowledge and understanding of the total African American and African Diaspora experience as it coexists with English language and literature studies.

Requirements
The chairpersons of the Departments of Minority Studies and English must jointly advise the interdepartmental major. A combined minimum of 33 credit hours is required.

- African American and African Diaspora Studies - 300 level or above (18 cr.)
  • AAAD-A 355 (3 cr.)
  • AAAD-A 356 (3 cr.)
  • AAAD-A 493 (multidisciplinary capstone course) (3 cr.)
  • Select from the following (9 cr.)
    • AAAD-A 370 (3 cr.)
    • ENG-L 370 (3 cr.)
    • AAAD-A 379 (3 cr.)
    • AAAD-A 380 (3 cr.)
    • AAAD-A 392 (3 cr.)

- English (15 cr.)
  • ENG-L 202 (3 cr.)
  • ENG-L 315 (3 cr.)
  • Select one of the following
    • ENG-L 351 (3 cr.)
    • ENG-L 352 (3 cr.)
    • ENG-L 355 (3 cr.)
  • Select one of the following
    • ENG-L 354 (3 cr.)
    • ENG-L 357 (3 cr.)
    • ENG-L 358 (3 cr.)
  • ENG-L 440 (3 cr.)

Total (33 cr.)

A 2.0 cumulative grade point average is required in the courses taken in the interdepartmental major. Only courses with a grade of C- or higher will be counted in the major.

Minor in African American and African Diaspora Studies
Requirements
- Select one of the following
  • AAAD-A 150 (3 cr.)
  • AAAD-A 151 (3 cr.)
- 4 additional courses in Afro-American studies to be selected in consultation with the departmental advisor. (12 cr.)

Total (15 cr.)
Latino Studies
Latino studies is an interdisciplinary program designed to acquaint the student with the worldview and experience of Chicanos and Puerto Ricans in the United States. The curriculum emphasizes the history, culture, and socioeconomic conditions of Latino people while also examining the nature of minority groups in American society. The program also offers courses for the bilingual education endorsement in the School of Education, the education minor in ethnic and cultural studies, and the education major with bilingual emphasis.

Minor in Latino Studies
Requirements
- CHRI-C 101 (3 cr.)
- CHRI-C 151 (3 cr.)
- 12 credit hours from the course listings (course numbers in parentheses indicate cross-listing in the Department of History) (12 cr.)

Total (18 cr.)

Minor in Race-Ethnic Studies
Race-Ethnic Studies allows students interested in African American and African Diaspora and Latino Studies to develop a focus of study in both programs. This field leads to a broad understanding of the minority experience in the United States and those of diaspora peoples; how the phenomena of race, gender, and class have influenced communities and individuals; how minority groups define themselves and what strategies they have utilized for survival; who the people called African Americans, Latinos, Native Americans, and Asian Americans are.

Credit Hours Required—A minimum of 15 credit hours required.

Requirements
- AAAD-A 151 / CHRI-C 151 Minority People in the United States (3 cr.)
- 4 courses from the listings for the Department of Minority Studies meeting the following distribution pattern (12 cr.)
  - 2 courses from course listings in African American and African Diaspora studies (6 cr.)
    - At least one course at 200, 300, or 400 level (3 cr.)
  - 2 courses from course listings in Latino Studies (6 cr.)
    - At least 1 course at 200, 300, or 400 level (3 cr.)

Total (15 cr.)

Postbaccalaureate Certificates
Community Development/Urban Studies
This certificate is for students who have completed an undergraduate degree and would like formal recognition of a proficiency in the field of Community Development and Urban Studies. The focus of study will be on community development, community economic development, and urban studies within a matrix of the minority experience. This certificate has wide appeal from educators to practitioners in fields such as community development, planning, and public policy. This certification meets a need for persons intending to hold or holding positions in the field beyond the entry level, such as Community Development Planner II; or entry-level positions that require postbaccalaureate certification and/or experience.

Requirements
- Department of Minority Studies or approved courses from other departments (18 cr.)
  - Select from one of the following
    - AAAD-A 150
    - AAAD-A 151
    - CHRI-C 151 Minority People (3 cr.)
- Department of Minority Studies courses which be distributed among community development, urban studies and economic policy (12 cr.)
  - AAAD-A 103
  - AAAD-A 230
  - AAAD-A 240
  - AAAD-A 301
  - AAAD-A 302
  - AAAD-A 304
  - AAAD-A 341
  - AAAD-A 343
  - AAAD-A 398

Three (3) credit hours in capstone, research or project course.

Race-Ethnic Studies
This certificate is for students who have completed an undergraduate degree and would like formal recognition of a proficiency in the field of Race-Ethnic Studies (see Minor in Race-Ethnic Studies). This certificate has wide appeal from educators to those in business.

Requirements
- Select one of the following
  - AAAD-A 150
  - AAAD-A 151
  - CHRI-C 151 Minority People (3 cr.)
- Department of Minority Studies, must be distributed between Latino Studies and African American and African Diaspora Studies (12 cr.)
- Capstone or research course, must be interdisciplinary (3 cr.)

Modern Languages, Comparative Literature, and Linguistics

French
The program in French embraces courses at all levels, elementary through advanced, and includes the culture
and literature of France, Québec, and other Francophone regions of Africa and the Caribbean.

**Major in French**
The program in French embraces courses at all levels, elementary through advanced, and includes the culture and literature of France, Québec, and other Francophone regions of Africa and the Caribbean.

**Requirements**
- FREN-F 200 and FREN-F 250 or equivalents (6 cr.)
- Chosen among FREN-F 300, FREN-F 305, FREN-F 306, FREN-F 328, FREN-F 375, FREN-F 380, and FREN-F 391 (12 cr.)
- 400 level courses (9 cr.)
- Select one of the following
  - SPAN-S 100 (or a more advanced course taught in Spanish)
  - GER-G 100 (or a more advanced course taught in German)
  - ITAL-M 100 (or a more advanced course taught in Italian)
- Select from the following list of culture options (3 cr.)
  - SPAN-S 231
  - SPAN-S 240
  - SPAN-S 260
  - SPAN-S 284
  - SPAN-S 290
  - CDNS-C 101
  - CDNS-C 301
  - CDNS-C 350
  - CDNS-C 400
  - CDNS-C 495
  - CMLT-C 261
  - CMLT-C 340
  - LING-L 103

**Minor in French**
**Minor in French Requirements (15cr.):**
- FREN-F 200 and FREN-F 250 or equivalent earned through special credit
- 3 courses at the third-year or fourth-year level, taught in French
- Fourth-year level courses may only be taken with permission of instructor

**Courses in English**
The following courses are taught in English.
- FREN-F 309
- FREN-F 310
- FREN-F 311
- FREN-F 312
- FREN-F 341

No credit in French.

**Spanish**
The program offers courses at all levels, elementary through advanced, on the Spanish language and the cultures and literatures of Spain and Latin America.

**Major in Spanish**
**Requirements**
- SPAN-S 200 and SPAN-S 250 (6 cr.)
- Chosen among SPAN-S 311, SPAN-S 312, SPAN-S 317, SPAN-S 323, SPAN-S 360, and SPAN-S 363 (12 cr.)
- 400 level courses (9 cr.)
- Select one of the following
  - FREN-F 100 (or a more advanced course taught in French)
  - GER-G 100 (or a more advanced course taught in German)
  - ITAL-M 100 (or a more advanced course taught in Italian)
- Select from the following list of culture options (3 cr.)
  - FREN-F 309
  - FREN-F 310
  - FREN-F 311
  - FREN-F 312
  - FREN-F 341
  - CMLT-C 261
  - CMLT-C 340
  - CDNS-C 101
  - CDNS-C 301
  - CDNS-C 350
  - CDNS-C 400
  - CDNS-C 495
  - LING-L 103

- The Department of Modern Languages will accept one CHRI course that is cross-listed with Spanish and taken by students toward an A.A. in Latino Studies and apply it to the B.A. in Spanish toward completion of the required 30 credits of Spanish courses at the 200 level and above.

**Minor in Spanish**
**Minor in Spanish Requirements (15cr.):**
- SPAN-S 200 and SPAN-S 250 or equivalent earned through special credit and three courses at the third-year
or fourth-year level, taught in Spanish. Fourth-year level courses may only be taken with permission of instructor.

Special Credit
Special credit may be awarded for the two highest courses a student tests out of (100, 150, 200, or 250), up to a maximum of 8 credits.

Native Speakers
Students who are native speakers of Spanish must get permission from the department to enroll in any third-year or fourth-year level Spanish courses. Questions about the major or minor should be directed to the department chair.

Foreign Study
Qualified students who want to participate in a one-year academic program are encouraged to apply for the program offered in Madrid, Spain. In addition, IU offers programs in various locations throughout Spain and Latin America. Summer study programs are available in Bilbao and Salamanca, Spain. These programs can be used to fulfill requirements for the baccalaureate degree.

Courses in English
The following Spanish courses are taught in English:

- SPAN-S 231
- SPAN-S 240
- SPAN-S 260
- SPAN-S 284
- SPAN-S 290

No credit in Spanish.

German
Foreign Study
Qualified students who want to participate in a one-year program are encouraged to apply for the program offered in Freiburg, Germany. In addition, IU offers semester and summer programs in various locations throughout Germany and Austria. These programs can be used to fulfill requirements for the baccalaureate degree.

For a description of all German program options visit: http://overseas.iu.edu/programs/iuprograms/languages/german.shtml.

Italian
Foreign Study
Qualified students who want to participate in a one-year program are encouraged to apply for the program offered in Bologna, Italy. In addition, IU offers semester and summer programs in various locations throughout Italy. These programs can be used to fulfill requirements for the baccalaureate degree. For a description of all Italian program options visit: http://overseas.iu.edu/programs/iuprograms/languages/italian.shtml.

Canadian Studies
The Canadian Studies program gives students a better understanding of the diverse origins and multifaceted character of Canada. It gives direction and depth to the student's liberal arts education through a focus on Canada.

Minor in Canadian Studies
The minor in Canadian Studies consists of:

- 15 credit hours to include:
  - CDNS-C 101 Canadian Studies (3 cr.)
  - CDNS-C 301 (3 cr.)

Select three of the following:

- CDNS-C 350 (3 cr.)
- CDNS-C 400 (3 cr.)
- CDNS-C 495 (3cr.)
- FREN-F 200 (3cr.)
- FREN-F 250 or equivalent (3cr.)

Total (15cr.)

Psychology
Phone: (219) 980-6680
Website: http://www.iun.edu/psychology/

About the Department of Psychology
The Department of Psychology offers a major in psychology leading to the B.A. degree and the B.S. degree, a major in psychology with a concentration in Women's and Gender Studies leading to the B.A. degree, a Masters in Clinical Counseling to help prepare students for work in Addictions Counseling, and provides course work for undergraduates who want to satisfy distribution requirements. As a science, psychology seeks to understand the basic principles by which living organisms adapt their behavior to the changing physical and social environments in which they live. The breadth of the discipline, with its links to the humanities, mathematics, and other social and natural sciences, encourages the development of broad problem-solving skills through exposure to experimental methodology and statistical analysis, and contributes to personal growth and the development of communication skills. Psychological knowledge, techniques, and skills obtained in the B.A. and B.S. programs are applied in many careers and provide background for students entering graduate work in psychology and related areas, as well as the professions of medicine, dentistry, law, and business.

Career opportunities for psychology majors at the bachelor's degree level exist in mental health clinics, social welfare agencies, government, personnel departments, and business and industry. A wider range of professional opportunities is open to those who complete master's or doctoral degrees. It is strongly recommended that prospective majors discuss their career objectives with a member of the Department of Psychology early so that appropriate course planning can be accomplished.

The Department of Psychology maintains a chapter of Psi Chi, the international honor society in psychology. With both academic and social interests, the chapter sponsors speakers, workshops, films, and field trips. Students
interested in joining should contact the department chairperson.

**Major in Psychology - Bachelor of Arts (B.A.)**

**Psychology Requirements (Va) (30 cr.)**
- PSY-P 101 (3 cr.) prerequisites for all courses
- PSY-P 102 (3 cr.) prerequisites for all courses
- PSY-P 211 (3 cr.) prerequisites for all 400-level laboratory courses
- PSY-K 300 (3 cr.) prerequisites for all 400-level laboratory courses
- Area A
  - Select a minimum of 2 of the following
    - PSY-P 325 (3 cr.)
    - PSY-P 326 (3 cr.)
    - PSY-P 327 (3 cr.)
    - PSY-P 329 (3 cr.)
    - PSY-P 335 (3 cr.)
    - PSY-P 388 (3 cr.)
    - PSY-P 407 (3 cr.)
    - PSY-P 417 (3 cr.)
    - PSY-P 438 (3 cr.)
    - PSY-P 469 (3 cr.)
- Area B
  - Select a minimum of 2 of the following
    - PSY-B 322 (3 cr.)
    - PSY-P 303 (3 cr.)
    - PSY-P 314 (3 cr.)
    - PSY-P 316 (3 cr.)
    - PSY-P 319 (3 cr.)
    - PSY-P 320 (3 cr.)
    - PSY-P 324 (3 cr.)
    - PSY-P 336 (3 cr.)
    - PSY-P 339 (3 cr.)
    - PSY-P 389 (3 cr.)
    - PSY-P 425 (3 cr.)
    - PSY-P 430 (3 cr.)
- Select 1 from the following Advanced Laboratory Course which also satisfies the capstone requirement
  - PSY-P 421 (3 cr.)
  - PSY-P 426 (3 cr.)
  - PSY-P 429 (3 cr.)
  - PSY-P 435 (3 cr.)
- 300-400 level psychology elective (3 cr.)

Total (30 cr.)

Students must also complete the core requirements of the College of Arts and Sciences.

**Recommended** In addition to meeting departmental and general requirements, the department suggests that psychology majors take supporting courses in mathematics and the natural sciences. We recommend the following courses for all majors: Introductory Biology and Introductory Chemistry. It is also important to obtain a broadly based education in the humanities, social sciences, and fine arts. Students should not concentrate all their electives in psychology or any other single subject area. Courses such as logic, philosophy, sociology, chemistry, and computer science are especially appropriate. Prospective psychology students and/or majors are invited to discuss their interests with any member of the psychology faculty.

**Major in Psychology - Bachelor of Science (B.S.)**

**Purpose** The Bachelor of Science in Psychology degree provides students with a rigorous general background in the field of psychology and allied disciplines. The degree is designed for students who wish to prepare for graduate or professional school training in psychology or related fields. The more extensive requirements in biology, chemistry, mathematics, and physics have been selected to optimize the student's future opportunities.

**Psychology Requirements (Va)**
- PSY-P 101 (3 cr.) prerequisites for all courses
- PSY-P 102 (3 cr.) prerequisites for all courses
- PSY-P 211 (3 cr.) prerequisites for all 400-level laboratory courses
- PSY-K 300 (3 cr.) prerequisites for all 400-level laboratory courses
- Area A
  - Select a minimum of 3 of the following
    - PSY-P 325 (3 cr.)
    - PSY-P 326 (3 cr.)
    - PSY-P 327 (3 cr.)
    - PSY-P 329 (3 cr.)
    - PSY-P 335 (3 cr.)
    - PSY-P 388 (3 cr.)
    - PSY-P 407 (3 cr.)
    - PSY-P 417 (3 cr.)
    - PSY-P 438 (3 cr.)
    - PSY-P 469 (3 cr.)
- Area B
  - Select a minimum of 2 of the following
    - PSY-B 322 (3 cr.)
    - PSY-P 303 (3 cr.)
    - PSY-P 314 (3 cr.)
    - PSY-P 316 (3 cr.)
    - PSY-P 319 (3 cr.)
    - PSY-P 320 (3 cr.)
    - PSY-P 324 (3 cr.)
    - PSY-P 336 (3 cr.)
    - PSY-P 339 (3 cr.)
    - PSY-P 389 (3 cr.)
    - PSY-P 425 (3 cr.)
    - PSY-P 430 (3 cr.)
- Select 1 from the following Advanced Laboratory Courses which also satisfies the capstone requirement
  - PSY-P 421 (3 cr.)
  - PSY-P 426 (3 cr.)
  - PSY-P 429 (3 cr.)
  - PSY-P 435 (3 cr.)
- Select 2 additional 300-400 level psychology elective courses (6 cr.)
**Allied Disciplines Requirements (Vb)**

- BIOL-L 101 (4 cr.)
- BIOL-L 102 (4 cr.)
- CHEM-C 105 (3 cr.)
- CHEM-C 106 (3 cr.)
- CHEM-C 125 (2 cr.)
- CHEM-C 126 (2 cr.)
- Courses listed under the category Group IIIA at the 100 level or above (22 cr.)

In addition to the preceding courses, the student is responsible for fulfilling the core requirements of the Bachelor of Science degree as established by the College of Arts and Sciences.

**Major in Psychology with a Concentration in Women's and Gender Studies**

**Purpose**
The Bachelor of Arts degree in psychology with a concentration in Women's and Gender Studies provides a solid background in applied and basic psychology along with a focus on and experiences in the psychology of women and women's issues.

**Group Va Requirements including the following classes**

- PSY-P 101 (3 cr.) prerequisites for all courses
- PSY-P 102 (3 cr.) prerequisites for all courses
- PSY-P 211 (3 cr.) prerequisites for all 400-level laboratory courses
- PSY-K 300 (3 cr.) prerequisites for all 400-level laboratory courses

**Area A**
- Select a minimum of 1 of the following
  - PSY-P 325 (3 cr.)
  - PSY-P 326 (3 cr.)
  - PSY-P 327 (3 cr.)
  - PSY-P 329 (3 cr.)
  - PSY-P 335 (3 cr.)
  - PSY-P 388 (3 cr.)
  - PSY-P 407 (3 cr.)
  - PSY-P 417 (3 cr.)
  - PSY-P 438 (3 cr.)
  - PSY-P 469 (3 cr.)

**Area B**
- Select a minimum of 2 of the following
  - PSY-B 322 (3 cr.)
  - PSY-P 303 (3 cr.)
  - PSY-P 314 (3 cr.)
  - PSY-P 316 (3 cr.)
  - PSY-P 319 (3 cr.)
  - PSY-P 320 (3 cr.)
  - PSY-P 324 (3 cr.)
  - PSY-P 336 (3 cr.)
  - PSY-P 339 (3 cr.)
  - PSY-P 389 (3 cr.)
  - PSY-P 425 (3 cr.)
  - PSY-P 430 (3 cr.)

- Select 1 from the following Advanced Laboratory Courses which also satisfies the capstone requirement
  - PSY-P 421 (3 cr.)
  - PSY-P 426 (3 cr.)
  - PSY-P 429 (3 cr.)
  - PSY-P 435 (3 cr.)

- Select 2 Psychology courses focused on women's issues
  - PSY-P 460 (3 cr.)
  - PSY-P 432 (3 cr.)

**Group Vb Requirements**

- Select 1 Women's and Gender Studies core course
  - WGS-W 200 (3 cr.)
  - WGS-W 400 (3 cr.)

- Select 1 Practicum in Women's and Gender Studies of Psychology (if focus is on women's issues)
  - WGS-W 480 (3 cr.)
  - PSY-B 309 (3 cr.)

In addition to the preceding courses, the student is responsible for fulfilling the core requirements of the College of Arts and Sciences.

**Minor in Psychology Requirements**

Students who elect to minor in psychology must complete the following

- PSY-P 101 (3 cr.)
- PSY-P 102 (3 cr.)
- Select 3 additional courses in psychology at the 300 or higher level. (9 cr.)

**Total (15 cr.)**

**Major in Neuroscience - Bachelor of Arts (B.A.)**

**Neuroscience Requirements (Va) (68-69 cr.)**

- PSY-P 101 Introductory Psychology I (3 cr.)
- PSY-P 326 Behavioral Neuroscience (3 cr.)
- PSY-P 211 Methods of Experimental Psychology (3 cr.)
- PSY-K 300 Statistical Techniques (3 cr.)
- BIOL-L 101 Introduction to the Biological Sciences I (with lab, 4 cr.)
- BIOL-L 211 Molecular Biology (3 cr.)
- CHEM-C 105/C125/C106/C126 General Chemistry I and II (with labs, 10 cr.)
- MATH-M 215 Calculus I (5 cr.)
- PHIL-P 393 Biomedical Ethics (3 cr.)
- CSCI-C 150 Procedures and Problem Solving (3 cr.)
- CSCI-C 201 Computer Programming II (4 cr.)
- Choose one basic non-neuroscience course from the following (4-5 cr.):
  - PHSL-P261, BIOL-L311 (with lab), BIOL-L 312 (with lab), CHEM-C 342/C344: MATH-M 216, PHYS-P201, PHYS-P 202, PHYS-P 221, PHYS-P 222
• Choose four advanced Neuroscience courses from the following (12 cr.):
  • PSY-P 407 Drugs and the Nervous System
  • PSY-P 329 Sensation and Perception
  • PSY-P 469 Stress Effects on Brain and Behavior
  • PSY-P 388 Special Topics in Experimental Psychology (approved topics)
  • BIOL-Z 466 Endocrinology
  • BIOL-L 318 Evolution
  • PHSL-P 417 Neurobiology
• Capstone/advanced lab (3 cr.): PSY-P 426 Laboratory in Behavioral Neuroscience

Total (68-69 cr.)

Students must also complete the core requirements of the College of Arts and Sciences.

**Major in Neuroscience - Bachelor of Science (B.S.)**

**Neuroscience Requirements (Va) (68-69 cr.)**

- PSY-P 101 Introductory Psychology I (3 cr.)
- PSY-P 326 Behavioral Neuroscience (3 cr.)
- PSY-P 211 Methods of Experimental Psychology (3 cr.)
- PSY-K 300 Statistical Techniques (3 cr.)
- BIOL-L 101 Introduction to the Biological Sciences I (with lab, 4 cr.)
- BIOL-L 211 Molecular Biology (3 cr.)
- CHEM-C 105/C125/C106/C126 General Chemistry I and II (with labs, 10 cr.)
- CHEM-C 341/CHEM-C 343 Organic Chemistry I (with lab, 5 cr.)
- MATH-M 215 Calculus I (5 cr.)
- PHIL-P 393 Biomedical Ethics (3 cr.)
- CSCI-C 150 Procedures and Problem Solving (3 cr.)
- CSCI-C 201 Computer Programming II (4 cr.)

• Choose one basic non-neuroscience course from the following (4-5 cr.):
  - PHSL-P261, BIOL-L311 (with lab), BIOL-L 312 (with lab), CHEM-C 342/C344; MATH-M 216, PHYS-P201, PHYS-P 202, PHYS-P 221, PHYS-P 222

• Choose four advanced Neuroscience courses from the following (12 cr.):
  - PSY-P 407 Drugs and the Nervous System
  - PSY-P 329 Sensation and Perception
  - PSY-P 469 Stress Effects on Brain and Behavior
  - PSY-P 388 Special Topics in Experimental Psychology (approved topics)
  - BIOL-Z 466 Endocrinology
  - BIOL-L 318 Evolution
  - PHSL-P 417 Neurobiology

  • Capstone/advanced lab (3 cr.): PSY-P 426 Laboratory in Behavioral Neuroscience

Total (68-69 cr.)

**Minor in Neuroscience**

**Requirements**

Students who elect to minor in neuroscience must complete the following:

- PSY-P 101 (3 cr.)
- BIOL-L 101 with lab (4 cr.)
- Choose three advanced Neuroscience courses from the following (9 cr.):
  - PSY-P 326, PSY-P 329, PSY-P 469, PSY-P 388 (approved topics), BIOL-Z 446, BIOL-L 318, PHSL-P 417

Total (16 cr.)

**Sociology and Anthropology**

**Phone:** (219) 980-6789  
**Website:** [http://www.iun.edu/sociology-anthropology/](http://www.iun.edu/sociology-anthropology/)

**Sociology**

The Department of Sociology and Anthropology offers its sociology curriculum to undergraduate students who want to pursue the systematic study of society from the microlevel (the individual in society) to the macrolevel (the study of institutions). The department offers its anthropology curriculum to undergraduate students who want to acquire a global perspective on the nature and origins of human cultural and biological diversity. At the junior / senior level, some students may be eligible to enroll in independent study courses: (1) Individual Readings in Sociology and Anthropology (2) the Internship Program (where the student integrates a work experience with course work). Students graduating with a major in sociology or anthropology may enter graduate programs in sociology, anthropology, and social science; enter professional schools, such as law and social work; or enter careers requiring a bachelor's degree in the liberal arts. Both Sociology and Anthropology majors are encouraged to draw upon the resources of other departments in social and behavioral sciences, as well as the humanities and physical/natural sciences. Counseling on programs and career choices is available within the department.

The Department of Sociology and Anthropology maintains a chapter of Alpha Kappa Delta International Sociology Honor Society (Iota of Indiana Chapter). Students are selected on the basis of excellence in research.

**Major in Sociology**

**Four-year Program**

**Requirements - Majors (30 cr.)**

- SOC S161 (3 cr.)
- SOC S230 (3 cr.)
- SOC S261 (3 cr.)
- SOC S262 (3 cr.)
- SOC S340 (3 cr.) capstone requirement
- Select any four additional sociology courses to include (12 cr.) at the 300-400 level
• Select any one additional sociology course (3 cr.)

Students must also complete the general requirements of the College of Arts and Sciences.

Major in Sociology with Concentration in Women's and Gender Studies

Requirements - Majors (30 cr.)

• Select four Basic Sociology courses
  • SOC S161 (3 cr.)
  • SOC S215 (3 cr.)
  • SOC S230 (3 cr.)
  • SOC S261 (3 cr.)

• SOC S262 Methods (3 cr.)
• Select one course from the following Deviance/Inequality courses
  • SOC S337 Women and Crime (3 cr.)
  • SOC S420 Topics in Deviance, when topic is women, such as Women and Deviance (3 cr.)

• Select one course from the following Organization courses
  • SOC S310 Sociology of Women in America (3 cr.)
  • SOC S410 Topics in Social Organization when topic is women, such as Women and Religion (3 cr.)

• SOC S340 (3 cr.)
• Select electives in areas of Sociology / Anthropology Women's and Gender Studies
  • Select two appropriate courses at the 300-400 level such as
    • SOC S337 (3 cr.)
    • SOC S420 (3 cr.)
    • SOC S310 (3 cr.)
    • SOC S410 (3 cr.) when topic is women or gender
    • SOC S495 Individual Readings and Research when topic is women (3 cr.)
    • SOC S398 Internship in Behavioral Sciences, when agency serves women, such as battered women's shelters, women's transitional houses, etc. (3 cr.)
    • SOC S362 Native American Women (3 cr.)

Minor in Sociology

Requirements - Minor (15 cr.)

• SOC S161 (3 cr.)
• Select one from the following
  • SOC S163 (3 cr.)
  • SOC S164 (3 cr.)
  • SOC S230 (3 cr.)

• Select two 300 or 400 level sociology courses (6 cr.)
• Select any additional sociology course (3 cr.)

Total (15 cr.)

Major in Sociology- B.S. (ONLINE)

This program is offered collaboratively by the IU East, IU Kokomo, and IU Northwest campuses. This means that you can fulfill degree requirements by taking online classes offered by any of these campuses. This collaborative model allows you the exciting opportunity to leverage the expertise and perspectives of faculty at multiple IU campuses.

Sociology is the scientific study of society, social institutions, and social relationships. It examines the complex social, economic, political, and technological challenges facing our society today.

Degree Requirements

To graduate with your BS in Sociology, you must complete 120 credit hours. You may be able to transfer an associate degree or up to 64 credit hours from a regionally accredited two-year college and up to 90 credit hours from a regionally accredited four-year college or university.

Requirements are broken down as follows:

• Sociology core courses including Capstone (21 credit hours)
• Sociology elective courses (27 credit hours)
• General education courses (30-42 credit hours)
• General elective courses (as needed to total 120 credit hours)

For more information on the B.S. in Sociology (ONLINE) see https://online.iu.edu/program/indiana-university-online-sociology-bs-bachelor-1564084333262.

Anthropology

Anthropology gives students a holistic understanding of human existence in an ecological, evolutionary perspective. It studies the interrelationships of human biology and human behavior, particularly that behavior which we call culture, both in the past and in the present. In its four traditional subfields of cultural anthropology, physical anthropology, archaeology, and linguistic anthropology, it covers all the aspects of being human, making use of almost all of human knowledge. Anthropology is also the only discipline that focuses on the study of the origin and nature of human biological and cultural diversity. Courses in anthropology are thus of value to students in virtually all fields; they relate those disciplines to a broader view of humankind as a whole.
Major in Anthropology

Requirements - Majors (33 cr.)

- ANTH A104 (3 cr.)
- ANTH A105 (3 cr.)
- ANTH A201 (3 cr.)
- Select 1 of the following Research Methods Courses
  - ANTH E404 Field Methods in Ethnography (3 cr.)
  - ANTH E423 Life Histories (3 cr.)
- ANTH A360 capstone requirement (3 cr.)
- Select 1 400-level Seminar Experience course such as
  - ANTH E400 (3 cr.)
  - ANTH E445 (3 cr.)
  - ANTH B400 (3 cr.)
  - ANTH B466 (3 cr.)
  - Or others to be offered
- Select any 3 elective courses in Anthropology at or above the 300-level (9 cr.)
- Any course can fulfill only one of the requirements listed above
- 15 credit hours of the courses taken in the major must be at the 300 level

Total (33 cr.)

Minor in Anthropology

Requirements - Minor (15 cr.)

Select 5 (3 cr.) courses including

- ANTH-A 104 (3 cr.)
- ANTH-A 105 (3 cr.)
- Select any two 300- or 400- level courses (6 cr.)
- Select any one more 3 cr. Anthropology course

Courses

- Anthropology
- Sociology

Women's and Gender Studies

Phone: (219) 980-6714
Website: http://www.iun.edu/women-and-gender-studies/

About the Women's and Gender Studies Program

Women's and Gender Studies is an interdisciplinary program focusing on the importance of gender as a category of social analysis. Women's and Gender Studies courses consider gender systems across cultures, examining the way those systems develop, function, and change. Women's and Gender Studies draws upon a variety of academic disciplines.

A Women's and Gender Studies minor, Certificate in Women's and Gender Studies, or Bachelor of Arts degree with a major in Psychology or Sociology and a concentration in Women's and Gender Studies provides a valuable foundation for students entering the workforce. Women's and Gender Studies courses will benefit those who enter jobs in business, education, nursing, and public affairs, as well as those who study traditional fields such as history, social work, sociology, psychology, the arts, and literature. Most of the courses in the program satisfy distribution requirements.

Minor in Women's and Gender Studies

Requirements - (15 cr.)

The Minor in Women’s and Gender Studies consists of a minimum of 15 credit hours, distributed as follows: 6 credit hours of core courses and 3 credit hours from Women in Diverse Cultures, 3 credit hours from Women in the Social Sciences, and 3 credit hours from Women in the Humanities.

Core courses

- Either W200 Women in American Society (3 cr.) OR W201 Women in American Culture (3 cr.) (students cannot get credit for both)
- W400 or W401 Topics in Women's and Gender Studies (3 cr.)

The remaining 9 credit hours should be selected from the Electives.

Electives

- Women in Diverse Cultures (3 cr.)
  - WGS-W301 Global Perspectives of Gender (3 cr.)
  - WGS-W 301 International Perspectives on Women (3 cr.)
  - AFRO-A 210 Women in the African Diaspora (3 cr.)
  - AFRO-A 406 Literature by American Women of Color (3 cr.)
  - AFRO-A 410 The Black Woman and the Afro-American Experience (3 cr.)
  - SPAN-S490 Topic: The Latino Woman (3 cr.)
  - CMLT-C 340 Women in World Literature (3 cr.)
  - SPAN-S 284 Women in Hispanic Culture (3 cr.)
  - SPAN-S 470 Women in Hispanic Literature (3 cr.)
  - WGS-W 302 Issues in Women's and Gender Studies: The Afro-Caribbean Experience (3 cr.)

- Women in the Social Sciences (3 cr.)
  - WGS-W 300 Topics in Women's and Gender Studies (3 cr.)
  - WGS-W400 Topics in Women's and Gender Studies (3 cr.)
  - WGS-W400 Topics in Women's and Gender Studies: Women and Crime (3 cr.)
  - WGS-W400 Topics in Women's and Gender Studies: Gender and Corrections (3 cr.)
  - WGS-W 480 Women's and Gender Studies Practicum (3 cr.)
  - AFRO-A 210 Women in the African Diaspora (3 cr.)
  - AFRO-A 410 The Black Woman and the Afro-American Experience (3 cr.)
• SPAN-S 490 Topic: The Latino Woman (3 cr.)
• SPAN-S 470 Women in Hispanic Literature (3 cr.)
• SOC-S 310 The Sociology of Women in America (3 cr.)
• SOC-S 337 Women and Crime (3 cr.)
• SOC-S 410 Topics in Organization: Women and Work (3 cr.)
• SPC-H-S 450 Gender and Communication (3 cr.)
• SPC-H-S 427 Cross-cultural Communication (3 cr.)
• SPEA-V 450/V 550 Inside Out Prison Exchange Offender Re-entry (3 cr.) (when topic is women or gender)

Women in the Humanities (3 cr.)
• WGS-W 207 Women in Literature (3 cr.)
• WGS-W 302 Issues in Women's and Gender Studies: Afro-Caribbean Experience (3 cr.)
• WGS-W 302 Issues in Women’s and Gender Studies: Black Feminist Perspectives (3 cr.) WGS-W 302 Issues in Women’s and Gender Studies: Gender and Sexuality in Art (3 cr.)
• WGS-W 302 Issues in Women’s and Gender Studies: Gender in French Cinema (3 cr.)
• WGS-W 302 Issues in Women’s and Gender Studies: Modern American Women (3 cr.)
• WGS-W 302 Issues in Women’s and Gender Studies: Women's Human Rights (3 cr.)
• WGS-W 401 Films by Women (3 cr.)
• ENG-L 201 Films by Women (3 cr.)
• ENG-L 207 Women in Literature (3 cr.)
• ENG-L 295 American Film Culture (3 cr.)

Undergraduate Certificate in Women’s and Gender Studies
The Certificate offers students a focused program in an interdisciplinary course of studies dealing with women's experiences, issues related to gender, gender identity, roles and relationships, and the impact of these elements on life and society. The Certificate is open to both degree-seeking and non-degree-seeking students. Many professionals in business, psychology, social services, medical, and legal professions find that training in Women's and Gender Studies enhances the practice of their profession.

Students may enter the program in two different ways. Degree-seeking and non-degree-seeking students should contact the WGS Director. They will then discuss the student's career goals and needs and select a set of courses that will best satisfy those goals. Degree-seeking students should be in good standing within the university and have a minimum GPA of 2.0.

Requirements - (18 cr.)
• Core Courses (6 cr.)
  • W200 or W201 (3 cr.)
  • W480 (3 cr.)
• Select courses across 3 categories (12 cr.)
  • Women in Diverse Cultures
  • Women in the Social Sciences
  • Women in the Humanities
• At least 9 credit hours of the certificate must be completed on the Indiana University Northwest campus.
• Students are required to obtain a grade of C or better for all courses used in the Certificate.
• Students may receive either a minor or Certificate in Women’s and Gender Studies, but not both.

Bachelor of Arts in Psychology - Concentration in Women’s and Gender Studies
Purpose
The Bachelor of Arts degree in psychology with a concentration in Women’s and Gender Studies provides a solid background in applied and basic psychology along with a focus on and experiences in the psychology of women and women’s issues.

Requirements (36 cr.) including the following classes
• PSY-P 101 (3 cr.) prerequisites for all courses
• PSY-P 102 (3 cr.) prerequisites for all courses
• PSY-P 211 (3 cr.) prerequisites for all 400-level laboratory courses
• PSY-K 300 (3 cr.) prerequisites for all 400-level laboratory courses
• Area A
  • Select a minimum of 2 of the following
    • PSY-P 325 (3 cr.)
• PSY-P 326 (3 cr.)
• PSY-P 327 (3 cr.)
• PSY-P 329 (3 cr.)
• PSY-P 335 (3 cr.)
• PSY-P 407 (3 cr.)
• PSY-P 417 (3 cr.)

• Area B
  • Select a minimum of 2 of the following
    • PSY-P 314 (3 cr.)
    • PSY-P 316 (3 cr.)
    • PSY-P 319 (3 cr.)
    • PSY-P 320 (3 cr.)
    • PSY-P 324 (3 cr.)
    • PSY-P 336 (3 cr.)
    • PSY-P 389 (3 cr.)
    • PSY-P 425 (3 cr.)
    • PSY-P 430 (3 cr.)

• Select 1 from the following Advanced Laboratory Courses which also satisfies the capstone requirement
  • PSY-P 421 (3 cr.)
  • PSY-P 424 (3 cr.)
  • PSY-P 429 (3 cr.)
  • PSY-P 435 (3 cr.)

• Select two psychology courses focused on women's issues
  • PSY-P 460 (3 cr.)
  • PSY-P 432 (3 cr.)

• Select one Women's and Gender Studies core course from the following
  • WGS-W 200 (3 cr.)
  • WGS-W 400 (3 cr.)

• Select one practicum in Women's and Gender Studies or psychology from the following
  • WGS-W 480 (3 cr.)
  • PSY-B 309 (3 cr.) (if focus is on women's or gender issues)

Total (36 cr.)

In addition to the preceding courses, the student is responsible for fulfilling the general requirements of the B.A. degree as established by the College of Arts and Sciences.

Bachelor of Arts in Sociology - Concentration in Women's and Gender Studies

The Bachelor of Arts degree in sociology with a concentration in Women's and Gender Studies provides a solid background in sociology along with a focus on the sociology of women and gender issues.

Requirements - (30 cr.)

• SOC S161
• SOC S230
• SOC S261
• Select one Methods course from the following
  • SOC-S 262
• SOC-S 254

• Select one Deviance / Inequality course from the following
  • SOC-S 337 Women and Crime
  • SOC-S 420 Topics in Deviance (when topic is women or gender, such as Women and Deviance)

• Select one Organization course from the following
  • SOC-S 310 Sociology of Women in America
  • SOC-S 410 Topics in Social Organization (when topic is women and gender, such as Women and Religion)

• Select one Theory course from the following
  • SOC-S 340

• Select elective courses in areas of sociology / anthropology / Women's and Gender Studies
  • Select two appropriate additional courses at the 300-400 level from the following
    • SOC S337
    • SOC S420
    • SOC S310
    • SOC S410
    • and / or any of S495 Individual Readings and Research when topic is women or gender
    • S398 Internship in Behavioral Sciences, when agency serves women, such as shelters for battered persons, women's transitional houses, etc.

Total (30 cr.)

Outside Electives

• WGS-W 200 Introduction to Women's and Gender Studies
• Select one WGS-W 400 course such as
  • PSY-P 460 Psychology of Women
  • SPCH-S 450 Gender and Communication
  • AFRO-A 410 The Black Woman and the Afro-American Experience
• Appropriate cross-listed courses from other disciplines

Total (30 cr.)

In addition to the preceding courses, the student is responsible for fulfilling the general requirements of the B.A. degree as established by the College of Arts and Sciences.

General Studies

Administrative Officers

Mark Hoyert, Ph.D., Dean
Jonathyne Briggs, Ph.D., Associate Dean
Nelson DeLeon, Ph.D., Director
Georgia Kontos, B.A., Assistant Director
Kevin Ballard, M.B.A., Project Coordinator
General
The Bachelor of General Studies (BGS) is a liberal arts degree, without a specific major. It provides students with a broadly based multidisciplinary education, while emphasizing the liberal arts and sciences. Students are required to complete three Major Areas of Learning, an Area of Concentration, and both Arts and Science and general electives. The program allows the student the option to utilize professional and technical courses as electives. The student takes an active role in customizing a Plan of Study that will form the basis for achieving personal and career goals.

It is possible to design an academic program that fits you. It is possible to complete your studies in a variety of ways.

The B.G.S. degrees consist of two parts: (1) course work that must be done in broad categories, called "required areas of learning," and (2) course work that can be done in any school, division, or program of the university, called "elective credit." The three required areas of learning are arts and humanities, science and mathematics, and social and behavioral sciences. They provide students with a broad exposure to the humanities and the sciences. Electives permit students to explore other areas of interest and to tailor the degree to their individual needs.

Admission
General Admission Requirements

The general studies degree programs are open to all qualified high school graduates or individuals with the appropriate General Educational Development (GED) certificate.

For information how to apply for any of the programs in General Studies please contact office of Admissions.

Academic Standards
Course requirements:

- Minimum of 120 credit hours and overall Indiana University grade point average of 2.0 is required for graduation
- Minimum of 30 Indiana University credit hours
- Minimum or 20 credits hours residency, after admission to the General Studies program, with a GPA of 2.0
- Maximum of 21 credit hours in a single Arts & Science subject area and 30 credit hours in a professional school
- Minimum of 30 credit hours of upper level (300/400) courses
- Minimum grade of C- in Major Areas of Learning and Area of Concentration
- Competencies to include the following
  - ENG W131 – Elementary Composition
  - SPCH S121 – Public Speaking
  - Intensive writing
  - Math M100 or higher (not including M117)
  - Computer science
  - Science course with a lab
  - Diversity class

Awards and Distinctions
Scholastic Honor Society

Omicron Sigma Delta is a liberal arts scholastic honorary society based on the same criteria as those used by the prestigious national honorary scholastic society, Phi Beta Kappa. Candidates are selected on the basis of high scholarship and good character.

Graduation with Distinction

The General Studies Program recognizes outstanding performance in coursework by awarding degree with three levels of distinction. In order to graduate with distinction, students must have 60 graded IU credit hours.

The levels of distinction, which are printed on the IU diploma, are determined by the following grade point averages:

- 3.50-3.74 distinction
- 3.75-3.89 high distinction
- 3.90-4.00 highest distinction

Required Areas of Learning
Areas

- Arts and Humanities
- Capstone Experience
- Electives
- Science and Mathematics
- Social and Behavioral Sciences

The subject fields grouped under the three areas of learning follow. Similar subject fields from other colleges and universities may be applied toward fulfilling the area requirements.

Science and Mathematics

- Anatomy and physiology
- Astronomy
- Biology
- Biochemistry
- Chemistry
- Computer Science
- Data processing and information systems
- Geography
- Geology
- Mathematics
- Microbiology
- Physics

Other disciplines may qualify to fulfill the areas of learning and concentration. Please check with a General Studies advisor.

Arts and Humanities

- Afro-American Studies
- English
- Fine arts
- History
- Foreign language courses
Minority studies
Philosophy
Religious studies
Speech and communication
Theatre and drama

Other disciplines may qualify to fulfill the areas of learning and concentration. Please check with a General Studies advisor.

Social and Behavioral Sciences
- Afro-American studies
- Anthropology
- Economics
- Geography
- Political science
- Psychology
- Sociology
- Speech and communication

Other disciplines may qualify to fulfill the areas of learning and concentration. Please check with a General Studies advisor.

Electives
Students may select any of the courses offered by Indiana University or other schools to fulfill elective requirements. Students are encouraged to consult with their advisors and to concentrate their elective course work in subject fields related to their primary academic interest, a second area of expertise, and personal interests. Students are also encouraged to focus their learning by selecting minors available from the College of Arts and Sciences, the School of Business and Economics, and the School of Public and Environmental Affairs.

Capstone Experience
The General Studies Degree Program requires course work leading to a capstone experience. Completing a capstone experience enables you to demonstrate accomplishments in undergraduate education. It allows you to apply both academic and real-world experiences to the principles of undergraduate learning, thereby enabling you to understand the educational philosophy of a multidisciplinary education. Contact your general studies advisor for details.

Online BGS
General Studies, BGS - IU Northwest
Bachelor Of General Studies - Online

The Online Bachelor of General Studies provides a multidisciplinary course of study that fulfills traditional university requirements in liberal arts and sciences while enabling you to meet your specific goals. It is a fully accredited, broad-based liberal arts degree without a specific major.

As a student in the program, you must complete requirements in three learning areas: arts and humanities, science and mathematics, and social and behavioral sciences. In consultation with your academic advisor, you also complete electives that allow you to tailor your general studies degree to your individual needs. You receive a broad range of skills and knowledge that can further your current career and/or prepare you for professional programs or graduate school. To graduate with the Online BGS degree, you must complete the same requirements as those for the on-campus BGS degree. For additional degree requirements, please refer to the General Studies program section.

Your IU Northwest Online BGS degree prepares you for an infinite variety of careers.

As an IU Online student, you will receive personalized help and counseling in:
- Financial aid, including help finding and applying for loans and scholarships
- Math and writing tutoring

Application
Please see Admissions.

What's it like to take a program online?

- Earn a quality education
With the online degree programs, Indiana University Northwest gives you the opportunity to receive a top-quality education when you want it, where you want it. The faculty who teach our online courses are the same exceptional faculty who teach those courses on our campuses. Whether you're looking for an undergraduate education or want to continue advancing your career with a graduate degree, IU Northwest's Online's degree program options have something for everyone.

- Flexibility
Online learning gives you the flexibility and freedom to attend your classes whenever and wherever is most convenient for you. You can save time and money by being able to continue to work and by avoiding relocation or travel costs. You will be required to complete assignments in a certain timeframe, but in most instances, you can log in and complete coursework during the time of day that works best for you. Classes aren't tied to a certain time or day.

- Service you expect from a leading University
Online learners at IU Northwest have access to the same student services available to on-campus students. We're committed to providing you with the quality educational experience students have come to expect and desire from Indiana University, without needing to make sacrifices to the other commitments in your life.

Degree Requirements
Students in the BG program can obtain a bachelor degree, a second bachelor degree or a certificate (30 credit hour) degree. Requirements for all three are given below.

Bachelor of General Studies (B.G.S.) Requirements
Major Areas of Learning
- Arts & Humanities (12 credit hours in at least 2 disciplines)
- Science & Math (12 credit hours in at least 2 disciplines)
- Social & Behavioral Sciences (12 credit hours in at least 2 disciplines)
• Area of Concentration
Students must select one of the three major areas of learning (Arts & Humanities, Science & Math or Social & Behavioral) and take an additional 18 credit hours in at least 2 disciplines

Electives
66 credit hours total (with a minimum of 15 credit hours in the Arts & Sciences)

Total (120 cr.)

Other Requirements
Students must meet the 120 credit hour graduation requirement of the B.G.S. degree by satisfying the followin:

1. At least 69 credit hours of course work in the arts and sciences must be completed. No more than 21 of these credits may be taken in a single arts and sciences department or subject area.

2. No more than 30 of 51 credit hours allowed for course work outside the arts and sciences may be taken in any one school or technical program. (No more than 27 credit hours from the School of Business and Economics)

3. At least 30 credit hours of course work of the required 120 credits must be taken within the Indiana University campuses.

4. At least 20 credit hours of course work applied to the B.G.S. degree must be taken after the student is admitted to the General Studies Degree Program. These should be IU credit hours.

5. At least 30 credit hours of the required 120 credit hours must be taken at the upper-division level. Upper-division course work is numbered in the 300s and 400s.

6. In order to apply courses to the required areas of learning, a grade of C- or higher must be achieved in IU courses.

7. In order to graduate, a student must have a General Studies Degree Program and Indiana University grade point average of at least 2.0.

Certificate in General Studies Requirements
The Certificate of General Studies is a 30-credit program emphasizing the liberal arts and sciences. Students are required to take 6 credit hours each in the following areas: arts & humanities, science & math and social and behavioral sciences and 12 credit hours in electives. English composition and public speaking are also required.

Requirements for a Second Bachelor’s Degree
Normally, the holder of a baccalaureate degree who wishes to pursue a further educational goal is encouraged to become qualified for admission to a graduate degree program. In certain cases, however, a student may be admitted to candidacy for the B.G.S. degree.

After admission to the General Studies Degree Program, bachelor’s degree candidates must earn

• At least 30 credit hours of the required 120 from Indiana University if they have not previously earned credit from the Indiana University system

• A minimum of 20 credit hours acceptable for the B.G.S. degree after admission to the General Studies Degree Program

• All requirements for the Bachelor of General Studies degree

Recognition of Previously Earned Credit
Many students in the General Studies Degree Program have previously earned academic credit at Indiana University or at other institutions. They may also be eligible for credit by examination or for the award of credit for college-level learning gained through life experiences (self-acquired competency or portfolio credit). Please see an academic advisor for more details.

Credits from Indiana University
Please see the BGS academic advisor for detail on credit by examination.

Credits Eligible for Transfer from Institutions Other than Indiana University
A maximum of 90 credit hours at an institution other than Indiana University can be applied to the B.G.S. degree, provided that grades are at least C. In order for transfer credit to be applied to any of the required areas of learning, courses taken must be equivalent in nature to those offered by Indiana University in these areas. Courses taken at another institution in which the student received the grade of C– or below will not be transferable for credit. In addition, there is a 64 credit hour maximum for courses applied toward the B.G.S. degree from community/associate’s colleges.

Students who have been dismissed from another postsecondary institution cannot be admitted to the General Studies Degree Program until at least one calendar year has passed since the date of dismissal. University regulations require that the admissions office indicate on the credit transfer report any deficiencies in grade point average (grade point average below 2.0 on a 4.0 scale) at another institution.

Credit by Examination at Other Institutions
If the transcript indicates credit by examination, and if students do not enroll in sequential courses to validate their knowledge in the subject matter, credit will be granted only on the basis of review by the appropriate academic department of Indiana University.

Credits Awarded for Educational Programs in Noncollegiate Organizations
Where relevant to the academic program sponsored by the General Studies Degree Program, the Program will consider the evaluation and credit recommendations of the two publications below as a guide in awarding credit to
persons who have successfully completed noncollegiate or in-company sponsored instruction:

- American Council on Education, *The National Guide to Educational Credit for Training Programs*
- University of the State of New York, *A Guide to Educational Programs in Noncollegiate Organizations*

**Credit for Self-Acquired Competencies (SAC)**

The General Studies Degree Program recognizes that students do gain college-level knowledge and understanding through various life experiences that are equivalent to the subject matter of specific courses in the university curriculum or that may be recognized as general elective credit. Students who believe themselves eligible for such credit are encouraged to accelerate their college programs by discussing their background in detail with the General Studies Degree Program advisor.

**Transfer of Self-Acquired Competencies Credit within the Indiana University System**

Self-acquired competencies credit awarded by the faculty of one Indiana University campus is recorded and explained on the permanent record of the student in the system-wide office. The student should be aware, however, that such credit would not necessarily be honored by other degree programs of Indiana University or by other institutions.

**Transfer of Self-Acquired Competencies Credit from Other Institutions**

Up to 15 hours of the possible credit toward the B.G.S. degree will be awarded for self-acquired competencies previously recognized by other accredited postsecondary institutions. Additional hours of self-acquired competencies credit from other institutions must be reviewed in the same manner as other Indiana University self-acquired competencies credit. The total amount (transfer and IU) is 30 credit hours. Please consult the BGS advisor for details.

**Military Service and Law Enforcement Credit**

Veterans of military service and military and law enforcement personnel on active duty are eligible for academic credit as a result of their training and experience. The General Studies Degree Program follows the provisions of the American Council on Education's *Guide to Evaluation of Educational Experiences in the Armed Services* in granting credit. Copies of official discharge, separation papers, certificates of completion (in-service schools), or transcripts must be submitted as a basis for granting credit. Consult the BGS advisor for detail.

**Bachelor of Applied Science**

The Bachelor of Applied Science (BAS) is an interdisciplinary degree designed for students who have completed an Associate of Applied Science (AAS) degree and who would benefit from a Bachelor’s degree for career or personal advancement. The BAS gives students the unique opportunity to apply sixty of their technical AAS credits to an Indiana University bachelor’s degree. Since the credits accumulated in these types of programs do not readily transfer to traditional baccalaureate programs, the BAS degree was designed to provide students with an opportunity to advance their professional skills. The BAS is a very flexible degree. Every student could design his or her own program of study. Students will work closely with an academic advisor to select a set of classes that best fits his or her individual needs. Not only can students build a unique curriculum that aligns with his or her educational and career goals, but students can complete the degree while taking only classes on campus, taking only classes offered online, or any combination of the above. The BAS degree is a joint degree program by all five IU-managed regional campuses. The joint degree format permits the campuses to share faculty resources and thereby provide educational opportunities to students in their regions that those students might not otherwise have. Students may take BAS courses from any of the five campuses and have those courses apply to their BAS degree at their home campus.

**Admission**

The Bachelor of Applied Science is a degree-completion program, and all incoming students must have an Associate of Applied Science (AAS) degree from a regionally accredited community college. This degree is not available for traditional freshmen. Please speak with an advisor if you have any questions.

**Degrees Awarded with Distinction**

The Bachelor of Applied Science Program recognizes outstanding performance in course work by awarding degrees with three levels of distinction: distinction, high distinction, and highest distinction. In order to graduate with distinction, students must have at least 60 graded IU credit hours towards the BAS degree. (Pass/fail and self-acquired competency credits and courses not applicable to the degree such as remedial courses are not counted in calculating the number of credit hours.) Courses with S grades (not self-acquired competency) are counted in these 60 hours.

The levels of distinction, which are printed on both the student’s transcript and the IU diploma, are determined by the overall cumulative grade point average of each graduating class and generally approximates the following GPAs:

- 3.50-3.74 distinction
- 3.75-3.89 high distinction
- 3.90-4.00 highest distinction

**Required Areas of Study**

The curriculum consists of 120 credit hours (60-64 of those are transferred in from an accredited community college). The courses are divided between four specific sets of courses:

- General education courses (can be taken at IU Northwest or transferred in)
- Applied science courses (transferred from an accredited community college)
• Required BAS Core Courses (18 credits from required competencies)
• Required track courses
• Electives

Currently, there are two available tracts: 1) Health Management and 2) Interdisciplinary. Using the Interdisciplinary Tract, you can create your own program designed to meet the goals of the individual student. In addition, several other tracts may be added. Please see a General Studies advisor (980-6828) for more information and for a complete curricular mapping of each concentration. Consult the website for program updates at www.iun.edu and search BAS Program.

Required Courses
Course requirements fall into five categories, and are defined by student learning outcomes.

1. General Education (varies by campus) 30 - 42 hours

Using the Statewide General Education Core as the basis, campuses will retain their own general education curriculum. Some campuses require more than the 30 hours in the SGEC. However, many AAS degree-holders will have earned 9 – 15 credit hours in general education as part of their AAS degree, and those courses are expected to count toward the general education requirements of each campus.

2. Applied Science Courses (transferred in from an AAS degree) 48 - 51 hours

3. BAS Core (required) 18 hours

Students take courses that meet the following learning outcomes:

1. Demonstrate knowledge and skills in accounting and bookkeeping.
2. Demonstrate knowledge and skills in economics.
3. Demonstrate knowledge and skills in legal, ethical, social, and/or international topics.
4. Demonstrate knowledge and skills in supervision.
5. Demonstrate knowledge and skills in marketing.
6. Demonstrate knowledge and skills in communication.

4. BAS Track (one required) 12 hours

Students must select either the Health Care Management track or the Individualized track.

The Health Care Management track is designed to appeal to individuals who hold an AAS degree in one of the many health care fields (such as Medical Assisting, Health Care Support, Paramedic Science, and Medical Laboratory Technology). In this track, students take courses that meet the following learning outcomes:

1. Compare and contrast the U.S. health-care system, including reimbursement, with other systems around the world.
2. Demonstrate an understanding of the ethical, legal, financial, and political factors that influence the provision of health services in the U.S.

3. Evaluate access to and cost of US health care, including reimbursement practices, for different types of care.
4. Effectively assess and implement improvements in clinical care, customer service, and human resource planning in a health care setting.
5. (Capstone) Integrate knowledge and skills and apply to health management issues or challenges.

The Individualized track is a highly flexible track designed to meet the needs of many different AAS degree holders. For example, a student with an AAS in Criminal Justice who wants to advance his or her career in criminal justice might design a track to include upper-division courses in Criminal Justice, Public Affairs, or (if he or she works with youth offenders and their families) Sociology and Psychology. A student with an AAS in Design Technology who wishes to change careers might select courses in web development and graphic design. A student with an AAS in Advanced Manufacturing who has a goal of becoming a supervisor or manager might choose courses emphasizing human resource development, communication, and other management skills.

In this track, students select 12 hours of courses based on their individual interests, backgrounds, and needs. One of these courses will be a required capstone course. The learning outcomes for this track are as follows:

1. Demonstrate the ability to think critically in the fields studied.
2. Effectively present central ideas, issues, and methods of inquiry specific to the fields studied.

Apply knowledge and skills from general education, the BAS core, and the Individualized Track to issues or challenges in their area of technical expertise.

5. Electives 0 - 12 hours

Courses counted toward the concentration must be taken for a letter grade. Students must maintain an overall GPA of 2.0 or higher. As per IU campus policy, at least 30 hours must be at the 300 level or higher.

Overview
The College of Arts and Sciences offers four Masters degree programs: a Master of Liberal Studies (M.L.S.), a Master of Science in Clinical Counseling with a Specialization in Drug and Alcohol Counseling (M.S.C.C.), a Master of Science in Computer Information Systems (M.S. in CIS), and a Master of Arts in English (M.A. in English).

Master of Science in Clinical Counseling with Specialization in Drug and Alcohol Counseling
The Master of Science in Clinical Counseling with Specialization in Drug and Alcohol Counseling (M.S.C.C.) program is designed for students who wish to prepare for careers and licensure in the field of addictions treatment. Drug and alcohol addictions remain one of the most vexing problems facing the region, the state, and society in general. While addictions are powerful and can have harmful consequences, they respond well to treatment. Unfortunately, there exists a shortage of therapists who are prepared with graduate-level knowledge and skills in addictions treatment. The M.S.C.C. Program is designed to provide this background. Students will gain basic knowledge about pharmacology, abnormal psychology, theories of addictions, and treatment options. Students will develop and practice counseling skills and learn how to evaluate treatment methods and techniques. Graduates will be able to work in this rewarding field and will be able to pursue licensure.

Master of Liberal Studies
The Master of Liberal Studies (M.L.S.) program is unique. It does not provide a rigid schedule of courses or focus on one particular specialty. It is inherently interdisciplinary. It is designed for students who love to learn new ideas and discuss them with others. It is designed for students who are curious about the world – about art, literature, science, politics, human nature and history. It is for people who want to explore new worlds and who enjoy meeting others who want to join the expedition. It is designed for students who wish to combine several academic areas into one tailored degree program. Students select a sequence of graduate level courses to create their own path of study. It allows students to explore questions of enduring concern and contemporary urgency in the arts, humanities, behavioral sciences, social sciences, life sciences, and physical sciences. In doing so, the program provides students with opportunities to engage their curiosity in an intellectual exploration of the world of ideas. The rewards of the pursuit of knowledge go beyond intellectual satisfaction. Students will gain fresh perspectives and will hone the creative, critical thinking, decision making, analytical, and communication skills that are so valued in today’s workplace. Uniquely among graduate programs, the M.L.S. helps students understand the broader context of their ideas, path of study, and fields of work, learn to analyze problems from a variety of perspectives, will stimulate students to find connections between their studies and their personal and professional lives, and encourages a lifelong commitment to learning, free inquiry and the life of the mind.

Master of Science in Computer Information Systems
The Master of Science in Computer Information Systems program is designed for students who desire to advance their careers in information technology. The Master of Science (M.S) in Computer Information Systems (CIS) consists of 30 credit hours. A project/internship component of 3 credit hours is part of the core requirements. Students will complete all the core requirements of 18 credit hours and choose 12 credit hours of electives offered based on faculty expertise and market demands. A full-time student could complete the Master’s degree in two years.

Master of Arts in English
This 100 percent online, consortial program is taught by IU Bloomington, IUPUI, IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.

The IU Online Master of Arts in English provides broad training in the primary areas of English studies. As a student in the program, you explore the core principles of writing and literature pedagogy, the linguistic structure and history of English literature, and a wide variety of reading strategies associated with genre and close reading. You gain skills and knowledge to conduct archival research, develop analytical and presentation skills through the focused study of literature in a seminar format, and acquire an appreciation of current trends in the field of digital humanities.

Policies and Procedures
The general regulations and policies detailed in this bulletin apply to all students in the college’s graduate and post-baccalaureate programs.

General Scholarship Rule
Any student who does not possess the necessary preliminary training or who lacks other qualifications may be required by the college to enroll in such courses designated by the college or other corrective actions as is necessary or desirable. The college may review a student's record at any time and take whatever actions seem necessary for the best interest of that student or the college. Any student whose work is unsatisfactory or whose conduct is unethical may be dismissed from the college.

Academic Regulations
Students must have their programs of study approved by the program director. Courses at the 300 or 400 level that are available to be taken for graduate credit as a graduate level class will include additional assignments beyond those required for undergraduate credit. Enrollment in such courses requires the approval of the instructor and of the program director. It is sometimes possible for a student to take a graduate level course at IUN or elsewhere that can count as an elective in the graduate program; permission for this must be given by the program director before the student registers. Students who have graduate course credits before they enroll in one of the graduate programs may have some credits transferred into the program, but such transfers of credits will not be considered until the student has demonstrated satisfactory progress in their current program. Courses used for another degree or certificate cannot also be used to satisfy graduate program requirements.
An average grade of B (3.0) is required for graduation, and no course with a grade lower than B-(2.7) will be counted toward the degree. Students are required to retain good academic standing, i.e., to maintain a GPA of at least 2.7. Failure to maintain good standing may result in dismissal from the program. Students whose GPA falls below 3.0 are considered to be on probation; they must earn at least a B- in each of their next two classes with a 3.0 GPA in those two classes in order to continue in the program. Other academic regulations and policies are established by the Graduate Studies Committees of the College of Arts and Sciences. Students should consult their program director for further information.

Master of Science in Clinical Counseling

Admission

Students are admitted to the Master of Clinical Counseling program by the MSCC Admissions Committee of the Psychology Department. To be considered for admission, students must hold a bachelor’s degree from an accredited institution and an undergraduate grade point average of at least 3.0. Students with a GPA slightly below 3.0 who are returning to college with relevant work experience in a health or human services agency may be considered. The goal is to select applicants who can successfully complete graduate study and work successfully in the field of addictions counseling.

Curriculum

A. Drug and Alcohol Addictions Counseling Core Courses-(24 cr.)
   - PSY - P535 Introduction to Addictions Counseling (3 cr.)
   - PSY - P641 Assessment (3 cr.)
   - PSY - P538 Professional Issues in Addictions Counseling (3 cr.)
   - PSY - I501 Multicultural Counseling (3 cr.)
   - PSY - P562 Advanced Skills in Counseling (3 cr.)
   - PSY - P556 Group and Family Counseling (3 cr.)
   - PSY - P662 Advanced Life-Span Development (3 cr.)
   - PSY - P667 Neuropsychopharmacology (3 cr.)
   - PSY - P624 Principles of Psychopathology (3 cr.)

B. Practica – must complete 9 credit hours
   - PSY - P694 Internship in Counseling Psychology

C. Electives
   - PSY - I521 Introduction to Applied Behavior Analysis (3 cr.)
   - PSY - P631 Intervention and Evaluation (3 cr.)
   - PSY - P634 Advanced Survey of Community Psychology (3 cr.)
   - PSY - P898 Master's Degree Research (3 cr.)
   - Phil - P694 Biomedical Ethics (3 cr.)
   - SPEA - V582 Public Program Evaluation (3 cr.)

Master of Liberal Studies

Admission

Students are admitted to the Master of Liberal Studies program by the M.L.S. Committee of the College of Arts and Sciences. To be considered for admission, students must hold a bachelor's degree from an accredited institution and should have obtained an undergraduate grade point average of at least 3.0. Students with a GPA slightly below 3.0 for a recent degree may be admitted on probation, as well as students with a lower GPA who are returning to college after a long absence with a fresh motivation to learn. Students admitted on probation must earn at least a B- in each of their first two classes with a 3.0 GPA in order to continue in the program. The goal is to select applicants who can successfully complete graduate study and for whom the MLS program will prove to be enriching.

Academic Curriculum

The M.L.S. requires the completion of at least 11 courses (minimum of 33 credits). Early in their programs, students take a proseminar as introduction to graduate liberal studies and interdisciplinary methodology, and at least three core seminars, one each in the humanities, the sciences, and the social sciences. Seminars combine detailed study of a particular topic with a broad interdisciplinary examination of ways of understanding. The M.L.S. program draws on faculty with diverse expertise to explore topics through a multidisciplinary approach. The program is designed to allow students flexibility to fashion a course of study that blends their interests, talents and experience. Students, under guidance of their faculty advisor, may choose graduate courses and seminars in a variety of disciplines within the College of Arts and Sciences. If the student chooses, the program can culminate with a thesis or alternative project that will grow out of the information and methodologies acquired throughout the course work.

Proseminar (required)

   - LIBS D510 Introduction to Graduate Liberal Studies (3 cr.)

Core Seminars (all three required)

Each of the core courses is a graduate seminar combining detailed study of particular topics with broad interdisciplinary perspectives. These courses give students the opportunity to explore the connections that exist among the diverse disciplines and perspectives that define contemporary knowledge. Students may repeat core seminars (each may be taken up to two more times with a different topic).

   - LIBS D501 Humanities Seminar Core Seminar (3 cr.)
   - LIBS D502 Social Sciences Seminar Core Seminar (3 cr.)
   - LIBS D503 Science Seminar Core Seminar (3 cr.)

Electives (no specific requirements)

Electives offer students a wide variety of choices with which to create programs of study suited to their individual interest. These elective courses may be selected to build support and background for the graduate project, or to enable students to more ably participate in the public intellectual, artistic, and cultural life of their communities.

   - LIBS D511 M.L.S. Humanities Elective (3 cr.) may each be repeated (with different topics) as many times as needed to complete the students' goals
• LIBS D512 M.L.S. Social Science Elective (3 cr.) may each be repeated (with different topics) as many times as needed to complete the students' goals
• LIBS D513 M.L.S. Science Elective (3 cr.) may each be repeated (with different topics) as many times as needed to complete the students' goals
• LIBS D514 Graduate Liberal Studies Overseas Study (max 6 cr.)
• LIBS D594 Liberal Studies Directed Readings (max 6 cr.)
• LIBS D596 Liberal Studies Independent Research (max 6 cr.)
  • M.L.S. students may take no more than a total of 6 credit hours of D594 and D596 combined.
• LIBS D501 Humanities Seminar Core Seminar (3 cr.)
• LIBS D502 Social Sciences Seminar Core Seminar (3 cr.)
• LIBS D503 Science Seminar Core Seminar (3 cr.)

Independent Research / Creative Activity Option

The Independent Research/Creative Activity Option offers students the opportunity to work closely with a faculty committee and to complete a final project designed around their unique interests. Students must take 12 credits of electives and then successfully complete their program with a graduate project. The graduate project is an independent scholarly enterprise in which the student demonstrates mastery of a specific topic. Examples include a thesis, a computer program, a translation of a work of literature, or an artistic composition or performance.

Requirement
• LIBS D601 M.L.S. Project Proposal Seminar (3 cr.)
• LIBS D602 Graduate Project (3-6 cr.)

Public Intellectual Option

Upon completion of two additional core seminars and 12 credits of electives, the Public Intellectual Option offers students the opportunity to work within a learning community made up of other students and led by a faculty facilitator to explore the variety of genres through which public intellectuals communicate, and to create their own portfolio of public intellectual work to be submitted for completion of the M.L.S. degree. The public intellectual coursework must be taken at IU Northwest.

Requirement
• LIBS D600 Public Intellectual Practicum (3 cr.)

Master of Liberal Studies ONLINE

This 100 percent online, consortial program is taught by IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.

The Master of Liberal Studies (MLS) provides graduate instruction in three areas: arts and humanities, social sciences, and natural sciences. Students in the program obtain advanced skills and knowledge in these areas and an ability to approach problems with an interdisciplinary perspective.

The program is open to students who have completed an undergraduate degree with a minimum 3.0 grade point average.

Of Special Interest for Dual-Credit and Community College Instructors Needing to Meet HLC Standards

The MLS may hold special appeal for community college, dual-credit, or other post-secondary instructors who have completed specialized coursework via an IU Online graduate certificate in biology, communication studies, composition studies, chemistry, history, language and literature, literature, mathematics, or political science. As many as 18 to 20 credits from these certificates will apply to MLS degree requirements.

The combination of discipline-specific certificate courses, plus the unique interdisciplinary core and capstone experience of the MLS, will help these instructors integrate new concepts and approaches into their teaching, thereby improving the quality of instruction and learning outcomes for their students.

The Higher Learning Commission (HLC) requires all high school teachers who teach dual-credit or other college-level courses to hold a master's degree in the field, or to have a master's degree in another area, plus at least 18 credit hours of graduate coursework in the discipline. Because this program enables students to complete a master's degree and discipline-specific coursework, it fulfills this requirement.

Additionally, the program allows students to transfer up to 20 previously earned credits from IU graduate certificate programs. Students who have earned credits from a different accredited college or university may transfer up to 6 credits.

Degree Requirements

To earn a Master of Liberal Studies, you must complete 34 to 36 credit hours.

Requirements are broken down as follows:
• Core courses (13 credit hours)
• Electives/certificates (12-20 credit hours)
• Capstone experience (3-9 credit hours)

Capstone Experience Options

Traditional Thesis. Original research or analysis encompassing literature from at least two different disciplinary perspectives. The thesis must be written in scholarly format, with the appropriate citation format and extensive references. The literature review developed for the thesis proposal should serve as the initial component of the thesis. Typical thesis length: 50 or more pages.

Creative Project. Students who focus their MLS program on a creative field may complete a creative project for their MLS capstone. Creative work may include writing, art, and performance. The creative work must be accompanied by an explanatory essay encompassing material from at least two different disciplinary perspectives. The essay must be written in scholarly format, with appropriate citation format and appropriate references. The literature review developed for the capstone proposal may serve as the
basis of the explanatory essay. Typical length of the explanatory essay: 20 to 35 pages.

**Peer-Reviewed Publication.** Students may focus their capstone work on a peer-reviewed publication in a professional forum. Examples include articles in professional journals, investigative journalism published in a major newspaper, or a book published by a reputable press. The publication must be accompanied by an explanatory essay encompassing material from at least two different disciplinary perspectives. The essay must be written in scholarly format, with appropriate citation format and appropriate references. The literature review developed for the capstone proposal may serve as the basis of the explanatory essay. Typical length of the explanatory essay: 20 to 35 pages.

**Applied Project.** Students may focus their capstone project on their current place of employment, internship, or practicum. The applied project should be designed to benefit both the student and the employer and can be focused narrowly on a specific issue or problem relevant to the employer. A complete literature review and an effectively designed methodology will support the value of the project. Typical length: 50 or more pages.

**Public Intellectual Capstone Course.** The public intellectual option offers students the opportunity to work within a learning community made up of other students and led by a faculty facilitator to explore the variety of media through which public intellectuals communicate. Students create their own portfolio of public intellectual work to be submitted for completion of MLS degree requirements. This option is fulfilled during the course, LBST-D 600, Public Intellectual Practicum.

For more information on the MLS (ONLINE) see [https://online.iu.edu/program/indiana-university-online-master-of-liberal-studies-master-1570022722856](https://online.iu.edu/program/indiana-university-online-master-of-liberal-studies-master-1570022722856).

**M.S. in Computer Information Systems (CIS)**

**Program Description and Admission**

The Master of Science in Computer Information Systems program is designed for students who desire to advance their careers in information technology. The Master of Science (MS) in Computer Information Systems (CIS) consists of 30 credit hours with a minimum grade of B- in each course and a 3.0 overall GPA. A project/ internship component of 3 credit hours is part of the core requirements. Students will complete all the core requirements of 18 credit hours and choose 12 credit hours of electives offered based on faculty expertise and market demands. The department may offer additional electives from time to time. A full-time student could complete the Master’s degree in two years.

To be considered for admission to the MS in CIS program, students must hold a bachelor's degree from an accredited institution in any field. If the field of major is related to CIS, students are eligible to be admitted directly into the graduate program. If the field of major is not related to CIS, students will be admitted conditionally.

Students should have obtained an undergraduate grade point average of at least 3.0. Students with a GPA slightly below 3.0 who are returning to college with relevant work experience may be admitted if their applications contain sufficient evidence of their skills and ability to succeed in graduate work.

Graduate Record Examination (GRE) scores are not required. Applications will be reviewed on a rolling basis.

For questions, contact: Dr. Bhaskara Kopparty, Computer Information Systems Department: 219-980-6638, or come visit us: Hawthorn Hall, Room 325.

**Program Objectives and Goals**

The objective of this program is to prepare graduates with a sound basic understanding of computers coupled with knowledge of systems and applications in computer science. The coursework will cover advanced applications and will prepare students for employment at an advanced level.

Graduates from the MS in CIS program will be informed critical thinkers, be proficient in their chosen medium, and have advanced knowledge of computer information systems.

This Master’s degree can prepare students for continued advance study, including doctoral degrees in computer science or informatics. Students with a Bachelor’s degree will find the MS in CIS as a path to advanced employment in a number of IT related occupations, such as business analyst, data analyst, information security analyst, computer and information systems analyst, and project manager. Each of these occupations currently is in high demand.

The goals of this Master’s degree are to develop proficiency in the practice of computing and to prepare students for professional leadership roles. Each graduate should be able to:

- Formulate solutions to computing problems
- Analyze and compare alternative solutions to computing problems
- Design and implement effective solutions to computing problems
- Apply sound principles to the synthesis and analysis of computer systems
- Work effectively in teams to design and implement solutions to computational problems
- Communicate effectively, both orally and in writing
- Think critically and creatively, both independently and with others
- Recognize the social and ethical responsibilities of a professional working in the discipline
- Seek out, develop, and adapt to new developments in the field of computer science

**Curriculum**

**Core Courses – 18 credit hours**

- Introduction to Artificial Intelligence (CSCI B551) – 3 credit hours
- Information Systems Development (CSCI P532) – 3 credit hours
- System and Protocol Security & Information Assurance (INFO I533) – 3 credit hours
• Advanced Web Page Development (CSCI C605) – 3 credit hours
• Informatics Project Management (INFO B505) – 3 credit hours
• Independent System Development (CSCI Y790) – 3 credit hours

Elective Courses – 12 credit hours
Electives: At least half of all Elective credits must be in courses numbered 600 or above.
• Data Analysis Using R (CSCI C504) – 3 credit hours
• Business Intelligence Using SAP (CSCI C603) – 3 credit hours
• Predictive Analytics and Data Mining (CSCI B565) – 3 credit hours
• UNIX LINUX Administration (CSCI C606) – 3 credit hours
• Topics in Systems (CSCI B649) - 3 credit hours

Master of Arts (M.A.) English
This 100 percent online, consortial program is taught by IU Bloomington, IUPUI, IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.

The IU Online Master of Arts in English provides broad training in the primary areas of English studies.

As a student in the program, you explore the core principles of writing and literature pedagogy, the linguistic structure and history of English literature, and a wide variety of reading strategies associated with genre and close reading. You gain skills and knowledge to conduct archival research, develop analytical and presentation skills through the focused study of literature in a seminar format, and acquire an appreciation of current trends in the field of digital humanities.

The MA in English has a two-part "stackable" structure.
• You first complete an online, 20 credit hour graduate certificate in literature, composition studies, or language and literature. The certificate allows you to acquire specialized knowledge.
• After you successfully complete one of the certificates, you take an additional 16 credits of master's-level coursework that extends the breadth and depth of your knowledge.

Of Special Interest for Dual-Credit and Community College Instructors Needing to Meet HLC Standards
The stackable structure of the MA in English is ideal for dual-credit and community college teachers who need to meet the Higher Learning Commission's instructor qualification standards. These standards require teachers to hold either a master's degree in their area of instruction or a master's degree in another discipline plus at least 18 credit hours of discipline-specific graduate coursework.
• If you hold a master's degree in a discipline other than your discipline of instruction, you can meet HLC's standards by completing one of the online certificates.
• If you need both discipline-specific coursework and a master's degree, the MA in English meets HLC standards and provides a comprehensive program of study in English.

Degree Requirements
To earn the MA in English, you must complete a total of 36 credit hours.
Requirements are broken down as follows:
• English graduate certificate (20 credit hours)
• MA core courses (8 credit hours)
• MA elective courses (8 credit hours)

For more information on the MA in English see https://online.iu.edu/program/indiana-university-online-english-master-1554222813478.

Postbaccalaureate Certificates
The College of Arts and Sciences offers postbaccalaureate certificates in three areas: Community Development and Urban Studies (contact Department of Minority Studies at 219-980-6629), Computer Information Systems (contact Department of Computer Information Systems at 219-980-6638), and Race-Ethnic Studies (contact Department of Minority Studies at 219-980–6629). The certificates are designed for mature students seeking career changes, career development, or lifelong learning objectives. The postbaccalaureate certificate options are open to anyone holding a bachelor’s degree from an accredited college or university. Students will receive instructions in the major certificate subject area and selected courses in Arts and Sciences related areas.

The complete range of academic counseling, career counseling, and placement services are available to postbaccalaureate certificate students (consult the IU Northwest Undergraduate Bulletin for details)

Graduate Certificates in English
These 100 percent online, consortial graduate certificates are taught by IU Bloomington, IUPUI, IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.

There are three graduate certificates in English that provide graduate-level instruction in English to students interested in obtaining advanced skills and knowledge in this discipline. For those students who are teaching or plan to teach introductory post-secondary language, writing, and literature courses in English or Dual-Credit classes, our courses will help them integrate disciplinary concepts and approaches into their teaching, thereby improving the quality of instruction and learning outcomes for their students.

Of Special Interest for Dual-Credit and Community College Instructors Needing to Meet HLC Standards
The stand-alone Certificate in Composition Studies provides the requisite number of discipline-specific graduate credits for those who already hold a master's degree. Students who need both the discipline-specific coursework and a master's degree may take the additional required English graduate classes to earn a master's in English.

Students may complete the requirements for a Graduate Certificate in English in one of three competency areas.
Online Graduate Certificate in Literature
Students must take one course in each of the numbered requirements.

1. ENG L503—Teaching Literature in College.
2. ENG L535—Studies in Literature.
3. ENG D600—History of the English Language.
4. ENG L500/600—Literature Elective.
5. ENG L500/600—Literature Elective.

Electives may be repeated for credit so long as they are on a different topic.

Online Graduate Certificate in Language and Literature
Students must take one course in each of the numbered requirements.

1. ENG W509—Introduction to Writing and Literary Studies or ENG W500—Issues in Teaching Writing and Literature.
2. ENG L503—Teaching Literature in College.
3. ENG D600—History of the English Language.
4. ENG W600—Topics in Rhetoric or Composition or ENG W682—Special Topics: Rhetoric and Composition or ENG W508—Creative Writing for Teachers.
5. ENG L500/600—Literature Elective.

Online Graduate Certificate in Composition Studies
Students must take one course in each of the numbered requirements.

1. ENG W509—Introduction to Writing and Literary Studies or ENG W500—Issues in Teaching Writing and Literature.
2. ENG G660—Stylistics.
3. ENG W590—Teaching Writing: Theories and Applications or ENG W620—Advanced Argumentative Writing.
4. ENG W501—Teaching College Writing or ENG W600—Topics in Rhetoric and Composition.
5. ENG W682—Capstone course.

Graduate Certificate in Communication Studies
The graduate certificate in Communication Studies is taught consortially by IUPUI, IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast.

The IU Online Graduate Certificate in Communication Studies provides graduate-level instruction in communication strategies, practices, and techniques. It teaches practical communication skills needed in professional, academic, and personal contexts, such as presenting information, arguing a position, promoting a cause, presenting information via social media, designing targeted messages, and managing relations and conflicts.

Of Special Interest for Dual-Credit and Community College Instructors
In addition to providing a program of study in communication studies at the graduate level, the IU Online Graduate Certificate in Communication Studies meets the Higher Learning Commissions (HLCs) instructor qualification standards, which require instructors to hold a master's degree in their area of instruction or a master's degree in another discipline, plus a minimum of 18 credit hours of discipline-specific graduate coursework.

This stand-alone certificate provides the HLCs requisite number of discipline-specific graduate credits for those who already hold a master's degree.

Your IU Online Graduate Certificate in Communication Studies prepares you for such careers as:

- Communication dual-credit teacher (high school)
- Communication instructor (community college)
- Communication professional in an organization or institution

Certificate Requirements
To earn the Graduate Certificate in Communication Studies, you must complete 18 credit hours.

Requirements are broken down as follows:

- Communication pedagogy course (3 cr. hours)
- Communication in context courses (9 cr. hours)
- Communication in media course (3 cr. hours)
- Communication elective course (3 cr. hours)

For more information on the Graduate Certificate in Communication Studies see https://online.iu.edu/program/indiana-university-online-communication-studies-graduate-certificate-certificate-1564146606248.

Graduate Certificate in Mathematics
This 100 percent online program is taught by IU East, IU Kokomo, IU Northwest, IU South Bend, and IU Southeast. This consortial model allows you to take coursework from multiple campuses and benefit from the expertise and experience of a diverse faculty.

The Graduate Certificate in Mathematics provides graduate-level instruction in mathematics to students interested in obtaining advanced skills and knowledge in this area.

These may include instructors of finite mathematics, calculus and other introductory college-level mathematics courses. The certificate curriculum provides the knowledge and expertise needed to integrate new mathematical concepts and approaches into teaching.

Of Special Interest for Dual-Credit and Community College Instructors
The Higher Learning Commission (HLC) requires all high school teachers who teach dual-credit or other college-level courses to hold a master's degree in the field, or to have a master's degree in another area (such as education), plus at least 18 credit hours of graduate coursework in the discipline. The Graduate Certificate in
Mathematics provides these 18 discipline-specific credit hours.

**Certificate Requirements**

To earn the Graduate Certificate in Mathematics, you must complete 18 credit hours. Requirements are broken down as follows:

- Mathematics core courses (9 credit hours)
- Mathematics elective courses (9 credit hours)

You choose courses from the following areas of study: algebra, analysis, typology and geometry, differential equations and applications, and probability and statistics.

For more information on the Graduate Certificate in Mathematics see [https://online.iu.edu/program/indiana-mathematics-graduate-1515523342857](https://online.iu.edu/program/indiana-mathematics-graduate-1515523342857).

**English Graduate Coursework**

The selection of courses for graduate programs in English at Indiana University Northwest must be done with departmental graduate counselors in the School of Education.
